12-10-203. Application for license - rules - definition. (1) (a) All persons desiring to become real estate brokers shall apply to the commission for a license under the provisions of this part 2. Application for a license as a real estate broker shall be made to the commission upon forms or in a manner prescribed by the commission.

(b) (I) Prior to submitting an application for a license pursuant to subsection (1)(a) of this section, each applicant shall submit a set of fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal

history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation. The applicant shall pay the fee established by the Colorado bureau of investigation for conducting the fingerprint-based criminal history record check to the bureau. Upon completion of the criminal history record check, the bureau shall forward the results to the commission. The commission shall acquire a name-based criminal history record check, as defined in section 22-2-119.3 (6)(d), for an applicant who has twice submitted to a fingerprint-based criminal history record check and whose fingerprints are unclassifiable or when the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this subsection (1)(b)(I) reveal a record of arrest without a disposition. The applicant shall pay the costs associated with a name-based criminal history record check.

(II) For purposes of this subsection (1)(b), "applicant" means an individual, or any person designated to act as broker for any partnership, limited liability company, or corporation pursuant to subsection (6) of this section.

(2) Every real estate broker licensed under this part 2 shall maintain a place of business within this state, except as provided in section 12-10-208. In case a real estate broker maintains more than one place of business within the state, the broker shall be responsible for supervising all licensed activities originating in the offices.

(3) The commission is authorized by this section to require and procure any such proof as is necessary in reference to the truthfulness, honesty, and good moral character of any applicant for a real estate broker's license or, if the applicant is a partnership, limited liability company, or corporation, of any partner, manager, director, officer, member, or stockholder if the person has, either directly or indirectly, a substantial interest in the applicant prior to the issuance of the license.

(4) (a) An applicant for a broker's license shall be at least eighteen years of age. The applicant must furnish proof satisfactory to the commission that the applicant has either received a degree from an accredited degree-granting college or university with a major course of study in real estate or has successfully completed courses of study, approved by the commission, at any accredited college or university or any private occupational school that has a certificate of approval from the private occupational school division in accordance with the provisions of article 64 of title 23 or that has been approved by the commission or licensed by an official state agency of any other state as follows:

(I) Forty-eight hours of classroom instruction or equivalent correspondent hours in real estate law and real estate practice; and

(II) Forty-eight hours of classroom instruction or equivalent correspondent hours in understanding and preparation of Colorado real estate contracts; and

(III) A total of seventy-two hours of instruction or equivalent correspondence hours from the following areas of study:

(A) Trust accounts and record keeping;

(B) Real estate closings;

(C) Current legal issues; and

(D) Practical applications.

(b) An applicant for a broker's license who has been licensed as a real estate broker in another jurisdiction shall be required to complete only the course of study comprising the subject matter areas described in subsections (4)(a)(II) and (4)(a)(III)(B) of this section.

(c) An applicant for a broker's license who has been licensed as a real estate salesperson in another jurisdiction shall be required to complete only the course of study required in subsections (4)(a)(II) and (4)(a)(III) of this section.

(5) (a) The applicant for a broker's license shall submit to and pass an examination designated to determine the competency of the applicant and prepared by or under the supervision of the commission or its designated contractor. The commission may contract with an independent testing service to develop, administer, or grade examinations or to administer licensee records. The contract may allow the testing service to recover the costs of the examination and the costs of administering exam and license records from the applicant. The commission may contract separately for these functions and allow recovered costs to be collected and retained by a single contractor for distribution to other contractors. The commission shall have the authority to set the minimum passing score that an applicant must receive on the examination, and the score shall reflect the minimum level of competency required to be a broker. The examination shall be given at such times and places as the commission prescribes. The examination shall include, but not be limited to, ethics, reading, spelling, basic mathematics, principles of land economics, appraisal, financing, a knowledge of the statutes and law of this state relating to deeds, trust deeds, mortgages, listing contracts, contracts of sale, bills of sale, leases, agency, brokerage, trust accounts, closings, securities, the provisions of this part 2, and the rules of the commission. The examination for a broker's license shall also include the preparation of a real estate closing statement.

(b) An applicant for a broker's license who has held a real estate license in another jurisdiction that administers a real estate broker's examination and who has been licensed for two or more years prior to applying for a Colorado license may be issued a broker's license if the applicant establishes that he or she possesses credentials and qualifications that are substantively equivalent to the requirements in Colorado for licensure by examination.

(c) In addition to all other applicable requirements, the following provisions apply to brokers that did not hold a current and valid broker's license on December 31, 1996:

(I) No such broker shall engage in an independent brokerage practice without first having served actively as a real estate broker for at least two years. The commission shall adopt rules requiring an employing broker to ensure that a high level of supervision is exercised over such a broker during the two-year period.

(II) No such broker shall employ another broker without first having completed twenty-four clock hours of instruction, or the equivalent in correspondence hours, as approved by the commission, in brokerage administration.

(III) Effective January 1, 2019, a broker shall not act as an employing broker without first demonstrating, in accordance with rules of the commission, experience and knowledge sufficient to enable the broker to employ and adequately supervise other brokers, as appropriate to the broker's area of supervision. The commission's rules must set forth the method or methods by which the broker may demonstrate the experience and knowledge, either by documenting a specified number of transactions that the broker has completed or by other methods.

(6) (a) Real estate brokers' licenses may be granted to individuals, partnerships, limited liability companies, or corporations. A partnership, limited liability company, or corporation, in its application for a license, shall designate a qualified, active broker to be responsible for management and supervision of the licensed actions of the partnership, limited liability company, or corporation and all licensees shown in the commission's records as being in the

employ of the entity. The application of the partnership, limited liability company, or corporation and the application of the broker designated by it shall be filed with the commission.

(b) No license shall be issued to any partnership, limited liability company, or corporation unless and until the broker so designated by the partnership, limited liability company, or corporation submits to and passes the examination required by this part 2 on behalf of the partnership, limited liability company, or corporation. Upon the broker successfully passing the examination and upon compliance with all other requirements of law by the partnership, limited liability company, or corporation, as well as by the designated broker, the commission shall issue a broker's license to the partnership, limited liability company, or corporation, which shall bear the name of the designated broker, and thereupon the broker so designated shall conduct business as a real estate broker only through the partnership, limited liability company, or corporation and not for the broker's own account.

(c) If the person so designated is refused a license by the commission or ceases to be the designated broker of the partnership, limited liability company, or corporation, the entity may designate another person to make application for a license. If the person ceases to be the designated broker of the partnership, limited liability company, or corporation, the director may issue a temporary license to prevent hardship for a period not to exceed ninety days to the licensed person so designated. The director may extend a temporary license for one additional period not to exceed ninety days upon proper application and a showing of good cause; if the director refuses, no further extension of a temporary license shall be granted except by the commission. If any broker or employee of any such partnership, limited liability company, or corporation, other than the one designated as provided in this section, desires to act as a real estate broker, the broker or employee shall first obtain a license as a real estate broker as provided in this section and shall pay the regular fee therefor.

(7) The broker designated to act as broker for any partnership, limited liability company, or corporation is personally responsible for the handling of any and all earnest money deposits or escrow or trust funds received or disbursed by the partnership, limited liability company, or corporation. In the event of any breach of duty by the partnership, limited liability company, or corporation as a fiduciary, any person aggrieved or damaged by the breach of fiduciary duty shall have a claim for relief against the partnership, limited liability company, or corporation, as well as against the designated broker, and may pursue the claim against the partnership, limited liability company, or corporation and the designated broker personally. The broker may be held responsible and liable for damages based upon the breach of fiduciary duty as may be recoverable against the partnership, limited liability company, or corporation, and any judgment so obtained may be enforced jointly or severally against the broker personally and the partnership, limited liability company, or corporation.

(8) No license for a broker registered as being in the employ of another broker shall be issued to a partnership, a limited liability company, or a corporation or under a fictitious name or trade name; except that a married woman may elect to use her birth name.

(9) No person shall be licensed as a real estate broker under more than one name, and no person shall conduct or promote a real estate brokerage business except under the name under which the person is licensed.

(10) A licensed attorney shall take and pass the examination referred to in this section after having completed twelve hours of classroom instruction or equivalent correspondent hours in trust accounts, record keeping, and real estate closings.

The division shall make the errors and omissions insurance available to all licensees by contracting with an insurer for a group policy after a competitive bid process in accordance with article 103 of title 24. A group policy obtained by the division must be available to all licensees with no right on the part of the insurer to cancel a licensee. A licensee may obtain errors and omissions insurance independently if the coverage complies with the minimum requirements established by the division.

(2) (a) If the division is unable to obtain errors and omissions insurance coverage to insure all licensees who choose to participate in the group program at a reasonable annual premium, as determined by the division, a licensee shall independently obtain the errors and omissions insurance required by this section.

(b) The division shall solicit and consider information and comments from interested persons when determining the reasonableness of annual premiums.

(3) The division shall determine the terms and conditions of coverage required under this section based on rules promulgated by the commission. The commission shall notify each licensee of the required terms and conditions at least thirty days before the annual premium renewal date as determined by the commission. Each licensee shall file a certificate of coverage showing compliance with the required terms and conditions with the commission by the annual premium renewal date, as determined by the division.

(4) In addition to all other powers and duties conferred upon the commission by this article 10, the commission shall adopt such rules as it deems necessary or proper to carry out the provisions of this section.

12-10-210. Compilation and publication of passing rates per educational institution for real estate licensure examinations - definition - rules. (1) The commission shall have the authority to obtain information from each educational institution authorized to offer courses in

real estate for the purpose of compiling the number of applicants who pass the real estate licensure examination from each educational institution. The information shall include the name of each student who attended the institution and a statement of whether the student completed the necessary real estate courses required for licensure. The commission shall have access to such other information as necessary to accomplish the purpose of this section. For the purposes of this section, an "applicant" is a student who completed the required education requirements and who applied for and sat for the licensure examination.

(2) The commission shall compile the information obtained in subsection (1) of this section with applicant information retained by the commission. Specifically, the commission shall compile whether the student applied for the licensure examination and whether the applicant passed the licensure examination. The commission shall create statistical data setting forth:

12-10-211. Change of license status - inactive - cancellation. (1) Immediate notice shall be given in a manner acceptable to the commission by each licensee of any change of business location or employment. A change of business address or employment without notification to the commission shall automatically inactivate the licensee's license.

(2) A broker who transfers to the address of another broker or a broker applicant who desires to be employed by another broker shall inform the commission if the broker is to be in the employ of the other broker. The employing broker shall have the control and custody of the employed broker's license. The employed broker may not act on behalf of the broker or as broker for a partnership, limited liability company, or corporation during the term of the employment; but this shall not affect the employed broker's right to transfer to another employing broker or to a location where the employed broker may conduct business as an independent broker or as a broker acting for a partnership, limited liability company, or corporation.

(3) In the event that any licensee is discharged by or terminates employment with a broker, it shall be the joint duty of both such parties to immediately notify the commission. 12-10-212. License fees - partnership, limited liability company, and corporation licenses - rules. (1) Fees established pursuant to section 12-10-215 shall be charged by and paid to the commission or the agent for the commission for the following:

- (a) Each broker's examination;
- (b) Each broker's original application and license;
- (c) Each renewal of a broker's license;
- (d) Any change of name, address, or employing broker requiring a change in commission records;

- (e) A new application that shall be submitted when a licensed real estate broker wishes to become the broker acting for a partnership, a limited liability company, or a corporation.

(2) The proper fee shall accompany each application for licensure. The fee shall not be refundable. Failure by the person taking an examination to file the appropriate broker's application within one year of the date the person passed the examination will automatically cancel the examination, and all rights to a passing score will be terminated.

(3) Each real estate broker's license granted to an individual shall entitle the individual to perform all the acts contemplated by this part 2, without any further application on his or her part and without the payment of any fee other than the fees specified in this section.

(4) (a) (I) The commission shall require that any person licensed under this part 2, whether on an active or inactive basis, renew the license on or before December 31 of every third year after issuance; except that an initial license issued under this part 2 on or after April 23, 2018, expires at 12 midnight on December 31 of the year in which it was issued.

(II) Renewal is conditioned upon fulfillment of the continuing education requirements set forth in section 12-10-213. For persons renewing or reinstating an active license, written certification verifying completion for the previous licensing period of the continuing education requirements set forth in section 12-10-213 must accompany and be submitted to the commission with the application for renewal or reinstatement. For persons who did not submit certification verifying compliance with section 12-10-213 at the time a license was renewed or reinstated on an inactive status, written certification verifying completion for the previous licensing period of the continuing education requirements set forth in that section must accompany and be submitted with any future application to reactivate the license. The commission may, by rule, establish procedures to facilitate such a renewal. In the absence of any reason or condition that might warrant the refusal of the granting of a license or the revocation

thereof, the commission shall issue a new license upon receipt by the commission of the written request of the applicant and the appropriate fees required by this section. Applications for renewal will be accepted thirty days prior to January 1.

(III) A person who fails to renew a license before January 1 of the year succeeding the year of the expiration of the license may reinstate the license as follows:

(A) If proper application is made within thirty-one days after the date of expiration, by payment of the regular renewal fee;

(B) If proper application is made more than thirty-one days but within one year after the date of expiration, by payment of the regular renewal fee and payment of a reinstatement fee equal to one-half the regular renewal fee;

(C) If proper application is made more than one year but within three years after the date of expiration, by payment of the regular renewal fee and payment of a reinstatement fee equal to the regular renewal fee.

(IV) The commission may, by rule, establish procedures to facilitate the transition of the reinstatement license periods described in subsections (4)(a)(III)(A) to (4)(a)(III)(C) of this section from an anniversary expiration date to a December 31 expiration date.

(b) Any reinstated license shall be effective only as of the date of reinstatement. Any person who fails to apply for reinstatement within three years after the expiration of a license shall, without exception, be treated as a new applicant for licensure.

(c) All reinstatement fees shall be transmitted to the state treasurer, who shall credit the fees to the division of real estate cash fund, as established by section 12-10-215.

(5) The suspension, expiration, or revocation of a real estate broker's license shall automatically inactivate every real estate broker's license where the holder of the license is shown in the commission records to be in the employ of the broker whose license has expired or has been suspended or revoked pending notification to the commission by the employed licensee of a change of employment.

The examinations shall be audited by the commission to verify their accuracy and the validity of the grades given. The commission shall set the standards required for satisfactory passage of the examinations.

(3) All credits, other than the credits specified in subsection (2) of this section, shall be acquired from educational courses approved by the commission that contribute directly to the professional competence of a licensee. 12-10-401. Legislative declaration. (1) The general assembly finds, determines, and declares that the public will best be served through a better understanding of the public's legal and working relationships with real estate brokers and by being able to engage any such real estate broker on terms and under conditions that the public and the real estate broker find acceptable. This includes engaging a broker as a single agent or transaction-broker. Individual members of the public should not be exposed to liability for acts or omissions of real estate brokers that have not been approved, directed, or ratified by the individuals. Further, the public should be advised of the general duties, obligations, and responsibilities of the real estate broker they engage.

(2) This part 4 is enacted to govern the relationships between real estate brokers and sellers, landlords, buyers, and tenants in real estate transactions.

12-10-402. Definitions. As used in this part 4, unless the context otherwise requires:

(1) "Broker" shall have the same meaning as set forth in section 12-10-201 (6), except as otherwise specified in this part 4.

(3) (a) "Designated broker" means an employing broker or employed broker who is designated in writing by an employing broker to serve as a single agent or transaction-broker for a seller, landlord, buyer, or tenant in a real estate transaction.

(b) "Designated broker" does not include a real estate brokerage firm that consists of only one licensed natural person.

(4) "Dual agent" means a broker who, with the written informed consent of all parties to a contemplated real estate transaction, is engaged as a limited agent for both the seller and buyer or both the landlord and tenant.

(5) "Limited agent" means an agent whose duties and obligations to a principal are only those set forth in section 12-10-404 or 12-10-405, with any additional duties and obligations agreed to pursuant to section 12-10-403 (5).

Editor's note: This section is similar to former § 12-61-802 as it existed prior to 2019.

12-10-403. Relationships between brokers and the public - definition - rules. (1) When engaged in any of the activities enumerated in section 12-10-201 (6), a broker may act in any transaction as a single agent or transaction-broker. The broker's general duties and obligations arising from that relationship shall be disclosed to the seller and the buyer or to the landlord and the tenant pursuant to section 12-10-408.

(2) A broker shall be considered a transaction-broker unless a single agency relationship is established through a written agreement between the broker and the party or parties to be represented by the broker.

(3) A broker may work with a single party in separate transactions pursuant to different relationships including, but not limited to, selling one property as a seller's agent and working with that seller in buying another property as a transaction-broker or buyer's agent, but only if the broker complies with this part 4 in establishing the relationships for each transaction.

(4) (a) A broker licensed pursuant to part 2 of this article 10, whether acting as a single agent or transaction-broker, may complete standard forms for use in a real estate transaction, including standard forms intended to convey personal property as part of the real estate transaction, when a broker is performing the activities enumerated or referred to in section 12-10-201 (6) in the transaction.

(b) As used in this subsection (4), "standard form" means:

(I) A form promulgated by the real estate commission for current use by brokers, also referred to in this section as a "commission-approved form";

(II) A form drafted by a licensed Colorado attorney representing the broker, employing broker, or brokerage firm, so long as the name of the attorney or law firm and the name of the broker, employing broker, or brokerage firm for whom the form is prepared are included on the form itself;

(III) A form provided by a party to the transaction if the broker is acting in the transaction as either a transaction-broker or as a single agent for the party providing the form to the broker, so long as the broker retains written confirmation that the form was provided by a party to the transaction;

(IV) A form prescribed by a governmental agency, a quasi-governmental agency, or a lender regulated by state or federal law, if use of the form is mandated by the agency or lender;

(V) A form issued with the written approval of the Colorado Bar Association or its successor organization and specifically designated for use by brokers in Colorado, so long as the form is used within any guidelines or conditions specified by the Colorado Bar Association or successor organization in connection with the use of the form;

(VI) A form used for disclosure purposes only, if the disclosure does not purport to waive or create any legal rights or obligations affecting any party to the transaction and if the form provides only information concerning either:

(A) The real estate involved in the transaction specifically; or

(B) The geographic area in which the real estate is located generally;

(VII) A form prescribed by a title company that is providing closing services in a transaction for which the broker is acting either as a transaction-broker or as a single agent for a party to the transaction; or

(VIII) A letter of intent created or prepared by a broker, employing broker, or brokerage firm, so long as the letter of intent states on its face that it is nonbinding and creates no legal rights or obligations.

(c) A broker shall use a commission-approved form when such a form exists and is appropriate for the transaction. A broker's use of any standard form described in subsection (4)(b)(III) or (4)(b)(IV) of this section must be limited to inserting transaction-specific information within the form. In using standard forms described in subsection (4)(b)(II), (4)(b)(V), (4)(b)(VI), (4)(b)(VII), or (4)(b)(VIII) of this section, the broker may also advise the parties as to effects thereof, and the broker's use of those standard forms must be appropriate for the transaction and the circumstances in which they are used. In any transaction described in this subsection (4), the broker shall advise the parties that the forms have important legal consequences and that the parties should consult legal counsel before signing the forms.

(5) Nothing contained in this section shall prohibit the public from entering into written contracts with any broker that contain duties, obligations, or responsibilities that are in addition to those specified in this part 4.

(6) (a) If a real estate brokerage firm has more than one licensed natural person, the employing broker or an individual broker employed or engaged by that employing broker shall be designated to work with the seller, landlord, buyer, or tenant as a designated broker. The employing broker may designate more than one of its individual brokers to work with a seller, landlord, buyer, or tenant.

(b) The brokerage relationship established between the seller, landlord, buyer, or tenant and a designated broker, including the duties, obligations, and responsibilities of that relationship, shall not extend to the employing broker nor to any other broker employed or engaged by that employing broker who has not been so designated and shall not extend to the firm, partnership, limited liability company, association, corporation, or other entity that employs the broker.

(c) A real estate broker may have designated brokers working as single agents for a seller or landlord and a buyer or tenant in the same real estate transaction without creating dual agency for the employing real estate broker, or any broker employed or engaged by that employing real estate broker.

(d) An individual broker may be designated to work for both a seller or landlord and a buyer or tenant in the same transaction as a transaction-broker for both, as a single agent for the seller or landlord treating the buyer or tenant as a customer, or as a single agent for a buyer or

tenant treating the seller or landlord as a customer, but not as a single agent for both. The applicable designated broker relationship shall be disclosed in writing to the seller or landlord and buyer or tenant in a timely manner pursuant to rules promulgated by the real estate commission.

(e) A designated broker may work with a seller or landlord in one transaction and work with a buyer or tenant in another transaction.

(f) When a designated broker serves as a single agent pursuant to section 12-10-404 or 12-10-405, there shall be no imputation of knowledge to the employing or employed broker who has not been so designated.

(g) The extent and limitations of the brokerage relationship with the designated broker shall be disclosed to the seller, landlord, buyer, or tenant working with that designated broker pursuant to section 12-10-408.

12-10-504. Registration of developers. (1) The commission shall register all applicants who meet the requirements of this part 5 and provide each applicant so registered with a certificate indicating that the developer named therein is registered in the state of Colorado as a subdivision developer. The developer that will sign as seller or lessor in any contract of sale, lease, or deed purporting to convey any site, tract, lot, or divided or undivided interest from a subdivision shall secure a certificate before offering, negotiating, or agreeing to sell, lease, or transfer before the sale, lease, or transfer is made. If such person or entity is acting only as a trustee, the beneficial owner of the subdivision shall secure a certificate. A certificate issued to a developer shall entitle all sales agents and employees of the developer to act in the capacity of a developer as agent for the developer. The developer shall be responsible for all actions of the sales agents and employees.

(2) All certificates issued under this section shall expire on December 31 following the date of issuance. In the absence of any reason or condition under this part 5 that might warrant the denial or revocation of a registration, a certificate shall be renewed by payment of a renewal fee established pursuant to section 12-10-215. A registration that has expired may be reinstated within two years after the expiration upon payment of the appropriate renewal fee if the applicant meets all other requirements of this part 5.

(3) All fees collected under this part 5 shall be deposited in accordance with section 12-10-214.

(4) With regard to any subdivision for which the information required by section 12-10-503 (3) has not been previously submitted to the commission, each registered developer shall register the subdivision by providing the commission with the information before sale, lease, or transfer, or negotiating or agreeing to sell, lease, or transfer, any such subdivision or any part thereof.

12-10-505. Refusal, revocation, or suspension of registration - letter of admonition - probation. (1) The commission may impose an administrative fine not to exceed two thousand five hundred dollars for each separate offense; may issue a letter of admonition; may place a registrant on probation under its close supervision on such terms and for such time as it deems appropriate; and may refuse, revoke, or suspend the registration of any developer or registrant if, after an investigation and after notice and a hearing pursuant to the provisions of section 24-4-

104, the commission determines that the developer or any director, officer, or stockholder with controlling interest in the corporation:

(a) Has used false or misleading advertising or has made a false or misleading statement or a concealment in his or her application for registration;

(b) Has misrepresented or concealed any material fact from a purchaser of any interest in a subdivision;

(c) Has employed any device, scheme, or artifice with intent to defraud a purchaser of any interest in a subdivision;

(d) Has been convicted of or pled guilty or nolo contendere to a crime involving fraud, deception, false pretense, theft, misrepresentation, false advertising, or dishonest dealing in any court;

(e) Has disposed of, concealed, diverted, converted, or otherwise failed to account for any funds or assets of any purchaser of any interest in a subdivision or any homeowners' association under the control of the developer or director, officer, or stockholder;

(f) Has failed to comply with any stipulation or agreement made with the commission;

(g) Has failed to comply with or has violated any provision of this article 10, including any failure to comply with the registration requirements of section 12-10-503, or any lawful rule promulgated by the commission under this article 10;

(h) Has refused to honor a buyer's request to cancel a contract for the purchase of a time share or subdivision or part thereof if the request was made within five calendar days after execution of the contract and was made either by telegram, mail, or hand delivery. A request is considered made if by electronic mail when sent, if by mail when postmarked, or if by hand delivery when delivered to the seller's place of business. No developer shall employ a contract that contains any provision waiving a buyer's right to such a cancellation period.

(i) Has committed any act that constitutes a violation of the "Colorado Consumer Protection Act", article 1 of title 6;

(j) Has employed any sales agent or employee who violates the provisions of this part 5;

(k) Has used documents for sales or lease transactions other than those described in section 12-10-503 (3)(f);

(l) Has failed to disclose encumbrances to prospective purchasers or has failed to transfer clear title at the time of sale, if the parties agreed that the transfer would be made at that time.

(2) A disciplinary action relating to the business of subdivision development taken by any other state or local jurisdiction or the federal government shall be deemed to be prima facie evidence of grounds for disciplinary action, including denial of registration, under this part 5. This subsection (2) shall apply only to such disciplinary actions as are substantially similar to those set out as grounds for disciplinary action or denial of registration under this part 5.

(3) Any hearing held under this section shall be in accordance with the procedures established in sections 24-4-105 and 24-4-106.

(4) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the commission, does not initially warrant formal action by the commission but that should not be dismissed as being without merit, the commission may send a letter of admonition by certified mail, return receipt requested, to the registrant who is the subject of the complaint or investigation and a copy thereof to any person making the complaint. The letter shall advise the registrant that he or she has the right to request in writing, within twenty days after proven

receipt, that formal disciplinary proceedings be initiated against him or her to adjudicate the propriety of the conduct upon which the letter of admonition is based. If the request is timely made, the letter of admonition shall be deemed vacated, and the matter shall be processed by means of formal disciplinary proceedings.

(5) All administrative fines collected pursuant to this section shall be transmitted to the state treasurer, who shall credit the same to the division of real estate cash fund.

12-10-506. Powers of commission - injunction - rules. (1) The commission may apply to a court of competent jurisdiction for an order enjoining any act or practice that constitutes a violation of this part 5, and, upon a showing that a person is engaging or intends to engage in any such act or practice, an injunction, restraining order, or other appropriate order shall be granted by the court, regardless of the existence of another remedy therefor. Any notice, hearing, or duration of any injunction or restraining order shall be made in accordance with the provisions of the Colorado rules of civil procedure.

(2) The commission may apply to a court of competent jurisdiction for the appointment of a receiver if it determines that the appointment is necessary to protect the property or interests of purchasers of a subdivision or part thereof.

(3) The commission shall issue or deny a certificate or additional registration within sixty days from the date of receipt of the application by the commission. The commission may make necessary investigations and inspections to determine whether any developer has violated this part 5 or any lawful rule promulgated by the commission. If, after an application by a developer has been submitted pursuant to section 12-10-503 or information has been submitted pursuant to section 12-10-504, the commission determines that an inspection of a subdivision is necessary, it shall complete the inspection within sixty days from the date of filing of the application or information, or the right of inspection is waived and the lack thereof shall not be grounds for denial of a registration.

(4) The commission, the director, or the administrative law judge appointed for a hearing may issue a subpoena compelling the attendance and testimony of witnesses and the production of books, papers, or records pursuant to an investigation or hearing of the commission. Any such subpoena shall be served in the same manner as for subpoenas issued by district courts.

(5) The commission has the power to make any rules necessary for the enforcement or administration of this part 5.

(6) The commission shall adopt, promulgate, amend, or repeal such rules as are necessary to:

(a) Require written disclosures to any purchasers as provided in subsection (7) of this section and to prescribe and require that standardized forms be used by subdivision developers in connection with the sale or lease of a subdivision or any part thereof, except as otherwise provided in section 12-10-503 (3)(f); and

(b) Require that developers maintain certain business records for a period of at least seven years.

(7) The commission may require any developer to make written disclosures to purchasers in their contracts of sale or by separate written documents if the commission finds that the disclosures are necessary for the protection of the purchasers.

(8) The commission or its designated representative may audit the accounts of any homeowners' association, the funds of which are controlled by a developer.

PART 6

REAL ESTATE APPRAISERS

Law reviews: For article, "Professional Standards for the Appraiser", see 22 Colo. Law. 1263 (1993).

12-10-601. Legislative declaration. The general assembly finds, determines, and declares that sections 12-10-602 to 12-10-623 are enacted pursuant to the requirements of the "Real Estate Appraisal Reform Amendments", Title XI of the federal "Financial Institutions Reform, Recovery, and Enforcement Act of 1989", as amended, 12 U.S.C. secs. 3331 to 3351.

The general assembly further finds, determines, and declares that sections 12-10-602 to 12-10-623 are intended to implement the requirements of federal law in the least burdensome manner to real estate appraisers and appraisal management companies. Licensed ad valorem appraisers licensed under this article 10 are not regulated by the federal "Real Estate Appraisal Reform Amendments", Title XI of the federal "Financial Institutions Reform, Recovery, and Enforcement Act of 1989", as amended, 12 U.S.C. secs. 3331 to 3351.

Source: L. 2019: Entire title R&RE with relocations, (HB 19-1172), ch. 136, p. 663, § 1, effective October 1.

Editor's note: This section is similar to former § 12-61-701 as it existed prior to 2019.

12-10-602. Definitions. As used in this part 6, unless the context otherwise requires:

(1) (a) "Appraisal", "appraisal report", or "real estate appraisal" means a written or oral analysis, opinion, or conclusion relating to the nature, quality, value, or utility of specified interests in, or aspects of, identified real estate that is transmitted to the client upon the completion of an assignment. These terms include a valuation, which is an opinion of the value of real estate, and an analysis, which is a general study of real estate not specifically performed only to determine value; except that the terms include a valuation completed by an appraiser employee of a county assessor as defined in section 39-1-102 (2).

(b) The terms do not include an analysis, valuation, opinion, conclusion, notation, or compilation of data by an officer, director, regularly salaried employee, or agent of a financial institution or its affiliate, made for internal use only by the financial institution or affiliate, concerning an interest in real estate that is owned or held as collateral by the financial institution or affiliate and that is not represented or deemed to be an appraisal except to the financial institution, the agencies regulating the financial institution, and any secondary markets that purchase real estate secured loans. An appraisal prepared by an officer, director, regularly salaried employee, or agent of a financial institution who is not licensed or certified under this part 6 must contain a written notice that the preparer is not licensed or certified as an appraiser under this part 6.

(c) "Appraisal", "appraisal report", or "real estate appraisal" does not include a federally authorized "waiver valuation", as defined in 49 CFR 24.2 (a)(33), as amended.

(2) (a) "Appraisal management company" or "AMC" means, in connection with valuing properties collateralizing mortgage loans or mortgages incorporated into a securitization, any external third party authorized either by a creditor in a consumer credit transaction secured by a consumer's principal dwelling that oversees an appraiser panel or by an underwriter of, or other principal in, the secondary mortgage markets that oversees an appraiser panel to:

- (I) Recruit, select, and retain appraisers;
- (II) Contract with licensed and certified appraisers to perform appraisal assignments;
- (III) Manage the process of having an appraisal performed, including providing administrative duties such as receiving appraisal orders and appraisal reports, submitting completed appraisal reports to creditors and underwriters, collecting fees from creditors and underwriters for services provided, and reimbursing appraisers for services performed; or
- (IV) Review and verify the work of appraisers.

(b) "Appraisal management company" or "AMC" does not include:

(I) A corporation, limited liability company, sole proprietorship, or other entity that directly performs appraisal services;

(II) A corporation, limited liability company, sole proprietorship, or other entity that does not contract with appraisers for appraisal services, but that solely distributes orders to a client-selected panel of appraisers; and

(III) A mortgage company, or its subsidiary, that manages a panel of appraisers who are engaged to provide appraisal services on mortgage loans either originated by the mortgage company or funded by the mortgage company with its own funds.

(3) "Board" means the board of real estate appraisers created in section 12-10-603.

(4) "Client" means the party or parties who engage an appraiser or an appraisal management company for a specific assignment.

(5) "Consulting services" means services performed by an appraiser that do not fall within the definition of an "independent appraisal" in subsection (7) of this section. "Consulting services" includes marketing, financing and feasibility studies, valuations, analyses, and opinions and conclusions given in connection with real estate brokerage, mortgage banking, and counseling and advocacy in regard to property tax assessments and appeals thereof; except that, if in rendering the services the appraiser acts as a disinterested third party, the work is deemed an independent appraisal and not a consulting service. Nothing in this subsection (5) precludes a person from acting as an expert witness in valuation appeals.

(6) "Financial institution" means any "bank" or "savings association", as those terms are defined in 12 U.S.C. sec. 1813, any state bank incorporated under title 11, any state or federally chartered credit union, or any company that has direct or indirect control over any of those entities.

(7) "Independent appraisal" means an engagement for which an appraiser is employed or retained to act as a disinterested third party in rendering an unbiased analysis, opinion, or conclusion relating to the nature, quality, value, or utility of specified interests in or aspects of identified real estate.

(8) (a) "Panel" or "appraiser panel" means a network, list, or roster of licensed or certified appraisers approved by an AMC to perform appraisals as independent contractors for the AMC.

(b) Appraisers on an AMC's appraiser panel include both:

(I) Appraisers accepted by the AMC for consideration for future appraisal assignments in covered transactions or for secondary mortgage market participants in connection with covered transactions; and

(II) Appraisers engaged by the AMC to perform one or more appraisals in covered transactions or for secondary mortgage market participants in connection with covered transactions.

(c) An appraiser is an independent contractor for purposes of this subsection (8) if the appraiser is treated as an independent contractor by the AMC for purposes of federal income taxation.

(9) (a) "Real estate appraiser" or "appraiser" means a person who provides an estimate of the nature, quality, value, or utility of an interest in, or aspect of, identified real estate and includes one who estimates value and who possesses the necessary qualifications, ability, and experience to execute or direct the appraisal of real property.

(b) "Real estate appraiser" or "appraiser" does not include:

- (I) A person who conducts appraisals strictly of personal property;
- (II) A person licensed as a broker pursuant to part 2 of this article 10 who provides an opinion of value that is not represented as an appraisal and is not used for purposes of obtaining financing;
- (III) A person licensed as a certified public accountant pursuant to article 100 of this title 12, and otherwise regulated, as long as the person does not represent his or her opinions of value for real estate as an appraisal;
- (IV) A corporation, acting through its officers or regularly salaried employees, when conducting a valuation of real estate property rights owned, to be purchased, or sold by the corporation;
- (V) A person who conducts appraisals strictly of water rights or of mineral rights;
- (VI) A right-of-way acquisition agent, an appraiser who is licensed and certified pursuant to this part 6, or any other individual who has sufficient understanding of the local real estate market to be qualified to make a waiver valuation when the agent, appraiser, or other qualified individual is employed by or contracts with a public entity and provides an opinion of value that is not represented as an appraisal and when, for any purpose, the property or portion of property being valued is valued at twenty-five thousand dollars or less, as permitted by federal law and 49 CFR 24.102 (c)(2), as amended;
- (VII) An officer, director, regularly salaried employee, or agent of a financial institution or its affiliate who makes, for internal use only by the financial institution or affiliate, an analysis, evaluation, opinion, conclusion, notation, or compilation of data with respect to an appraisal so long as the person does not make a written adjustment of the appraisal's conclusion as to the value of the subject real property;
- (VIII) An officer, director, regularly salaried employee, or agent of a financial institution or its affiliate who makes an internal analysis, valuation, opinion, conclusion, notation, or compilation of data concerning an interest in real estate that is owned or held as collateral by the financial institution or its affiliate; or
- (IX) A person who represents property owners as an advocate in tax or valuation protests and appeals pursuant to title 39.

Of the members, three shall be licensed or certified appraisers, one of whom shall have expertise in eminent domain matters; one shall be a county assessor in office; one shall be an officer or employee of a commercial bank experienced in real estate lending; one shall be an officer or employee of an appraisal management company; and one shall be a member of the public at large not engaged in any of the businesses represented by the other members of the board.

(b) Members of the board shall hold office for terms of three years. The governor has the authority to remove any member for misconduct, neglect of duty, or incompetence.

(2) (a) The board shall exercise its powers and perform its duties and functions under the division of real estate as if transferred to the division by a **type 1** transfer, as defined in the "Administrative Organization Act of 1968", article 1 of title 24.

(b) The general assembly finds, determines, and declares that the organization of the board under the division as a **type 1** agency will provide the autonomy necessary to avoid potential conflicts of interest between the responsibility of the board in the regulation of real estate appraisers and the responsibility of the division in the regulation of real estate brokers and salespersons. The general assembly further finds, determines, and declares that the placement of the board as a **type 1** agency under the division is consistent with the organizational structure of state government.

(3) Each member of the board shall receive the same compensation and reimbursement of expenses as is provided for members of boards and commissions in the division of professions and occupations pursuant to section 12-20-103 (6). Payment for all per diem compensation and expenses shall be made out of annual appropriations from the division of real estate cash fund provided for in section 12-10-605.

(4) Members of the board, consultants, and expert witnesses are immune from liability in any civil action based upon any disciplinary proceedings or other official acts they performed in good faith pursuant to this part 6.

(5) A majority of the board constitutes a quorum for the transaction of all business, and actions of the board require a vote of a majority of the members present in favor of the action taken.

(6) This part 6 is repealed, effective September 1, 2022. Before the repeal, this part 6 is scheduled for review in accordance with section 24-34-104.

(c) A county assessor or employee of a county assessor's office who is a licensed ad valorem appraiser may not perform real estate appraisals outside of his or her official duties.

(d) The board shall transfer persons employed in a county assessor's office or in the division of property taxation in the department of local affairs who are registered appraisers as of July 1, 2013, to the category of licensed ad valorem appraiser. The board shall allow these persons, until December 31, 2015, to meet any additional requirements imposed by the board pursuant to section 12-10-604 (1)(a).

(2) (a) The board shall, by rule, prescribe continuing education requirements for persons licensed or certified as certified general appraisers, certified residential appraisers, or licensed appraisers as needed to meet the requirements of the "Real Estate Appraisal Reform Amendments", Title XI of the federal "Financial Institutions Reform, Recovery, and Enforcement Act of 1989", as amended, 12 U.S.C. secs. 3331 to 3351. The board shall not establish any continuing education requirements that are more stringent than the requirements of any applicable federal law; except that all persons licensed or certified under this part 6 are subject to continuing education requirements. If there is no applicable federal law, the board shall consider and may use as guidelines the most recent available criteria published by the Appraiser Qualifications Board of the Appraisal Foundation or its successor organization.

(b) The board shall, by rule, prescribe continuing education requirements for licensed ad valorem appraisers.

(3) Notwithstanding any provision of this section to the contrary, the criteria established by the board for the licensing or certification of appraisers pursuant to this part 6 shall not include membership or lack of membership in any appraisal organization.

(4) (a) Subject to section 12-10-619 (2), all appraiser employees of county assessors shall be licensed or certified as provided in subsections (1) and (2) of this section. (b) Appraiser employees of county assessors who are employed to appraise real property are subject to this part 6; except that appraiser employees of county assessors who are employed to appraise real property are not subject to disciplinary actions by the board on the ground that they have performed appraisals beyond their level of competency when appraising real estate in fulfillment of their official duties. County assessors, if licensed or certified as provided in subsections (1) and (2) of this section, are not subject to disciplinary actions by the board on the

ground that they have performed appraisals beyond their level of competency when appraising real estate in fulfillment of their official duties.

(c) The county in which an appraiser employee of a county assessor is employed shall pay all reasonable costs incurred by the appraiser employee of the county assessor to obtain and maintain a license or certificate pursuant to this section.

(5) The board shall not issue an appraiser's license as referenced in subsection (1)(b)(IV) of this section unless the applicant has at least twelve months' appraisal experience.

(6) (a) The board shall not issue a license or certification until the applicant demonstrates that he or she meets the fitness standards established by board rule and submits a set of fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation. Each person submitting a set of fingerprints shall pay the fee established by the Colorado bureau of investigation for conducting the fingerprint-based criminal history record check to the bureau. Upon completion of the criminal history record check, the bureau shall forward the results to the board. The board shall require a name-based criminal history record check, as defined in section 22-2-119.3 (6)(d), for an applicant who has twice submitted to a fingerprint-based criminal history record check and whose fingerprints are unclassifiable or when the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this subsection (6) reveal a record of arrest without a disposition. The applicant shall pay the costs associated with a name-based criminal history record check. The board may deny an application for licensure or certification based on the outcome of the criminal history record check and may establish criminal history requirements more stringent than those established by any applicable federal law. At a minimum, the board shall adopt the criminal history requirements established by any applicable federal law.

(b) An applicant for certification as a licensed ad valorem appraiser is not subject to the fingerprinting and criminal background check requirements of subsection (6)(a) of this section.

(1) An applicant shall apply for a license as an appraisal management company, or as a controlling appraiser, to the board in a manner prescribed by the board.

(2) The board may grant appraisal management company licenses to individuals, partnerships, limited liability companies, or corporations. A partnership, limited liability company, or corporation, in its application for a license, shall designate a controlling appraiser who is actively certified in a state recognized by the appraisal subcommittee of the federal financial institutions examination council or its successor entity. The controlling appraiser is

responsible for the licensed practices of the partnership, limited liability company, or corporation and all persons employed by the entity. The application of the partnership, limited liability company, or corporation and the application of the appraiser designated by it as the controlling appraiser shall be filed with the board. The board has jurisdiction over the appraiser so designated and over the partnership, limited liability company, or corporation.

(3) The board shall not issue a license to any partnership, limited liability company, or corporation unless and until the appraiser designated by the partnership, limited liability company, or corporation as controlling appraiser and each individual who owns more than ten percent of the entity demonstrates that he or she meets the fitness standards established by board rule and submits a set of fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation. Each person submitting a set of fingerprints shall pay the fee established by the Colorado bureau of investigation for conducting the fingerprint-based criminal history record check to the bureau. Upon completion of the criminal history record check, the bureau shall forward the results to the board. The board shall require a name-based criminal history record check, as defined in section 22-2-119.3 (6)(d), for an applicant who has twice submitted to a fingerprint-based criminal history record check and whose fingerprints are unclassifiable or when the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this subsection (3) reveal a record of arrest without a disposition. The applicant shall pay the costs associated with a name-based criminal history record check. The board may deny an application for licensure or refuse to renew a license based on the outcome of the criminal history record check. The board may require criminal history requirements more stringent than those established by any applicable federal law. At a minimum, the board shall adopt the criminal history requirements established by any applicable federal law.

(4) The board shall not issue a license to any partnership, limited liability company, or corporation if the appraiser designated by the entity as controlling appraiser has previously had, in any state, an appraiser registration, license, or certificate refused, denied, cancelled, surrendered in lieu of revocation, or revoked. A disciplinary action resulting in refusal, denial, cancellation, surrender in lieu of revocation, or revocation relating to a registration, license, or certification as an appraiser registered, licensed, or certified under this part 6 or any related occupation in any other state, territory, or country for disciplinary reasons is prima facie evidence of grounds for denial of a license by the board.

(5) The board shall not issue a license to any partnership, limited liability company, or corporation if it is owned, in whole or in part, directly or indirectly, by any person who has had, in any state, an appraiser license, registration, or certificate refused, denied, cancelled, surrendered in lieu of revocation, or revoked. A disciplinary action resulting in refusal, denial, cancellation, surrender in lieu of revocation, or revocation relating to a license, registration, or certification as an appraiser licensed, registered, or certified under this part 6 or any related occupation in any other state, territory, or country for disciplinary reasons is prima facie evidence of grounds for denial of a license by the board.

(6) The board may deny an application for a license for any partnership, limited liability company, or corporation if the partnership, limited liability company, or corporation has previously had a license revoked or surrendered a license in lieu of revocation. A disciplinary action resulting in the surrender in lieu of revocation or the revocation of a license as an

appraisal management company under this part 6 or any related occupation in any other state, territory, or country for disciplinary reasons may be deemed to be prima facie evidence of grounds for denial of a license by the board.

(7) Each appraisal management company must maintain a definite place of business. If the appraisal management company is domiciled in another state, the appraiser designated by the appraisal management company as controlling appraiser is responsible for supervising all licensed activities that occur in Colorado. All licensed actions occurring within the state of Colorado must occur under the name under which the appraisal management company is licensed or its trade name adopted in accordance with Colorado law.

(8) An application that is submitted by an appraisal management company that is:

12-10-612. Denial of license or certificate - renewal - definition. (1) The board may determine whether an applicant for licensure or certification possesses the necessary qualifications for licensure or certification required by this part 6. The board may consider such qualities as the applicant's fitness and prior professional licensure and whether the applicant has been convicted of a crime. As used in this subsection (1), "applicant" includes any individual who owns, in whole or in part, directly or indirectly, an appraisal management company and any appraiser designated as a controlling appraiser by a partnership, limited liability company, or corporation acting as an appraisal management company.

Editor's note: This section is similar to former § 12-61-712 as it existed prior to 2019.

12-10-613. Prohibited activities - grounds for disciplinary actions - procedures. (1)

A real estate appraiser is in violation of this part 6 if the appraiser:

(a) Has been convicted of a felony or has had accepted by a court a plea of guilty or nolo contendere to a felony if the felony is related to the ability to act as a real property appraiser. A certified copy of the judgment of a court of competent jurisdiction of the conviction or plea is conclusive evidence of the conviction or plea. In considering the disciplinary action, the board shall be governed by the provisions of section 24-5-101.

(b) Has violated, or attempted to violate, directly or indirectly, or assisted in or abetted the violation of, or conspired to violate this part 6, a rule promulgated pursuant to this part 6, or an order of the board issued pursuant to this part 6;

(c) Has accepted any fees, compensation, or other valuable consideration to influence the outcome of an appraisal;

(d) Has used advertising that is misleading, deceptive, or false;

(e) Has used fraud or misrepresentation in obtaining a license or certificate under this part 6;

(f) Has conducted an appraisal in a fraudulent manner or used misrepresentation in any such activity;

(g) Has acted or failed to act in a manner that does not meet the generally accepted standards of professional appraisal practice as adopted by the board by rule. A certified copy of a malpractice judgment of a court of competent jurisdiction is conclusive evidence of the act or omission, but evidence of the act or omission is not limited to a malpractice judgment.

(h) Has performed appraisal services beyond his or her level of competency;

(i) Has been subject to an adverse or disciplinary action in another state, territory, or country relating to a license, certificate, or other authorization to practice as an appraiser. A disciplinary action relating to a license or certificate as an appraiser licensed or certified under this part 6 or any related occupation in any other state, territory, or country for disciplinary reasons is prima facie evidence of grounds for disciplinary action or denial of licensure or certification by the board. This subsection (1)(i) applies only to violations based upon acts or omissions in the other state, territory, or country that are also violations of this part 6.

(j) Has failed to disclose in the appraisal report the fee paid to the appraiser for a residential real property appraisal if the appraiser was engaged by an appraisal management company to complete the assignment; or

(k) Has engaged in conduct that would be grounds for the denial of a license or certification under section 12-10-612.

(2) If an applicant, a licensee, or a certified person has violated any provision of this section, the board may deny or refuse to renew the license or certificate, or, as specified in subsections (3) and (6) of this section, revoke or suspend the license or certificate, issue a letter

of admonition to a licensee or certified person, place a licensee or certified person on probation, or impose public censure.

(3) When a complaint or an investigation discloses an instance of misconduct by a licensed or certified appraiser that, in the opinion of the board, does not warrant formal action by the board but should not be dismissed as being without merit, the board may send a letter of admonition by certified mail to the appraiser against whom a complaint was made. The letter shall advise the appraiser of the right to make a written request, within twenty days after receipt of the letter of admonition, to the board to begin formal disciplinary proceedings as provided in this section to adjudicate the conduct or acts on which the letter was based.

(4) The board may start a proceeding for discipline of a licensee or certified person when the board has reasonable grounds to believe that a licensee or certified person has committed any act or failed to act pursuant to the grounds established in subsection (1) of this section or when a request for a hearing is timely made under subsection (3) of this section.

(5) Disciplinary proceedings shall be conducted in the manner prescribed by the "State Administrative Procedure Act", article 4 of title 24.

(6) As authorized in subsection (2) of this section, disciplinary actions by the board may consist of the following:

(a) **Revocation of a license or certificate.** (I) Revocation of a license or certificate by the board means that the licensed or certified person shall surrender his or her license or certificate immediately to the board.

(II) Any person whose license or certificate to practice is revoked is ineligible to apply for a license or certificate issued under this part 6 until more than two years have elapsed from the date of surrender of the license or certificate. A reapplication after the two-year period is treated as a new application.

(b) **Suspension of a license or certificate.** Suspension of a license or certificate by the board is for a period to be determined by the board.

(c) **Probationary status.** The board may impose probationary status on a licensee or certified person. If the board places a licensee or certified person on probation, the board may include conditions for continued practice that the board deems appropriate to assure that the licensee or certified person is otherwise qualified to practice in accordance with generally accepted professional standards of professional appraisal practice, as specified in board rules, including any or all of the following:

(I) A requirement that the licensee or certified person take courses of training or education as needed to correct deficiencies found in the hearing;

(II) A review or supervision of his or her practice as may be necessary to determine the quality of the practice and to correct deficiencies in the practice; and

(III) The imposition of restrictions upon the nature of his or her appraisal practice to assure that he or she does not practice beyond the limits of his or her capabilities.

(d) **Public censure.** If, after notice and hearing, the director or the director's designee determines that the licensee or certified person has committed any of the acts specified in this section, the board may impose public censure.

(7) In addition to any other discipline imposed pursuant to this section, any person who violates this part 6 or the rules promulgated pursuant to this article 10 may be penalized by the board upon a finding of a violation pursuant to article 4 of title 24 as follows:

(a) In the first administrative proceeding against a person, a fine of not less than three hundred dollars but not more than five hundred dollars per violation;

(b) In any subsequent administrative proceeding against a person for transactions occurring after a final agency action determining that a violation of this part 6 has occurred, a fine of not less than one thousand dollars but not more than two thousand dollars.

(8) A person participating in good faith in making a complaint or report or participating in an investigative or administrative proceeding before the board pursuant to this article 10 is immune from any liability, civil or criminal, that otherwise might result by reason of the action.

(9) A licensee or certified person who has direct knowledge that a person has violated this part 6 shall report his or her knowledge to the board.

(10) The board, on its own motion or upon application at any time after the imposition of discipline as provided in this section, may reconsider its prior action and reinstate or restore a license or certificate, terminate probation, or reduce the severity of its prior disciplinary action. The decision of whether to take any further action or hold a hearing with respect to a prior disciplinary action rests in the sole discretion of the board.

12-10-614. Appraisal management companies - prohibited activities - grounds for disciplinary actions - procedures - rules. (1) The board, upon its own motion, may, and upon a complaint submitted to the board in writing by any person, shall, investigate the activities of a licensed appraisal management company; an appraiser designated as a controlling appraiser by a partnership, limited liability company, or corporation acting as an appraisal management company; or a person or an entity that assumes to act in that capacity within the state. The board, upon finding a violation, may impose an administrative fine not to exceed two thousand five hundred dollars for each separate offense; censure a licensee; place the licensee on probation and set the terms of probation; or temporarily suspend or permanently revoke a license, when the licensee has performed, is performing, or is attempting to perform any of the following acts:

(a) Failing to:

(I) Exercise due diligence when hiring or engaging a real estate appraiser to ensure that the real estate appraiser is appropriately credentialed by the board and competent to perform the assignment; and

(II) In the case of an AMC, establish and comply with processes and controls reasonably designed to ensure that the AMC conducts its appraisal management services in accordance with the requirements of the federal "Truth in Lending Act", 15 U.S.C. sec. 1639e (a) to (i), and regulations adopted pursuant to that act;

(b) Requiring an appraiser to indemnify the appraisal management company against liability, damages, losses, or claims other than those arising out of the services performed by the appraiser, including performance or nonperformance of the appraiser's duties and obligations, whether as a result of negligence or willful misconduct;

(c) Influencing or attempting to influence the development, reporting, result, or review of a real estate appraisal or the engagement of an appraiser through coercion, extortion,

collusion, compensation, inducement, intimidation, bribery, or in any other manner. This prohibition does not prohibit an appraisal management company from requesting an appraiser to:

- (I) Consider additional, appropriate property information;
- (II) Provide further detail, substantiation, or explanation for the appraiser's value conclusion; or

- (III) Correct errors in the appraisal report.

- (d) Prohibiting an appraiser, in the completion of an appraisal service, from communicating with the client, any intended users, real estate brokers, tenants, property owners, management companies, or any other entity that the appraiser reasonably believes has information pertinent to the completion of an appraisal assignment; except that this subsection (1)(d) does not apply to communications between an appraiser and an appraisal management company's client if the client has adopted an explicit policy prohibiting the communication. If the client has adopted an explicit policy prohibiting communication by the appraiser with the client, communication by an appraiser to the client must be made in writing and submitted to the appraisal management company.

- (e) Altering or modifying a completed appraisal report without the authoring appraiser's knowledge and written consent, and the consent of the intended user, except to modify the format of the report solely for transmission to the client and in a manner acceptable to the client;

- (f) Requiring an appraiser to provide to the appraisal management company access to the appraiser's electronic signature;

- (g) Failing to validate or verify that the work completed by an appraiser who is hired or engaged by the appraisal management company complies with state and federal regulations, including the uniform standards of professional appraisal practice, by conducting an annual audit of a random sample of the appraisals received within the previous year by the appraisal management company. The board shall establish annual appraisal review requirements by rule and shall solicit and consider information and comments from interested persons.

- (h) Failing to make payment to an appraiser within sixty days after completion of the appraisal, unless otherwise agreed or unless the appraiser has been notified in writing that a bona fide dispute exists regarding the performance or quality of the appraisal;

The letter shall advise the licensee of the right to make a written request, within twenty days after receipt of the letter of admonition, to the board to begin formal disciplinary proceedings as provided in this section to adjudicate the conduct or acts on which the letter was based.

(5) This part 6 does not relieve any person from civil liability or criminal prosecution under the laws of this state.

(6) A licensee or certified person having direct knowledge that a person or licensed partnership, limited liability company, or corporation has violated this part 6 shall report his or her knowledge to the board.

(7) The board, on its own motion or upon application, at any time after the imposition of discipline as provided in this section, may reconsider its prior action and reinstate or restore a

(4) (a) In addition to the requirements imposed by subsection (3) of this section, on or after August 5, 2009, each individual applicant for initial licensing as a mortgage loan originator must have satisfactorily completed:

(I) At least twenty hours of education as administered and approved by the Nationwide Multistate Licensing System and Registry or its successor; and

(II) A written examination approved by the board. For the portion of the examination that represents the state-specific test required in the federal "Secure and Fair Enforcement for Mortgage Licensing Act of 2008", 12 U.S.C. sec. 5101 et seq., as amended, the board may adopt the uniform state test administered through the Nationwide Multistate Licensing System and Registry or its successor.

(b) The board may contract with one or more independent testing services to develop, administer, and grade the examinations required by subsection (4)(a) of this section and to maintain and administer licensee records. The contract may allow the testing service to recover from applicants its costs incurred in connection with these functions. The board may contract separately for these functions and may allow the costs to be collected by a single contractor for distribution to other contractors.

(c) The board may publish reports summarizing statistical information prepared by the nationwide mortgage licensing system and registry relating to mortgage loan originator examinations.

(5) An applicant for license renewal shall submit to the board the following:

(a) A disclosure of all administrative discipline taken against the applicant concerning the categories listed in section 12-10-711 (1)(c); and

(b) The renewal fee established by the board in accordance with section 12-10-718.

(6) (a) Prior to submitting an application for a license, an applicant shall submit a set of fingerprints to the Colorado bureau of investigation. Upon receipt of the applicant's fingerprints, the Colorado bureau of investigation shall use the fingerprints to conduct a state and national criminal history record check using records of the Colorado bureau of investigation and the federal bureau of investigation. All costs arising from the criminal history record check must be borne by the applicant and must be paid when the set of fingerprints is submitted. Upon completion of the criminal history record check, the bureau shall forward the results to the board. The board shall acquire a name-based criminal history record check, as defined in section 22-2-119.3 (6)(d), for an applicant who has twice submitted to a fingerprint-based criminal history record check and whose fingerprints are unclassifiable or when the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this subsection (6) reveal a record of arrest without a disposition. The applicant shall pay the costs associated with a name-based criminal history record check.

(b) If the board determines that the criminal background check provided by the nationwide mortgage licensing system and registry is a sufficient method of screening license applicants to protect Colorado consumers, the board may, by rule, authorize the use of that criminal background check instead of the criminal history record check otherwise required by this subsection (6).

(7) (a) On and after January 1, 2010, in connection with an application for a license as a mortgage loan originator, the applicant shall furnish information concerning the applicant's identity to the nationwide mortgage licensing system and registry. The applicant shall furnish, at a minimum, the following:

(I) Fingerprints for submission to the federal bureau of investigation and any government agency or entity authorized to receive fingerprints for a state, national, or international criminal history record check; and

(II) Personal history and experience, in a form prescribed by the nationwide mortgage licensing system and registry, including submission of authorization for the nationwide mortgage licensing system and registry to obtain:

(A) An independent credit report from the consumer reporting agency described in the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681a (p); and

(B) Information related to any administrative, civil, or criminal findings by a government jurisdiction.

(b) An applicant is responsible for paying all costs arising from a criminal history record check and shall pay the costs upon submission of fingerprints.

(c) The board shall acquire a name-based criminal history record check, as defined in section 22-2-119.3 (6)(d), for an applicant who has twice submitted to a fingerprint-based criminal history record check and whose fingerprints are unclassifiable or when the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this subsection (7) reveal a record of arrest without a disposition. The applicant shall pay the costs associated with a name-based criminal history record check.

(8) Before granting a license to an applicant, the board shall require the applicant to post a bond as required by section 12-10-717.

(9) The board shall issue or deny a license within sixty days after:

(a) The applicant has submitted the requisite information to the board and the Nationwide Multistate Licensing System and Registry, including the completed application and any necessary supplementary information, the application fee, and proof that the applicant has posted a surety bond and obtained errors and omissions insurance; and

(b) The board receives the completed criminal history record check and all other relevant information or documents necessary to reasonably ascertain facts underlying the applicant's criminal history.

(10) (a) The board may require, as a condition of license renewal on or after January 1, 2009, continuing education of licensees for the purpose of enhancing the professional competence and professional responsibility of all licensees.

(b) Continuing professional education requirements shall be determined by the board by rule; except that licensees shall be required to complete at least eight credit hours of continuing education each year. The board may contract with one or more independent service providers to develop, review, or approve continuing education courses. The contract may allow the independent service provider to recover from licensees its costs incurred in connection with these functions. The board may contract separately for these functions and may allow the costs to be collected by a single contractor for distribution to other contractors.

(11) (a) The board may require contractors and prospective contractors for services under subsections (4) and (10) of this section to submit, for the board's review and approval,

information regarding the contents and materials of proposed courses and other documentation reasonably necessary to further the purposes of this section.

(b) The board may set fees for the initial and continuing review of courses for which credit hours will be granted. The initial filing fee for review of materials shall not exceed five hundred dollars, and the fee for continued review shall not exceed two hundred fifty dollars per year per course offered.

(12) The board may adopt reasonable rules to implement this section. The board may adopt rules necessary to implement provisions required in the federal "Secure and Fair Enforcement for Mortgage Licensing Act of 2008", 12 U.S.C. sec. 5101 et seq., as amended, and for participation in the nationwide mortgage licensing system and registry.

(13) In order to fulfill the purposes of this part 7, the board may establish relationships or contracts with the nationwide mortgage licensing system and registry or other entities designated by the nationwide mortgage licensing system and registry to collect and maintain records and process transaction fees or other fees related to licensees or other persons subject to this part 7.

(14) The board may use the nationwide mortgage licensing system and registry as a channeling agent for requesting information from or distributing information to the department of justice, a government agency, or any other source.

DIVISION OF CONSERVATION

ARTICLE 15

Division of Conservation

Editor's note: This title 12 was repealed and reenacted, with relocations, in 2019. This article 15 was numbered as part 11 of article 61 of this title 12 prior to 2019. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated. For a detailed comparison of this title 12, see the comparative tables located in the back of the index or <https://leg.colorado.gov/sites/default/files/images/olls/title-12-2019-table.pdf>.

12-15-101. Legislative declaration. (1) The general assembly finds, determines, and declares that:

(a) Colorado's conservation easement program is an important preservation tool used to balance economic needs with natural resources such as land and water preservation. Colorado's conservation easement tax credit and the federal tax deduction have allowed many farmers and ranchers the opportunity to donate their development rights to preserve a legacy of open spaces in Colorado for wildlife, agriculture, and ranching.

(b) Citizens throughout Colorado believe good, sound conservation practices are important to Colorado's quality of life, agriculture, and natural heritage;

(c) Colorado's conservation easement tax credit program was designed to give landowners an incentive to conserve and preserve their land in a predominantly natural, scenic, or open condition;

(d) Creating a division of conservation within the department of regulatory agencies will keep a firewall between professional evaluation and professional discipline, while creating a division to ensure this program allows landowners to exercise their private property rights while protecting taxpayers from the fraud and abuse that existed in the program prior to 2009;

(e) Establishing the division of conservation to administer the conservation easement tax credit program will:

(I) Allow the division to continue to certify conservation easement holders to identify fraudulent or unqualified organizations and prevent them from holding conservation easements for which tax credits are claimed in the state;

(II) Allow the conservation easement oversight commission to advise the division and the department of revenue regarding conservation easements for which a tax credit is claimed and to review applications for conservation easement holder certification;

(III) Ensure that the division and the department of revenue are sharing relevant information concerning conservation easement appraisals in order to ensure compliance with accepted appraisal practices and other provisions of law; and

(IV) Ensure that the fees paid by taxpayers are adequate to pay for the administrative costs of the division and the conservation easement oversight commission in administering the requirements of this article 15, but not so high as to act as a disincentive to the creation of conservation easements in the state.

Editor's note: (1) This section is similar to former § 12-61-1101 as it existed prior to 2019.

(2) Before its relocation in 2019, this section was amended in HB 19-1264. Those amendments were superseded by the repeal and reenactment of this title 12, effective October 1, 2019. For those amendments to the former section in effect from June 30, 2019, to October 1, 2019, see HB 19-1264, chapter 420, Session Laws of Colorado 2019.

12-15-102. Division of conservation - creation - director. (1) There is hereby created within the department the division of conservation, referred to in this article 15 as the "division". The executive director is authorized by this section to employ, subject to the provisions of the state personnel system laws of the state, a director of the division, who in turn shall employ such deputies, clerks, and assistants as are necessary to discharge the duties imposed by this article 15. The division and the director of the division shall exercise their powers and perform their duties and functions under the department as if they were transferred to the department by a **type 2** transfer.

(2) It is the duty of the director of the division, or his or her designee, to aid in the administration and enforcement of this article 15 and to administer, in consultation with the conservation easement oversight commission, the certification of conservation easement holders and issuance of tax credit certificates as provided in this article 15.

Editor's note: This section is similar to former § 12-61-1102 as it existed prior to 2019.

12-15-103. Conservation easement oversight commission - created - repeal. (1)

There is hereby created in the division a conservation easement oversight commission, referred to in this article 15 as the "commission". The commission shall exercise its powers and perform its duties and functions under the division as if transferred thereto by a **type 2** transfer, as defined in the "Administrative Organization Act of 1968", article 1 of title 24. The commission consists of eight members as follows:

(a) One member representing the great outdoors Colorado program, appointed by and serving as an advisory, nonvoting member at the pleasure of the state board of the great outdoors Colorado trust fund established in article XXVII of the state constitution;

(b) One voting member representing the department of natural resources, appointed by and serving at the pleasure of the executive director of the department of natural resources;

(c) One voting member representing the department of agriculture, appointed by and serving at the pleasure of the commissioner of agriculture;

(d) Three voting members appointed by the governor as follows:

(I) Two voting representatives of certified conservation easement holders; and

(II) A voting individual who is competent and qualified to analyze the conservation purpose of conservation easements; and

(e) Two voting members of the general public, one appointed by the president of the senate to serve at the pleasure of the president and one appointed by the speaker of the house of representatives to serve at the pleasure of the speaker. Appointments made pursuant to this subsection (1)(e) are for three-year terms and no member shall serve more than two consecutive terms.

(2) In making appointments to the commission, the governor shall consult with the three members of the commission appointed pursuant to subsections (1)(a) to (1)(c) of this section and with appropriate organizations representing the particular interest or area of expertise that the appointees in subsections (1)(d)(I) and (1)(d)(II) of this section represent. Not more than two of the governor's appointees serving at the same time shall be from the same political party. In making the initial appointments, the governor shall appoint one member for a term of two years. All other appointments by the governor are for terms of three years. No member shall serve more than two consecutive terms. In the event of a vacancy by death, resignation, removal, or otherwise, the governor shall appoint a member to fill the unexpired term. The governor may remove any member for misconduct, neglect of duty, or incompetence.

(3) (a) At the request of the division or the department of revenue, the commission shall advise the division and the department of revenue regarding conservation easements for which a state income tax credit is claimed pursuant to section 39-22-522.

(b) The commission shall review conservation easement tax credit certificate applications and requests for optional preliminary advisory opinions in accordance with section 12-15-106.

(4) The commission shall meet at least quarterly. The division shall convene the meetings of the commission and provide staff support as requested by the commission. A majority of the voting members of the commission constitutes a quorum for the transaction of all business, and actions of the commission require a vote of a majority of the voting members present in favor of the action taken. The commission may delegate to the director of the division the authority to act on behalf of the commission on occasions and in circumstances that the

commission deems necessary for the efficient and effective administration and execution of the commission's responsibilities under this article 15.

(5) The commission shall establish a conflict-of-interest policy to ensure that any member of the commission is disqualified from performing an act that conflicts with a private pecuniary interest of the member or from participating in the deliberation or decision-making process for certification for an applicant represented by the member.

(6) The commission shall advise and make recommendations to the director of the division regarding the certification of conservation easement holders in accordance with section 12-15-104.

(7) Commission members are immune from liability in accordance with the provisions of the "Colorado Governmental Immunity Act", article 10 of title 24.

(8) This section is repealed, effective July 1, 2026.

Editor's note: (1) This section is similar to former § 12-61-1103 as it existed prior to 2019.

(2) Before its relocation in 2019, this section was amended in HB 19-1264. Those amendments were superseded by the repeal and reenactment of this title 12, effective October 1, 2019. 12-15-104. Certification of conservation easement holders - rules - definition - repeal. (1) The division shall, in consultation with the commission created in section 12-15-103, establish and administer a certification program for qualified organizations under section 170 (h) of the federal "Internal Revenue Code of 1986", as amended, that hold conservation easements for which a tax credit is claimed pursuant to section 39-22-522. The purposes of the program are to:

(a) Establish minimum qualifications for certifying organizations that hold conservation easements to encourage professionalism and stability; and

(b) Identify fraudulent or unqualified applicants, as determined under the rules of the division, to prevent them from becoming certified by the program.

(2) The division shall establish and accept applications for certification. The division shall conduct a review of each application and consider the recommendations of the commission before making a final determination to grant or deny certification. In reviewing an application and in granting certification, the division and the commission may consider:

(a) The applicant's process for reviewing, selecting, and approving a potential conservation easement;

(b) The applicant's stewardship practices and capacity, including the ability to maintain, monitor, and defend the purposes of the easement;

(c) An audit of the applicant's financial records;

(d) The applicant's system of governance and ethics regarding conflicts of interest and transactions with related parties as described in section 267 (b) of the federal "Internal Revenue Code of 1986", as amended, donors, board members, and insiders. For purposes of this

subsection (2)(d), "insiders" means board and staff members, substantial contributors, parties related to those above, those who have an ability to influence decisions of the organization, and those with access to information not available to the general public.

(e) Any other information deemed relevant by the division or the commission; and

(f) The unique circumstances of the different entities to which this certification applies as set forth in subsection (4) of this section.

(3) At the time of submission of an application, and each year the entity is certified pursuant to this section, the applicant shall pay the division a fee, as prescribed by the division, to cover the costs of the division and the commission in administering the certification program for entities that hold conservation easements for which tax credits are claimed pursuant to section 39-22-522. The division shall have the authority to accept and expend gifts, grants, and donations for the purposes of this section. The state treasurer shall credit fees, gifts, grants, and donations collected pursuant to this subsection (3) to the conservation cash fund created in section 12-15-107. On or before each January 1, the division shall certify to the general assembly the amount of the fee prescribed by the division pursuant to this subsection (3).

(4) The certification program applies to:

(a) Nonprofit entities holding easements on property with conservation values consisting of recreation or education, protection of environmental systems, or preservation of open space;

(b) Nonprofit entities holding easements on property for historic preservation; and

(c) The state and any municipality, county, city and county, special district, or other political subdivision of the state that holds an easement.

(5) The certification program shall contain a provision allowing for the expedited or automatic certification of an entity that is currently accredited by national land conservation organizations that are broadly accepted by the conservation industry.

(6) The commission shall meet at least quarterly and make recommendations to the division regarding the certification program. The division is authorized to determine whether an applicant for certification possesses the necessary qualifications for certification required by the rules adopted by the division. If the division determines that an applicant does not possess the applicable qualifications for certification or that the applicant has violated any provision of this article 15, the rules promulgated by the division, or any division order, the division may deny the applicant a certification or deny the renewal of a certification, and, in such instance, the division shall provide the applicant with a statement in writing setting forth the basis of the division's determination. The applicant may request a hearing on the determination as provided in section 24-4-104 (9). The division shall notify successful applicants in writing. An applicant that is not certified may reapply for certification in accordance with procedures established by the division.

(7) The division shall promulgate rules to effectuate the duties of the commission pursuant to article 4 of title 24. The rules shall specifically address the following:

(a) Allowing for the expedited or automatic certification of an entity that is currently accredited by national land conservation organizations that are broadly accepted by the conservation industry; and

(b) A streamlined and lower-cost process for conservation easement holders that do not intend to accept new donations of conservation easements for which tax credits would be claimed that focuses on the holder's stewardship capabilities.

(c) and (d) (Deleted by amendment, L. 2019.)

(8) A conservation easement tax credit certificate application may be submitted pursuant to section 12-15-106 only if the entity has been certified in accordance with this section at the time the donation of the easement is made. The division shall make information available to the public concerning the date that it commences accepting applications for entities that hold conservation easements and the requirements of this subsection (8).

(9) The division shall maintain and update an online list, accessible to the public, of the organizations that have applied for certification and whether each has been certified, rejected for certification, or had its certification revoked or suspended in accordance with this section.

(10) The division may investigate the activities of any entity that is required to be certified pursuant to this section and to impose discipline for noncompliance, including the suspension or revocation of a certification or the imposition of fines. The division may promulgate rules in accordance with article 4 of title 24 for the certification program and discipline authorized by this section.

(11) The division may subpoena persons and documents, which subpoenas may be enforced by a court of competent jurisdiction if not obeyed, for purposes of conducting investigations pursuant to subsection (10) of this section.

(12) Nothing in this section:

(a) Affects any tax credit that was claimed pursuant to section 39-22-522 before certification was required by this section; or

(b) Requires the certification of an entity that holds a conservation easement for which a tax credit is not claimed pursuant to section 39-22-522.

(13) This section is repealed, effective July 1, 2026.

Nothing in this section restricts or limits the authority of the division to enforce this article 15. The division may promulgate rules in accordance with article 4 of title 24 for the issuance of the certificates. In promulgating rules, the division may include provisions governing:

(a) The review of the tax credit certificate application pursuant to this article 15;

(b) The administration and financing of the certification process;

(e) Any other matters related to administering section 39-22-522 (2.5) or this article 15.

(2) The division shall apply the amount claimed in a completed tax credit certificate application against the annual tax credit limit in the order that completed applications are received. The division shall apply claimed tax credit amounts that exceed the annual limit in any year against the limit for the next available year and issue tax credit certificates for use in the year in which the amount was applied to the annual limit.

(3) The division shall not issue tax credit certificates that in aggregate exceed the limit set forth in section 39-22-522 (2.5) during a particular calendar year.

The purpose of the application process is to determine whether a conservation easement donation for which a tax credit will be claimed:

(I) Is a contribution of a qualified real property interest to a qualified organization to be used exclusively for a conservation purpose;

(II) Is substantiated with a qualified appraisal prepared by a qualified appraiser in accordance with the substance and principles of uniform standards of professional appraisal practice or an alternative method acceptable to the division and the commission; and

(III) Complies with the requirements of this section.

(b) The landowner has the burden of proof regarding compliance with all applicable laws, rules, and regulations.

(3) For the purpose of reviewing applications and making determinations regarding the issuance of tax credit certificates, including the dollar amount of the tax credit certificate to be issued:

(I) The appraisal for a conservation easement donation for which a tax credit is claimed pursuant to section 39-22-522 is a qualified appraisal from a qualified appraiser, as defined in section 170 (f) of the federal "Internal Revenue Code of 1986", as amended, and any federal regulations promulgated in connection with that section;

(II) The appraisal conforms with the substance and principles of the uniform standards of professional appraisal practice promulgated by the Appraisal Standards Board of the Appraisal Foundation and any other provision of law; and

(III) The appraiser holds a valid license as a certified general appraiser in accordance with part 6 of article 10 of this title 12.

(IV) Repealed.

(c) The director has the authority and responsibility to determine compliance with the requirements of section 12-15-104.

(4) The department of revenue is not authorized to disallow a conservation easement tax credit based on any requirements that are under the jurisdiction of the division, the director, or the commission pursuant to this section.

(5) A complete tax credit certificate application must be made by the landowner to the division and must include:

(a) A copy of the final conservation easement appraisal;

(6) A landowner submitting an application for a tax credit certificate pursuant to this section or an application for an optional preliminary advisory opinion pursuant to subsection (14) of this section shall pay the division a fee as prescribed by the division. The application fee for an optional preliminary advisory opinion may be a different dollar amount than the application fee for a tax credit certificate. The fees must be adequate to pay for the administrative costs of the division and the commission in administering the requirements of this section, but not so high as to act as a disincentive to the creation of conservation easements in

the state. The state treasurer shall credit the fees collected pursuant to this subsection (6) to the conservation cash fund created in section 12-15-107. On or before January 1, 2014, and on or before each January 1 thereafter, the division shall certify to the general assembly the amount of any fees prescribed by the division pursuant to this subsection (6).

(7) (a) If, during the review of an application for a tax credit certificate, the director or the commission identifies any potential deficiencies, the director or commission shall document the potential deficiencies in a letter sent to the landowner by first-class mail. The division shall send letters documenting potential deficiencies to landowners in a timely manner so that the number of days between the date a completed application is received by the division and the mailing date of the division's letter to the landowner does not exceed one hundred twenty days.

(b) The landowner has sixty days after the mailing date of the division's letter to address the potential deficiencies identified by the director and the commission and provide additional information or documentation that the director or the commission deems necessary to make a final determination regarding the application.

(c) The director and the commission have ninety days after the date of receipt of any additional information or documentation provided by the landowner to review the information and documentation and make a final determination regarding the application.

(d) The deadlines prescribed by this subsection (7) may be extended upon mutual agreement between the director and the commission and the landowner.

(8) The director or the commission may deny an application if the landowner:

(a) Has not demonstrated to the satisfaction of the director or the commission that the application complies with any requirement of this article 15;

(b) Does not provide the information and documentation required pursuant to this article 15; or

(c) Fails to timely respond to any written request or notice from the division, the director, or the commission.

(9) If the director reasonably believes that any appraisal submitted in accordance with this section is not credible, the director, after consultation with the commission, may request that the landowner, at the landowner's expense, obtain either a second appraisal or a review of the appraisal submitted with the application from an appraiser who meets the requirements of part 6 of article 10 of this title 12 and is in good standing with the board of real estate appraisers before making a final determination regarding the application.

(10) If the director and the commission do not identify any potential deficiencies with an application, the director and the commission shall approve the application, and the division shall issue a tax credit certificate to the landowner pursuant to section 12-15-105 in a timely manner so that the number of days between the date a completed application is received by the division and the date the tax credit certificate is issued does not exceed one hundred twenty days. Once a tax credit certificate is issued, the landowner may claim and use the tax credit subject to any other applicable procedures and requirements under title 39.

(11) (a) If all potential deficiencies that have been identified are subsequently addressed to the satisfaction of the director and the commission, the director and the commission shall approve the application, and the division shall issue a tax credit certificate to the landowner pursuant to section 12-15-105. Once a tax credit certificate is issued, the landowner may claim and use the tax credit subject to any other applicable procedures and requirements under title 39.

(b) If any potential deficiencies that have been identified are not subsequently addressed to the satisfaction of the director and the commission, the division shall issue a written denial of the application to the landowner documenting those deficiencies that were the specific basis for the denial. The division shall date the written denial and send it by first-class mail to the landowner at the address provided by the landowner on the application. The director may act on behalf of the commission for purposes of administering the process for issuing approvals and denials of applications and for administering subsection (12) of this section.

(12) (a) The landowner may appeal to the director either the director's or the commission's denial of an application, in writing, within thirty days after the issuance of the denial. This written appeal constitutes a request for an administrative hearing.

(b) If the landowner fails to appeal the denial of an application within thirty days after the issuance of the denial, the denial becomes final, and the division shall not issue a tax credit certificate to the landowner.

(c) Administrative hearings must be conducted in accordance with section 24-4-105. At the discretion of the director, hearings may be conducted by an authorized representative of the director or the commission or an administrative law judge from the office of administrative courts in the department of personnel. All hearings must be held in the county where the division is located unless the director designates otherwise. The decision of the director or the commission is subject to judicial review by the court of appeals and is subject to the provisions of section 24-4-106.

(d) In conducting settlement discussions with a landowner, the director and the commission may compromise on any of the deficiencies identified in the application and supporting documentation, including the dollar amount of the tax credit certificate to be issued. The director shall place on file in the division a record of any compromise and the reasons for the compromise.

(e) The director may promulgate rules pursuant to article 4 of title 24 to effectuate the purposes of this subsection (12).

(13) (a) Commencing with the 2014 calendar year, and for each calendar year thereafter, the division shall create a report, which shall be made available to the public, containing the following aggregate information:

(I) The total number of tax credit certificate applications received, approved, and denied in accordance with this section, along with average processing times;

(II) For applications approved in accordance with this section:

(A) The total acreage under easement summarized by the allowable conservation purposes as defined in section 170 (h) of the federal "Internal Revenue Code of 1986", as amended, and any federal regulations promulgated in connection with that section;

(B) The total appraised value of the easements;

(C) The total donated value of the easements; and

(D) The total dollar amount of tax credit certificates issued.

(b) The division may include additional easement-specific information in the public report that, notwithstanding the provisions of this article 15 or any other law to the contrary, would otherwise be publicly available.

(c) The director is authorized to share publicly available information regarding conservation easements with a third-party vendor for the purpose of developing and maintaining a registry of conservation easements in the state with a corresponding map displaying the

boundaries of each easement in the state relative to county boundaries and other relevant mapping information. For purposes of this subsection (13)(c), "publicly available information" means any document showing evidence of its recordation in the records of a county clerk and recorder or other information readily available to the general public. Prior to sharing the information, the director shall consult with the commission regarding the appropriate types of information and the methods used for collecting the information. The department of regulatory agencies shall annually report on the information contained in the registry as a part of its presentation to its committee of reference at a hearing held pursuant to section 2-7-203 (2)(a) of the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act". The information to be shared shall include the following:

- (I) Any deeds, contracts, or other instruments creating, assigning, or terminating the easement, including the reception numbers on all instruments;
- (II) The location and acreage of each easement, delineated by county;
- (III) The name of the original grantor of the easement and the name of the original grantee of the easement;
- (IV) Whether the holder of the easement is a certified organization pursuant to section 12-15-104;
- (V) The conservation purposes of the easement; and
- (VI) If a tax credit was issued.

(14) (a) In addition to the tax credit certificate application process set forth in this section, a landowner may submit a proposed conservation easement donation to the division to obtain an optional preliminary advisory opinion regarding the transaction. The opinion may address the proposed deed of conservation easement, appraisal, conservation purpose, or other relevant aspect of the transaction.

(b) The division, the director, and the commission shall review the information and documentation provided in a manner consistent with the scope of their authority and responsibilities for reviewing tax credit certificate applications as outlined in subsection (3) of this section and issue either a favorable opinion or a nonfavorable opinion.

(c) The director or the commission may request that the landowner submit additional information or documentation that the director or the commission deems necessary to complete the review and issue an opinion.

(d) A nonfavorable opinion shall set forth any potential deficiencies identified by the director or the commission and that fall within the scope of the director's and the commission's review of the conservation easement transaction. The preliminary opinion is advisory only and is not binding for any purpose upon the division, the director, the commission, or the department of revenue.

(14.5) (a) The division shall convene a working group in conjunction with the department of law and the department of revenue to develop proposed statutes and regulations for the following:

(I) An alternative method to the appraisal process set forth in section 39-22-522 (3.3) to establish the amount of tax credits for which a qualified conservation easement contribution would be eligible;

(II) A process to provide retroactive tax credits, payments, or refunds to taxpayers who claimed credits pursuant to section 39-22-522 between January 1, 2000, and December 31, 2013,

and whose tax credits were denied in whole or in part, including the development of eligibility criteria for receiving such retroactive tax credits, payments, or refunds; and

(III) Recommendations for administering orphaned conservation easements.

(b) The working group shall consist of eight members. The president of the senate, the minority leader of the senate, the speaker of the house of representatives, and the minority leader of the house of representatives shall each appoint two members to the working group prior to June 1, 2019. In making appointments, consideration should be given to appointing individuals who are certified easement holders, taxpayers who have considered conveying a conservation easement or conveyed a conservation easement and claimed a tax credit, conservation easement appraisers, and conservation attorneys. The working group shall convene its first meeting in a hearing room at the state capitol building at 9:00 a.m. on June 25, 2019. The working group shall select a chairperson at the first meeting. At each meeting of the working group, it shall designate the date, place, and time of its next meeting.

(c) The working group shall submit a report to the rural affairs and agriculture committee of the house of representatives and the agriculture and natural resources committee of the senate by no later than December 1, 2019. The report must include any recommendations for legislation or rule-making to address the issues addressed pursuant to this subsection (14.5).

(15) The division may promulgate rules to effectuate the purpose, implementation, and administration of this section pursuant to article 4 of title 24. The authority to promulgate rules includes the authority to:

(a) Define further in rule the administrative processes and requirements, including application processing and review time frames, for obtaining and issuing an optional preliminary advisory opinion pursuant to subsection (14) of this section; and

(b) Adopt best practices, processes, and procedures used by other entities that regularly review conservation easement transactions, including a practice, process, or procedure deeming qualified conservation easement appraisals approved by these entities based on their independent reviews as credible for purposes of the conservation easement tax credit.

(16) Notwithstanding the provisions of the "Colorado Open Records Act", part 2 of article 72 of title 24, the division, the director, and the commission shall deny the right of public inspection of any documentation or other record related to information obtained as part of an individual landowner's application for a tax credit certificate or an optional preliminary advisory opinion pursuant to the requirements of this section, including documentation or other records related to administrative hearings and settlement discussions held pursuant to subsection (12) of this section. The division, the director, and the commission may share documentation or other records related to information obtained pursuant to this section with the department of revenue.

(17) Nothing in this section affects any tax credit that is claimed or used pursuant to section 39-22-522 for conservation easement donations occurring prior to January 1, 2014.

12-20-103. Division of professions and occupations - creation - duties of division and department head - office space - per diem for board or commission members - review of functions. (1) **Division created.** (a) There is hereby created a division of professions and occupations in the department of regulatory agencies, the head of which is the director of professions and occupations. The executive director of the department shall appoint the director in accordance with section 13 of article XII of the state constitution. Except as provided in subsection (1)(b) of this section, the director shall appoint other personnel as necessary for the efficient operation of the division.

(b) Subject to available appropriations, the director shall give good-faith consideration to the recommendations of any **type 1** board or commission relating to the employment of the primary administrator to assist the board or commission, whether the person is designated as an executive secretary, a program administrator, or another title or position.

(3) **Approval of rules.** The supervision and control of, and the management support for, boards, commissions, and programs by the department of regulatory agencies and the division also includes the approval or disapproval of rules of the boards, commissions, and director relating to the examination and licensure, certification, or registration of applicants to ensure that the rules are fair and impartial.

All salaries to be paid to the employees and subordinate officers shall be within the appropriation made therefor by the general assembly.

(5) **Office space.** (a) Each board, commission, and program shall be provided with suitable offices in the capitol buildings group if space is available in any of the buildings and, if not, then in a suitable office building in the city and county of Denver selected by the executive director of the department of personnel. It is lawful and proper for two or more of the boards, commissions, or programs to be assigned space in the same office room or suite, if the grouping or joint occupancy, in the opinion of the executive director of the department of regulatory agencies, will not unreasonably interfere with the efficient operation of the boards, commissions, or programs so grouped or joined.

(b) Each board, commission, or program to which office space is provided shall pay into the general fund of the state, out of the money the general assembly appropriates to the division for use by the board, commission, or program, a monthly or annual charge for rental, heat, light, telephone, collection, legal, and other state services made available to the board, commission, or program. 12-20-104. Excise tax on renewal fees - report to joint budget committee - definition. (1) Notwithstanding any provision of law to the contrary, there is imposed, and the executive director shall collect, an excise tax of one dollar for each year of the renewal period upon the payment of renewal fees that are required to be paid by individuals for the renewal of a license, registration, or certificate granting the individual authority or permission from the state to continue the practice of a profession or occupation; except that the excise tax shall not be imposed on the renewal fee paid by nurse aides pursuant to section 12-255-107.

(2) For the purposes of this section, "renewal fees" includes all fees for the renewal, reinstatement, and continuation of a license, registration, or certificate for the practice of a profession or occupation in this state as provided in section 12-20-202 (1) and (2). "Renewal fees" does not include fees paid for initial licensure, registration, or certification; application fees; examination fees; penalty late fees; duplicate license fees; regulator action fees; verification fees; license change fees; fees for the verification of licensure, registration, or certification status to other states; electrical inspection permit fees; plumbing inspection fees; and fees for certification of grades.

12-20-105. Fee adjustments - division of professions and occupations cash fund created - legal defense account created - definition. (1) This section applies to all activities of the division and all regulators.

(2) (a) The director shall propose, as part of the division's annual budget request, an adjustment in the amount of each fee that each regulator is authorized by law to collect. The budget request and the adjusted fees for each regulator must reflect direct and indirect costs that are appropriated in the annual general appropriation act.

(b) (I) Except as otherwise provided in subsection (2)(b)(II) of this section, based upon the appropriation made and subject to the approval of the executive director, each regulator shall adjust the fees the regulator is authorized by law to collect so that the revenue generated from the fees approximates its direct and indirect costs.

(II) The costs of the state board of psychologist examiners, the state board of marriage and family therapist examiners, the state board of licensed professional counselor examiners, the state board of social work examiners, the state board of unlicensed psychotherapists, and the state board of addiction counselor examiners shall be considered collectively in the renewal fee-setting process. Subsequent revenue generated by the fees set by the boards plus revenues generated pursuant to section 12-245-703 shall be compared to those collective costs to determine recovery of direct and indirect costs.

(III) The fees set pursuant to this subsection (2)(b) remain in effect for the fiscal year for which the budget request applies.

(3) All fees collected by a regulator, not including any fees retained by contractors as established pursuant to section 24-34-101 (10), shall be transmitted to the state treasurer, who shall credit them to the division of professions and occupations cash fund, which fund is hereby created. All money credited to the division of professions and occupations cash fund shall be used as provided in this section and shall not be deposited in or transferred to the general fund of this state or any other fund.

(4) Any fees established pursuant to section 24-34-101 (10) or (11) may be received by a contractor and retained as payment for the costs of examination or other services rendered pursuant to the contract with the executive director. Fees retained by a contractor and not collected by the state or deposited with the state treasurer are not subject to article 36 of title 24.

(5) (a) The excise tax collected pursuant to section 12-20-104 shall be credited to the legal defense account, which account is hereby created within the division of professions and

occupations cash fund. The excise tax is the sole source of funding for the account, and no other fee or portion of a fee collected by a regulator and credited to the division of professions and occupations cash fund shall be deposited in or transferred to the account. The account shall be used to supplement revenues received by the division but shall only be used for the purpose of paying legal expenses incurred by a regulator. Upon a determination of the need of a regulator for additional revenues for the payment of legal expenses, the director may authorize the allocation of revenues from the legal defense account to a regulator for legal expenses.

(b) For purposes of this subsection (5), "legal expenses" includes costs relating to holding administrative hearings and charges for legal services provided by the department of law, administrative law judge services, investigative services, expert witnesses, and consultants.

(6) Each July 1, whenever money appropriated to the division for the activities of a regulator for the prior fiscal year is unexpended, the money shall be made a part of the appropriation to the division for the next fiscal year, and the amount shall not be raised from fees collected by the regulator. If a supplemental appropriation is made to the division for the activities of a regulator, the fees of the regulator, when adjusted for the fiscal year following the fiscal year in which the supplemental appropriation was made, shall be adjusted by an additional amount that is sufficient to compensate for the supplemental appropriation. Money appropriated to the division in the annual long appropriation bill shall be designated as cash funds and shall not exceed the amount anticipated to be raised from fees collected by the regulators.

12-20-201. Payment of fees - condition of licensure, certification, or registration.

The division shall not license, certify, or register a person who has applied to, and has otherwise satisfied the requirements for licensure, certification, or registration by, a regulator until the applicant has paid and the division has received all applicable fees.

Source: L. 2019: Entire title R&RE with relocations, (HB 19-1172), ch. 136, p. 735, § 1, effective October 1.

12-20-202. Licenses, certifications, and registrations - renewal - reinstatement - fees - occupational credential portability program - temporary authority for military spouses - definitions - exceptions for military personnel - rules - consideration of criminal convictions - executive director authority. (1) Renewal. (a) Licenses, certifications, and registrations issued pursuant to a part or article of this title 12 expire pursuant to a schedule established by the director and must be renewed or reinstated in accordance with this section.

The director shall establish renewal fees and delinquency fees for reinstatement pursuant to section 12-20-105. If a person fails to renew the person's license, certification, or registration pursuant to the schedule established by the director, the license, certification, or registration expires. A person whose license, certification, or registration has expired is subject to the penalties set forth in this section and any other penalties authorized in the applicable part or article of this title 12 that regulates the person's profession or occupation.

(b) Notwithstanding any provision of the law to the contrary, the director may change the renewal date of any license, certification, or registration issued by a regulator so that approximately the same number of licenses, certifications, or registrations are scheduled for renewal in each month of the year. Where any renewal date is so changed, the fee for the license, certification, or registration is proportionately increased or decreased, as the case may be. A license, certification, or registration is valid for a period of no less than one year and no longer than three years, as determined by the director in consultation with the applicable regulator. A licensee, certificate holder, or registrant shall submit an application for renewal to the applicable regulator on forms and in the manner prescribed by the director.

(c) Notwithstanding any provision of the law to the contrary, upon the approval and recommendation of a regulator, the executive director may change the period of the validity of any license, certification, or registration issued by the regulator for a period not to exceed three years. If the executive director changes the period of validity of a license, certification, or registration pursuant to this subsection (1)(c), the director shall proportionately increase or decrease the fee for the license, certification, or registration, as the case may be, but the director shall not impose a fee increase that would result in hardship to the licensee, certificate holder, or registrant.

(d) A regulator may prescribe renewal requirements, which must include compliance with any continuing education or continuing competency requirements adopted pursuant to the regulator's authority.

(e) The director shall allow for a grace period for licenses, certifications, or registrations issued by a regulator. A licensee, certificate holder, or registrant has a sixty-day grace period after the expiration of his or her license, certification, or registration to renew the license, certification, or registration without the imposition of a disciplinary sanction by the regulator for the profession for practicing on an expired license, certification, or registration. The licensee, certificate holder, or registrant shall satisfy all renewal requirements pursuant to the applicable part or article of this title 12 and shall pay a delinquency fee in an amount determined pursuant to sections 12-20-105 and 24-79.5-102.

(2) **Reinstatement.** (a) If a licensee, registrant, or certificate holder does not renew his or her license, registration, or certificate within the sixty-day grace period pursuant to subsection (1)(e) of this section, the license, registration, or certificate is treated as an expired license, registration, or certificate, and the licensee, registrant, or certificate holder is ineligible to practice until the license, registration, or certificate is reinstated.

(b) The regulator shall reinstate the expired license, certificate, or registration of any active military personnel, including any National Guard member or reservist who is currently on active duty for a minimum of thirty days, and any veteran who has not been dishonorably discharged, if the military personnel or veteran meets the requirements of this subsection (2).

(c) The regulator, in its discretion and pursuant to its authority, may reinstate an expired license, registration, or certificate of any person other than the active military personnel or veterans specified in subsection (2)(b) of this section pursuant to the following requirements:

(I) (A) The licensee, registrant, or certificate holder submits an application for reinstatement of the license, registration, or certificate to the regulator sixty days or more after the date of expiration, and the licensee, registrant, or certificate holder complies with all requirements of the applicable part or article of this title 12.

(B) If the licensee, registrant, or certificate holder practiced with an expired license, registration, or certificate, the regulator may impose disciplinary actions against the licensee, registrant, or certificate holder.

(II) If the license, registration, or certificate has been expired for more than two years, the person with the expired license, registration, or certificate shall pay all applicable renewal and reinstatement fees and shall satisfactorily demonstrate to the regulator that the person is competent to practice within his or her profession. The regulator, as it deems appropriate, shall accept one or more of the following as a demonstration of competency to practice:

(A) A license, registration, or certificate from another state that is in good standing for the applicant where the applicant demonstrates active practice;

(B) Practice for a specified time under a restricted license, registration, or certificate;

(C) Successful completion of prescribed remedial courses ordered by the regulator that are within the authority of the regulator to require;

(D) Successful completion of any continuing education or continuing competency requirements prescribed by the regulator that are within the authority of the regulator to require;

(E) Passage of an examination for licensure, registration, or certification as approved by the regulator that the regulator has the authority to require; or

(F) Other professional standards or measures of continued competency as determined by the regulator.

(III) The regulator may waive the requirements for reinstatement of an expired license, registration, or certificate by an applicant who demonstrates hardship, so long as the regulator considers the protection of the public in the hardship petition.

(3) **Occupational credential portability program.** (a) There is hereby created in the division the occupational credential portability program by which a regulator may approve an application for licensure, certification, registration, or enrollment by endorsement, reciprocity, or transfer. Each regulator shall strive to reduce barriers for applicants under the occupational credential portability program, including through reciprocity agreements, compacts, or other means to expedite licensure, certification, registration, or enrollment and shall adopt rules to implement the program in the least burdensome way necessary to protect the public. Unless there are specific reasons to withhold a license, certification, registration, or enrollment, a regulator shall issue a license, certification, registration, or enrollment, as applicable, to an applicant who meets the requirements of this subsection (3) and rules adopted by the regulator pursuant to this subsection (3).

(b) (I) Except as specified in subsections (3)(c) and (3)(f) of this section, a person duly licensed, certified, registered, or enrolled in good standing in another state or United States territory to practice a particular profession or occupation is, upon application to the division for licensure, certification, registration, or enrollment in that profession or occupation in this state, entitled to the issuance of the applicable license, certification, registration, or enrollment upon:

(A) Submission of satisfactory proof to the regulator, under penalty of perjury, of the applicant's substantially equivalent experience or credentials, as required by the part or article of this title 12 that regulates the applicable profession or occupation, and that the applicant has not committed an act that would be grounds for disciplinary action under the law governing the applicable profession or occupation;

(B) Payment of applicable fees established pursuant to section 12-20-105; and

(C) Compliance with any other applicable requirement, including passing an exam, of the part or article of this title 12 that regulates the applicable profession or occupation.

(II) For the purposes of this subsection (3)(b), "in good standing" means that a license, certification, registration, or enrollment has not been revoked or suspended and against which there are no outstanding disciplinary or adverse actions.

(c) An applicant is not entitled to licensure, certification, registration, or enrollment pursuant to this subsection (3) if approving the licensure, certification, registration, or enrollment would violate an existing compact or reciprocity agreement or if the regulator demonstrates by a preponderance of evidence, after notice and opportunity for a hearing, that the applicant:

(I) Lacks the requisite substantially equivalent experience or credentials to practice the applicable profession or occupation; or

(II) Has committed an act that would be grounds for disciplinary action under the law governing the applicable profession or occupation.

(d) A regulator may specify by rule what constitutes substantially equivalent experience or credentials and, unless otherwise prohibited by this title 12, shall allow an applicant for certification, registration, or licensure by endorsement to demonstrate competency in a specific profession or occupation as determined by the regulator in lieu of a requirement that the applicant has worked or practiced in that profession or occupation for a period of time prior to the application for endorsement.

(e) Subsections (3)(a) to (3)(d) of this section do not apply to the following professions or occupations:

(I) Combative sports, regulated pursuant to article 110 of this title 12;

(II) Electricians, regulated pursuant to article 115 of this title 12;

(III) Fantasy contests, regulated pursuant to article 125 of this title 12;

(IV) Mortuaries and crematories, regulated pursuant to article 135 of this title 12;

(X) Direct-entry midwives, regulated pursuant to article 225 of this title 12; or

(XI) Surgical assistants and surgical technologists, regulated pursuant to article 310 of this title 12.

(f) Effective January 1, 2021:

(I) Except as specified in subsection (3)(f)(III) of this section, a military spouse duly licensed, certified, registered, or enrolled in good standing in another state or United States territory to practice a particular profession or occupation is, upon application to the division for licensure, certification, registration, or enrollment in that profession or occupation in this state, entitled to the issuance of a temporary license, certification, registration, or enrollment upon

submission of satisfactory proof to the regulator, under penalty of perjury, of the applicant's active license, certification, registration, or enrollment in another state or United States territory in good standing, and that the applicant has not committed an act that would be grounds for disciplinary action under the law governing the applicable profession or occupation.

(II) For the purposes of this subsection (3)(f):

(A) "In good standing" means that a license, certification, registration, or enrollment has not been revoked, expired, or suspended and against which there are no outstanding disciplinary or adverse actions.

(B) "Military spouse" means the spouse of a person who is actively serving in the United States armed forces and who is stationed in Colorado in accordance with military orders.

(III) An applicant is not entitled to temporary licensure, certification, registration, or enrollment pursuant to this subsection (3)(f) if approving the temporary licensure, certification, registration, or enrollment would violate an existing compact or reciprocity agreement or if the regulator demonstrates by a preponderance of evidence, after notice and opportunity for a hearing, that:

(A) The applicant has committed an act that would be grounds for disciplinary action under the law governing the applicable profession or occupation; or

(B) The applicant's license, certification, registration, or enrollment issued by another state or United States territory is not in good standing.

(IV) Notwithstanding any provision of law to the contrary:

(A) A temporary license, certification, registration, or enrollment issued to a military spouse pursuant to this subsection (3)(f) is valid for three years after the date of issuance and may not be renewed.

(B) Each regulator shall waive the application fee for temporary licenses, certifications, registrations, or enrollments issued pursuant to this subsection (3)(f).

(4) **Military personnel.** A regulator shall, upon presentation of satisfactory evidence by an applicant for licensure, certification, or registration, accept education, training, or service completed by an individual as a member of the armed forces or reserves of the United States, the National Guard of any state, the military reserves of any state, or the naval militia of any state toward the qualifications to receive the license, certification, or registration. Each regulator shall promulgate rules to implement this subsection (4).

(5) **Criminal convictions.** Unless there is a specific statutory disqualification that prohibits an applicant from obtaining licensure, certification, or registration based on a criminal conviction, if a regulator determines that an applicant for licensure, certification, or registration has a criminal record, the regulator is governed by section 24-5-101 for purposes of granting or denying, or placing any conditions on, licensure, certification, or registration.

(6) **Executive director authority.** (a) **Form of license, certification, or registration.** The executive director, after consultation with the regulator concerned, shall determine the form and content of any license, certification, or registration issued by the regulator, including any document evidencing renewal of a license, certification, or registration.

(b) **Review of examinations and procedures.** Notwithstanding any **type 1** transfer as such transfer is defined by the "Administrative Organization Act of 1968", article 1 of title 24, the executive director may review any examination or procedure for granting a license, certification, or registration by any regulator prior to the execution of the examination or procedure. After the review, if the executive director has reason to believe the examination or

procedure is unfair to the applicants or unreasonable in content, the executive director shall call on five people licensed, certified, or registered in the occupation or profession to review the examination or procedure jointly with the executive director. The executive director and the licensees, certificate holders, or registrants, acting jointly, may make findings of fact and recommendations to the regulator concerning any examination or procedure. The findings of fact and recommendations are public documents.

(c) **Employment of administrative law judges.** Notwithstanding any **type 1** transfer as such transfer is defined by the "Administrative Organization Act of 1968", article 1 of title 24, the executive director may employ an administrative law judge, and may require any regulator to use an administrative law judge in lieu of a hearing by the regulator, to conduct hearings on any matter within the jurisdiction of the regulator, subject to appropriations made to the department of personnel. Administrative law judges are appointed pursuant to part 10 of article 30 of title 24. An administrative law judge employed pursuant to this subsection (6)(c) shall conduct hearings in accordance with section 24-4-105, and the administrative law judge has the authority specified in section 24-4-105.

12-20-405. Cease-and-desist orders. (1) (a) If it appears to a regulator, based upon credible evidence as presented in a written complaint by any person, that a licensee, certificate holder, or registrant is acting in a manner that is an imminent threat to the health and safety of the public, or a person is acting or has acted without the license, certification, or registration required to practice a profession or occupation, the regulator that regulates the particular profession or occupation may issue an order to cease and desist the activity. The order must set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed, uncertified, or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to subsection (1)(a) of this section, the respondent may request a hearing on the question of whether acts or practices in violation of the part or article of this title 12 governing the particular profession or occupation have occurred. The hearing must be conducted pursuant to sections 24-4-104 and 24-4-105.

(2) (a) If it appears to the regulator, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of the part or article of this title 12 governing the particular profession or occupation, then, in addition to any specific powers granted pursuant to the part or article of this title 12 governing the particular profession or occupation, the regulator may issue to the person an order to show cause as to why the regulator should not issue a final order directing the person to cease and desist from the unlawful act or unlicensed, uncertified, or unregistered practice.

(b) The regulator shall promptly notify the person of the issuance of the order to show cause and shall include in the notice a copy of the order, the factual and legal basis for the order, and the date set by the regulator for a hearing on the order. The regulator may serve the notice by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom the order is issued. Personal service or proof of receipt of mailing of an order or document pursuant to this subsection (2)(b) constitutes notice to the person of the existence and contents of the order or document.

(c) (I) The regulator shall commence the hearing on an order to show cause no sooner than ten, and no later than forty-five, calendar days after the date the regulator sent or served notice as provided in subsection (2)(b) of this section. The regulator may continue the hearing by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event may the regulator commence the hearing later than sixty calendar days after the date of transmission or service of the notification. Sections 24-4-104 and 24-4-105 govern the conduct of the hearing held under this subsection (2)(c).

(II) If a person against whom the regulator has issued an order to show cause pursuant to subsection (2)(a) of this section does not appear at the hearing, the regulator may present evidence that the regulator properly sent or served the notification upon the person pursuant to subsection (2)(b) of this section and any other evidence related to the matter as the regulator deems appropriate. The regulator shall issue the order within ten days after the regulator's determination related to reasonable attempts to notify the respondent, and the order becomes final as to that person by operation of law.

(III) If the regulator reasonably finds that the person against whom the regulator issued the order to show cause is acting or has acted without the required license, certification, or registration or has or is about to engage in acts or practices constituting violations of the part or article of this title 12 governing the particular profession or occupation, the regulator may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed, uncertified, or unregistered practices.

(IV) The regulator shall provide notice, in the manner set forth in subsection (2)(b) of this section, of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this subsection (2)(c) to each person against whom the regulator has issued the final order. The final order issued pursuant to subsection (2)(c)(III) of this section is effective when issued and constitutes a final order for purposes of judicial review.

(3) The regulator may enter into a stipulation with a person if it appears to the regulator, based upon credible evidence presented to the regulator, that the person has engaged in or is about to engage in:

(a) An unlicensed, uncertified, or unregistered act or practice;

(b) An act or practice constituting a violation of the part or article of this title 12 governing the particular profession or occupation or a rule adopted or an order issued pursuant to those laws; or

(c) An act or practice constituting grounds for administrative sanction pursuant to the part or article of this title 12 governing the particular profession or occupation.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the regulator may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested the attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the regulator's final determination with regard to a cease-and-desist order may seek judicial review in accordance with section 12-20-408.

(6) This section does not apply to articles 140 and 150 of this title 12 concerning nontransplant tissue banks and passenger tramways, respectively.

(i) Any refusal by an issuer of professional liability insurance to issue a policy to the applicant due to past claims experience. The applicant shall provide a copy of the refusal to the director at the time the application is made.

(5) In addition to the information required by subsection (4) of this section, an applicant may submit information regarding awards and recognitions the applicant has received or charity care the applicant has provided. The director may remove information regarding awards and recognitions that the director finds to be unrelated to the applicant's profession or offensive or inappropriate.

(6) The director shall make the information specified in subsections (4) and (5) of this section that is submitted by an applicant readily available to the public in a manner that allows the public to search the information by name, license number, board certification or specialty area, if applicable, or city of the applicant's address of record. The director may satisfy this requirement by posting and allowing the ability to search the information on the director's website or on the website for the applicable regulator that oversees the applicant's practice. If the information is made available on either website, the director shall ensure that the website is updated at least monthly and that the date on which the update occurs is indicated on the website. If the information made available pursuant to this subsection (6) is the same or substantially similar to information the director must make available pursuant to section 12-310-103 (3), the director may elect to use this database as the exclusive means for making the information required by section 12-310-103 (3) publicly available.

(7) When disclosing information regarding an applicant to the public, the applicable regulator shall include the following statement or a similar statement that communicates the same meaning:

Some studies have shown that there is no significant correlation between malpractice history and a [insert applicable type of health care provider]'s competence. At the same time, the [insert name of applicable regulator] believes that consumers should have access to malpractice information. To make the best health care decisions, you should view this information in perspective. You could miss an opportunity for high-quality care by selecting a health care

provider based solely on malpractice history. When considering malpractice data, please keep in mind:

Malpractice histories tend to vary by profession and, as applicable, by specialty. Some professions or specialties are more likely than others to be the subject of litigation.

You should take into account how long the health care provider has been in practice when considering malpractice averages.

The incident causing the malpractice claim may have happened years before a malpractice action is finally resolved. Sometimes, it takes a long time for a malpractice lawsuit to move through the legal system.

Some health care providers work primarily with high-risk patients. These health care providers may have malpractice histories that are higher than average because they specialize in cases or patients who are at very high risk for problems.

Settlement of a claim may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the health care provider. A payment in settlement of a malpractice action or claim should not be construed as creating a presumption that malpractice has occurred.

You may wish to discuss information provided by the [insert name of applicable regulator], and malpractice generally, with your health care provider.

The information posted on the [applicable regulator's] website was provided by applicants for a license and applicants for renewal, reinstatement, or reactivation of a license.

(8) (a) Except as specified in subsection (8)(b) of this section, an applicant, licensee, certificate holder, or registrant shall ensure that the information required by subsection (4) of this section is current and shall report any updated information and provide copies of the required documentation to the director within thirty days after the date of the action described in said subsection (4) or as otherwise provided in the part or article of this title 12 that regulates the applicant's, licensee's, certificate holder's, or registrant's profession to ensure that the information provided to the public is as accurate as possible.

(b) An applicant shall report updated information regarding the applicant's employer, any health-care-related business ownership interests, and any health-care-related employment contracts or contracts establishing an independent contractor relationship, as required by subsection (4)(a) of this section, within one year after a change in that information.

(9) (a) The director may impose an administrative fine not to exceed five thousand dollars against an applicant, licensee, certificate holder, or registrant who fails to comply with this section. The director shall notify the applicable regulator when the director imposes a fine pursuant to this subsection (9). Any fine imposed pursuant to this subsection (9) shall be deposited in the general fund.

(b) The imposition of an administrative fine pursuant to this subsection (9) shall not constitute a disciplinary action pursuant to the laws governing the applicant's, licensee's, certificate holder's, or registrant's practice area and shall not preclude the applicable regulator from taking disciplinary action against an applicant, licensee, certificate holder, or registrant for failure to comply with this section. A license, certification, or registration shall not be issued, renewed, reinstated, or reactivated if the applicant has failed to pay a fine imposed pursuant to this subsection (9).

(c) Failure of an applicant, licensee, certificate holder, or registrant to comply with this section constitutes unprofessional conduct or grounds for discipline under the specific part or

article of this title 12 that regulates the applicant's, licensee's, certificate holder's, or registrant's profession.

(10) Nothing in this section relieves an applicant, licensee, certificate holder, or registrant from the obligation to report adverse actions to the applicable regulator, as required by the applicable laws in this title 12 regulating that profession.

(11) The director may adopt rules, as necessary, to implement this section.

(12) This section is repealed, effective September 1, 2021. Before the repeal, the functions of the program under this section are scheduled for review in accordance with section 24-34-104.

(b) The regulator may require the licensee, registrant, or certificate holder to submit to an examination or refer the licensee, registrant, or certificate holder to a peer health assistance program, if one exists, to evaluate the extent of the physical illness, physical condition, or behavioral or mental health disorder and its effect on the licensee's, registrant's, or certificate holder's ability to practice with reasonable skill and safety to patients or clients.

(2) (a) Upon determining that a licensee, registrant, or certificate holder with a physical illness, physical condition, or behavioral or mental health disorder is able to render limited services with reasonable skill and safety to patients or clients, the regulator may enter into a confidential agreement with the licensee, registrant, or certificate holder in which the licensee, registrant, or certificate holder agrees to limit the person's practice based on the restrictions imposed by the physical illness, physical condition, or behavioral or mental health disorder, as determined by the regulator.

(b) As part of the agreement, the licensee, registrant, or certificate holder is subject to periodic reevaluations or monitoring as determined appropriate by the regulator. The regulator may refer the licensee, registrant, or certificate holder to a peer assistance health program, if one exists, for reevaluation or monitoring.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

The agreement does not constitute a restriction or discipline by the regulator. However, if the licensee, registrant, or certificate holder fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes grounds for discipline or unprofessional conduct, as applicable, and the licensee, registrant, or certificate holder is subject to discipline in accordance with section 12-20-404 and the part or article of this title 12 that governs the particular profession or occupation.

PART 2

PROFESSIONAL REVIEW OF HEALTH CARE PROVIDERS

Law reviews: For article, "The Colorado Peer Review Act: The Fog Lifts", see 30 Colo. Law. 57 (Jan. 2001).

12-30-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that the Colorado medical board created in article 240 of this title 12 and the state board of nursing created in article 255 of this title 12 act for the state in their sovereign capacity to govern licensure, discipline, and professional review of persons licensed to practice medicine, persons licensed as physician assistants, and advanced practice registered nurses, respectively, in this state. The general assembly further finds, determines, and declares that:

(a) The authority to provide health care in this state is a privilege granted by the legislative authority of the state; and

(b) It is necessary for the health, safety, and welfare of the people of this state that the appropriate regulatory boards exercise their authority to protect the people of this state from unauthorized practice and unprofessional conduct by persons licensed to provide health care under article 240 of this title 12 and part 1 of article 255 of this title 12.

- (2) The general assembly recognizes that:
- (a) Many patients of persons licensed to provide health care in this state have restricted choices of health care providers under a variety of circumstances and conditions;
 - (b) Many patients lack the knowledge, experience, or education to properly evaluate the quality of medical or nursing practice or the professional conduct of persons licensed to practice medicine, persons licensed as physician assistants, and advanced practice registered nurses; and
 - (c) It is necessary and proper that the respective regulatory boards exercise their regulatory authority to protect the health, safety, and welfare of the people of this state.
- (3) The general assembly recognizes that, in the proper exercise of their authority and responsibilities under this part 2, the Colorado medical board and the state board of nursing must, to some extent, replace competition with regulation, and that the replacement of competition by regulation, particularly with regard to persons licensed under article 240 of this title 12 or to advanced practice registered nurses, is related to a legitimate state interest in the protection of the health, safety, and welfare of the people of this state.

Editor's note: (1) This section is similar to former § 12-36.5-102 as it existed prior to 2019.

(2) Before its relocation in 2019, this section was amended in SB 19-234. Those amendments were superseded by the repeal and reenactment of this title 12, effective October 1, 2019. For those amendments to the former section in effect from August 2, 2019, to October 1, 2019, see SB 19-234, chapter 181, Session Laws of Colorado 2019.

12-30-203. Use of professional review committees. (1) (a) The general assembly recognizes that:

(I) The medical board and the nursing board, while assuming and retaining ultimate authority for licensure and discipline in accordance with article 240 of this title 12 and part 1 of article 255 of this title 12, respectively, and in accordance with this part 2, cannot practically and economically assume responsibility over every single allegation or instance of purported deviation from the standards of quality for the practice of medicine or nursing, from the standards of professional conduct, or from the standards of appropriate care; and

(II) An attempt to exercise this oversight would result in extraordinary delays in the determination of the legitimacy of the allegations and would result in the inappropriate and unequal exercise of their authority to license and discipline persons licensed under article 240 of this title 12 or advanced practice registered nurses.

(b) It is therefore the intent of the general assembly that the medical board and the nursing board utilize and allow professional review committees and governing boards to assist them in meeting their responsibilities under article 240 of this title 12 and part 1 of article 255 of this title 12, respectively, and under this part 2.

(2) Persons licensed under article 240 of this title 12 and advanced practice registered nurses are encouraged to serve upon professional review committees when called to do so and to study and review in an objectively reasonable manner the professional conduct of persons licensed under article 240 of this title 12 or advanced practice registered nurses, including the competence of, professional conduct of, or the quality and appropriateness of patient care provided by, those persons.

(3) (a) The use of professional review committees is an extension of the authority of the medical board and nursing board. However, except as otherwise provided in this part 2, nothing in this part 2 limits the authority of professional review committees properly constituted under this part 2.

(b) Professional review committees, the members who constitute the committees, governing boards, authorized entities, and persons who participate directly or indirectly in professional review activities are granted certain immunities from liability arising from actions that are within the scope of their activities as provided in section 12-30-207. These grants of immunity from liability are necessary to ensure that professional review committees and governing boards can exercise their professional knowledge and judgment.

12-30-208. Conformance with federal law and regulation - legislative declaration - rules - limitations on liability - definition. (1) The general assembly hereby finds, determines, and declares that the enactment of this section is necessary in order for the state to comply with the provisions of the federal "Health Care Quality Improvement Act of 1986", as amended, 42 U.S.C. secs. 11101 to 11152. It is the intent of the general assembly that the provisions of this section are to be interpreted as being complementary to the other provisions in this part 2. The provisions of this section are intended to be responsive to specific requirements of the federal "Health Care Quality Improvement Act of 1986", as amended. If the provisions of this section conflict with the other provisions of this part 2, other than with respect to the specific requirements of the federal "Health Care Quality Improvement Act of 1986", as amended, the other provisions of this part 2 prevail.

(2) The medical board and nursing board may promulgate rules to comply with the reporting requirements of the federal "Health Care Quality Improvement Act of 1986", as amended, and may participate in the federal data bank.

(3) (a) The following persons are immune from suit and not liable for damages in any civil action with respect to their participation in, assistance to, or reporting of information to a professional review committee in connection with a professional review action in this state, and such persons are not liable for damages in a civil action with respect to their participation in, assistance to, or reporting of information to a professional review committee that meets the standards of and is in conformity with the federal "Health Care Quality Improvement Act of 1986", as amended:

(IV) Any person who participates with or assists the professional review committee or governing board with respect to the professional review activities.

(b) (I) Notwithstanding subsection (3)(a) of this section, nothing in this section relieves an authorized entity that is a health care facility licensed or certified pursuant to part 1 of article 3 of title 25 or certified pursuant to section 25-1.5-103 (1)(a)(II) of liability to an injured person or wrongful death claimant for the facility's independent negligence in the credentialing or privileging process for a person licensed under article 240 of this title 12 or an advanced practice nurse who provided health care services for the injured or deceased person at the facility. For purposes of this subsection (3), the facility's participation in the credentialing process or the privileging process does not constitute the corporate practice of medicine.

(II) Nothing in this subsection (3) affects the confidentiality or privilege of any records subject to section 12-30-204 (11) or of information obtained and maintained in accordance with a quality management program as described in section 25-3-109. The exceptions to confidentiality or privilege as set forth in sections 12-30-204 (11) and 25-3-109 (4) apply.

"Professional review action" includes a formal decision by the professional review committee not to take an action or make a recommendation as provided in this subsection (3)(c) and also includes professional review activities relating to a professional review action. (II) The person's fees or advertising or engaging in other competitive acts intended to solicit or retain business;

(III) The person's association with, supervision of, delegation of authority to, support for, training of, or participation in a private group practice with a member or members of a particular class of health care practitioners or professionals;

(IV) The person's participation in prepaid group health plans, salaried employment, or any other manner of delivering health services whether on a fee-for-service basis or other basis;

(I) The insurance shall insure the partnership, corporation, or limited liability company against liability imposed upon the partnership, corporation, or limited liability company by law for damages resulting from any claim made against the partnership, corporation, or limited liability company arising out of acts, errors, and omissions committed in the performance of professional services for others by those employees of the partnership, corporation, or limited liability company who hold certificates to practice public accounting as certified public accountants.

A policy of insurance obtained in accordance with this subsection (5)(c)(III) may be issued on a claims-made or occurrence basis.

(IV) (A) The policy may provide that it does not apply to: Any dishonest, fraudulent, criminal, or malicious act or omission of the insured partnership, corporation, or limited liability company or any partner, stockholder, member, or employee thereof; the conduct of any business enterprise in which the insured partnership, corporation, or limited liability company under this article 100 is not permitted to engage but which nevertheless may be owned by the insured partnership, corporation, or limited liability company or in which the insured partnership, corporation, or limited liability company may be a partner or which may be controlled, operated, or managed by the insured partnership, corporation, or limited liability company in its own or in a fiduciary capacity including the ownership, maintenance, or use of any property in connection therewith; and bodily injury to, or sickness, disease, or death of, any person, or to injury to or destruction of any tangible property, including the loss of use thereof.

(B) The policy may be of a type reasonably available in the commercial insurance market and may contain reasonable provisions with respect to policy periods, territory, claims, conditions, exclusions, and other usual matters.

(C) The policy may provide for a deductible, or self-insured retained amount, and may provide for the payment of defense or other costs out of the stated limits of the policy, in either or both cases, all partners, shareholders of the corporation, or members of the limited liability company shall be jointly and severally liable for all acts, errors, and omissions of the employees of the partnership, corporation, or limited liability company to the extent of the amount of the deductible or retained self-insurance, and the amount, if any, by which the payment of defense costs reduces the insurance remaining available for the payment of claims below the minimum limit of insurance required by this subsection (5)(c).

(V) A partnership, corporation, or limited liability company may maintain, in lieu of the insurance specified in subsection (5)(c)(III) of this section, money specifically designated and segregated as security for the payment of liabilities imposed by law against the partnership, corporation, or limited liability company, or its partners, shareholders, or members, arising out of claims of the type specified in subsections (5)(c)(I) and (5)(c)(II) of this section, in the amount of at least fifty thousand dollars multiplied by the number of certified public accountants employed by or members of the partnership, corporation, or limited liability company within this state; except that the amount is not required to exceed one million dollars and except that the board, in the public interest, may adopt rules increasing the minimum amount of designated and segregated money required by this subsection (5)(c)(V). The partnership, corporation, or limited liability company remains in compliance with this section notwithstanding amounts paid from the designated or segregated money in any one calendar year in settling or discharging the claims, so long as the amount of the designated and segregated money is increased to at least the minimum required amount as of the first business day of the next calendar year. A partnership, corporation, or limited liability company is in compliance with this subsection (5)(c)(V) if it maintains money in the required amount in trust or in bank escrow in the form of cash, bank certificates of deposit, or United States treasury obligations, or maintains in effect bank unconditional, irrevocable letters of credit in the required amount or insurance or surety company bonds in the required amount. The money or equivalency shall be maintained in or issued by a qualified United States financial institution as defined by section 10-1-102 (17).

(d) A partnership name shall be ended by words or abbreviations permitted pursuant to the law under which the partnership is organized. The corporate name shall be ended by the word "Corporation" or "Incorporated" or by the words "Professional Corporation" or by the abbreviations "Corp.", "Inc.", or "P.C." The name of any limited liability company shall be ended by the words "Limited Liability Company" or the abbreviation "LLC" or the word limited may be abbreviated as "Ltd.", and the word company may be abbreviated as "Co." An assumed or trade name may be used if it is not misleading and clearly indicates that the firm is engaged in providing accounting services.

(6) No limited liability company, limited liability partnership, limited partnership, or limited liability limited partnership, or foreign limited partnership, limited liability partnership, or limited liability limited partnership engaged in the practice of public accounting in this state and in one or more other jurisdictions shall be required to include a provision in its articles of organization or organizing documents as otherwise required by subsection (5) of this section, but

shall be subject, with respect to the practice of public accounting within this state, to the requirements of subsections (5)(a) to (5)(d) of this section.

(7) The board shall not renew the registration of a firm that issues attest or compilation reports unless the registered partnership, professional corporation, or limited liability company has undergone a peer review conducted according to rules promulgated by the board that meet the standards for performing and reporting on a peer review of the American Institute of Certified Public Accountants or an equivalent standard.

(8) The partnership, corporation, or limited liability company may exercise the powers and privileges conferred upon partnerships, corporations, and limited liability companies by the laws of Colorado in furtherance of and subject to its partnership, corporate, or limited liability company purposes and may invest its funds in a manner not incompatible with the practice of public accounting as certified public accountants. Any stock purchased by the corporation, or membership interest purchased by the limited liability company or partnership interest purchased by the partnership, may be made out of capital as well as surplus without regard to the impairment of the partnership capital, corporation capital, or limited liability company capital.

(9) The partnership, corporation, or limited liability company shall do nothing in this state that, if done by a person who holds a certificate as a certified public accountant within this state and employed by it, would violate the provisions of this article 100. Any violation by the partnership, corporation, or limited liability company of this article 100 shall be grounds for the board, in accordance with section 12-20-404, to deny, revoke, suspend, or refuse to renew the registration, or the board may fine, issue a confidential letter of concern to, issue a letter of admonition to, or place on probation the registrant.

(10) Nothing in this section shall diminish or change the obligation of each person who holds a certificate of certified public accountant employed by the partnership, corporation, or limited liability company within this state to conduct the person's practice in accordance with the provisions of this article 100. Any person who holds a certificate to practice public accounting as a certified public accountant who, by act or omission, causes the partnership, corporation, or limited liability company to act or fail to act in a way that violates this article 100 is personally responsible for the act or omission and subject to discipline therefor.

(I) An inverter-based hydroelectric energy facility generating one hundred kilowatts or less, regardless of whether the facility is connected to utility or other distribution lines, an inspector shall inspect a hydroelectric energy installation in accordance with the minimum standards set forth in the edition of the national electrical code in effect on May 29, 2015; however, if a microhydro assembly manufactured for the purpose of generating electricity in a microhydro system uses an inverter that is listed and identified for interconnection service, the inspector shall deem the system's equipment compliant with section 705.4 of the edition of the national electrical code in effect on May 29, 2015. For purposes of this subsection (2)(d), a "microhydro system" means a hydroelectric generation system that generates one hundred kilowatts or less.

On and after January 1, 2020, all photovoltaic electrical work for installations of at least three hundred kilowatts, including the interconnection of the modules, grounding of the modules, any balance of system wiring, and the customer-side point of connection to the utility grid, must be performed by a licensed master electrician, licensed journeyman electrician, licensed residential wireman, or properly supervised electrical apprentices and must comply with all applicable requirements of this article 115, including sections 12-115-109 and 12-115-115, and all applicable rules of the board.

(g) Review and approve or disapprove requests for exceptions to the national electrical code in unique construction situations where a strict interpretation of the code would result in unreasonable operational conditions or unreasonable economic burdens, as long as public safety is not compromised;

(h) Conduct investigations and hearings and gather evidence in accordance with the provisions of sections 12-20-403 and 24-4-105;

(i) Enter into reciprocal licensing agreements with the electrical board, or its equivalent, of another state or states where the qualifications for electrical licensing are substantially equivalent to licensure requirements in Colorado;

(j) Find, upon holding a hearing, that an incorporated town or city, county, city and county, or qualified state institution of higher education fails to meet the minimum requirements of this article 115 if the local inspection authority, including a qualified state institution of higher education, has failed to adopt or adhere to the minimum standards required by this article 115 within twelve months after the board has adopted the standards by rule pursuant to this subsection (2);

(k) Issue an order to cease and desist from issuing permits or performing inspections under this article 115 to an incorporated town or city, county, city and county, or qualified state institution of higher education upon finding that the public entity or qualified state institution of higher education fails to meet the minimum requirements of this article 115 pursuant to subsection (2)(j) of this section;

12-115-115. Apprentices - supervision - registration - discipline - rules - repeal. (1) Any person may work as an apprentice but shall not do any electrical wiring for the installation of electrical apparatus or equipment for light, heat, or power except under the direct supervision of a licensed electrician. A licensed electrician shall not directly supervise more than three apprentices at a job site.

(2) An electrical contractor, journeyman electrician, master electrician, or residential wireman who is the employer or direct supervisor of any electrical apprentice working at the trade is responsible for the work performed by the apprentice. The board may take disciplinary action against the contractor, electrician, or residential wireman under section 12-115-122 for any improper work performed by an electrical apprentice working at the trade while employed by and under the direct supervision of that person. The registration of the apprentice may also be subject to disciplinary action under section 12-115-122.

(3) (a) Upon employing an apprentice to work at the trade, the electrical contractor, within thirty days after the initial employment, shall register the apprentice with the board. The employer shall also remove each apprentice that is no longer employed as an apprentice from the apprenticeship program and annually notify the board of the termination of the employment.

(b) An apprentice must be under the direct supervision of a licensed electrician as set forth in subsection (1) of this section.

(c) By January 1, 2022, and by January 1 each year thereafter, an electrical contractor, an apprenticeship program registered with the United States department of labor's employment and training administration, and a state apprenticeship council recognized by the United States department of labor that employs an apprentice in this state shall report to the board the name

and contact information of each apprentice in the apprenticeship program and the cumulative number of practical training hours and certified classroom hours each apprentice has completed toward the journeyman electrician licensure requirements specified in section 12-115-110. The board shall keep the information reported pursuant to this subsection (3)(c) confidential from all parties other than from the apprentice through the apprentice's individual registration account. The department of regulatory agencies shall, if existing resources are available or if the department receives gifts, grants, or donations pursuant to subsection (7) of this section, indicate whether the apprentice has completed the required practical training hours and classroom hours in the department of regulatory agency's online apprenticeship directory.

(4) On and after January 1, 2021, contingent on the availability of existing resources within the department or the receipt of gifts, grants, and donations pursuant to subsection (7) of this section:

(a) (I) An apprentice who has been registered for at least six years, has completed eight thousand hours of practical training, and meets all other journeyman electrician license requirements specified in section 12-115-110 shall take the journeyman electrician license examination at least every three years in alignment with the license renewal cycle until the apprentice receives a passing score.

(II) If an apprentice has failed to pass the license examination in two consecutive three-year periods, the apprentice may request an exemption from the board from future examination requirements. The board shall grant the exemption if the board determines that the apprentice has legitimate educational or professional circumstances that justify the exemption. The board shall promulgate rules concerning the process of requesting and approving license examination exemptions.

(b) An apprentice who has been registered for at least six years and who does not meet the journeyman electrician license requirements specified in section 12-115-110 shall take the journeyman electrician license examination at least once every three years in alignment with the license renewal cycle until the apprentice receives a passing score. Once the apprentice passes the license examination, the apprentice must meet all other journeyman electrician license requirements specified in section 12-115-110 before the board may issue a journeyman electrician license to the apprentice.

(5) (a) If the cumulative training and classroom hours of an apprentice are not reported as required by subsection (3)(c) of this section or if an apprentice fails to take the license examination as required by subsection (4) of this section, the board may suspend the apprentice's registration until the requirements are met.

(b) If an apprentice who is required to take the license examination pursuant to subsection (4) of this section has a learning disability, the apprentice, electrical contractor, or apprenticeship program may request that the board make accommodations for the apprentice to take the examination with the appropriate level of support.

(6) (a) If the department of regulatory agencies is able to implement subsection (4) of this section, the department of regulatory agencies, in consultation with the board, industry stakeholders, examination proctors, national code organizations, apprenticeship training coordinators, and the department of labor and employment, shall conduct research to determine what barriers exist in the preparation and taking of the examination provided for in section 12-115-110 for apprentices for whom English is a second language and, on or before January 1,

2021, shall report its findings, including any legislative or regulatory recommendations, to the general assembly.

(b) This subsection (6) is repealed, effective July 1, 2021.

(7) The department may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section.

12-115-116. Exemptions - definition. (1) Employees of public service corporations, rural electrification associations, or municipal utilities generating, distributing, or selling electrical energy for light, heat, or power or for operating street railway systems, or telephone or telegraph systems, or their corporate affiliates and their employees or employees of railroad corporations, or lawfully permitted or franchised cable television companies and their employees shall not be required to hold licenses while doing electrical work for those purposes.

(2) Nothing in this article 115 shall be construed to require any individual to hold a license before doing electrical work on his or her own property or residence if all such electrical work, except for maintenance or repair of existing facilities, is inspected as provided in this article 115; if, however, the property or residence is intended for sale or resale by a person engaged in the business of constructing or remodeling the facilities or structures or is rental property that is occupied or is to be occupied by tenants for lodging, either transient or permanent, or is generally open to the public, the owner shall be responsible for, and the property shall be subject to, all of the provisions of this article 115 pertaining to inspection and licensing, unless specifically exempted therein.

(3) (a) Nothing in this article 115 requires a regular employee of a firm or corporation to hold a license before doing any electrical work on the property of the firm or corporation, whether or not the property is owned, leased, or rented if:

(I) The firm or corporation employing the employee performing the work has all the electrical work installed in conformity with the minimum standards as set forth in this article 115;

(II) The work is subject to inspection by the board or its inspectors by request in writing in accordance with section 12-115-120; and

(III) The property of the firm or corporation is not generally open to the public.

(b) Neither a license for the firm or corporation, nor an inspection by the board or its inspectors, nor the payment of any fees thereon shall be required, with the exception of inspection by the board or its inspectors when performed by written request. Nothing contained

in this article 115 requires a license, an inspection by the board or its inspectors, or the payment of any fees for any electrical work performed for the maintenance or repair of existing facilities that are exempt as provided in this section.

(4) If the property of any person, firm, or corporation is: Rental property or is developed for sale, lease, or rental; occupied or is to be occupied by tenants for lodging, either transient or permanent; or generally open to the public, the property is subject to all the provisions of this article 115 pertaining to inspection and licensing; except that the maintenance or repair of existing property specified in this subsection (4) is not subject to this article 115.

(5) Nothing in this article 115 shall be construed to cover the installation, maintenance, repair, or alteration of vertical transportation or passenger conveyors, elevators, escalators, moving walks, dumbwaiters, stage lifts, man lifts, or appurtenances thereto beyond the terminals of the controllers. Furthermore, elevator contractors or constructors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article 115.

(6) (a) Nothing in this article 115 shall be construed to require an individual to hold a license before doing any maintenance or repair of existing facilities on his or her own property or residence, nor to require inspection by the board or its inspectors, nor to pay any fees connected therewith.

(b) Nothing in this article 115 shall be construed to require any firm or corporation or its regular employees to be required to hold a license before doing maintenance or repair of existing facilities on the property of the firm or corporation, whether or not the property is generally open to the public; nor shall inspection by the board or its inspectors or the payment of any fees connected therewith be required.

(c) For the purposes of this subsection (6), "maintenance or repair of existing facilities" means to preserve or keep in good repair lawfully installed facilities by repairing or replacing components with new components that serve the same purpose.

(7) An individual, firm, copartnership, or corporation may engage in business as an electrical contractor without an electrician's license if all electrical work performed by the individual, firm, copartnership, or corporation is under the direction and control of a licensed master electrician.

(8) Any person who plugs in any electrical appliance where an approved electrical outlet is already installed shall not be considered an installer.

(9) No provision of this article 115 shall in any manner interfere with, hamper, preclude, or prohibit any vendor of any electrical appliance from selling, delivering, and connecting any electrical appliance, if the connection of the appliance does not necessitate the installation of electrical wiring of the structure where the appliance is connected.

(10) The provisions of this article 115 shall not be applicable to the installation or laying of metal or plastic electrical conduits in bridge or highway projects where the conduits must be laid according to specifications complying with applicable electrical codes.

(11) Repealed.

(12) Inasmuch as electrical licensing and the examination of persons performing electrical work is a matter of statewide concern, the examination, certification, licensing, or registration of electrical contractors, master electricians, journeymen electricians, residential wiremen, or apprentices who are licensed, registered, or certified under this article 115 shall not be required by any city, town, county, city and county, or qualified state institution of higher

education; however, any such local governmental authority or qualified state institution of higher education may impose reasonable registration requirements on any electrical contractor as a condition of performing services within the jurisdiction of the authority or within buildings owned or leased or on land owned by the qualified state institution of higher education. No fee shall be charged for the registration.

(13) The provisions of this article 115 shall not be applicable to any surface or subsurface operation or property used in, around, or in conjunction with any mine that is inspected pursuant to the "Federal Mine Safety and Health Amendments Act of 1977", Pub.L. 95-164, as amended, except permanent state highway tunnel facilities, which shall conform to standards based on the national electrical code. Nothing contained in this subsection (13) shall prohibit the department of transportation from adopting more stringent standards or requirements than those provided by the minimum standards specified in the national electrical code, and the department of transportation shall furnish a copy of the more stringent standards to the board.

(14) (a) The permit and inspection provisions of this article 115 do not apply to:

(I) Installations under the exclusive control of electric utilities for the purpose of communication or metering or for the generation, control, transformation, transmission, or distribution of electric energy, whether the installations are located in buildings used exclusively for utilities for those purposes or located outdoors on property owned or leased by the utility or on public highways, streets, or roads or outdoors by virtue of established rights on private property; or

(II) Load control devices for electrical hot water heaters that are owned, leased, or otherwise under the control of, and are operated by, an electric utility, and are on the load side of the single-family residential meter, if the equipment was installed by a registered electrical contractor. The contractor will notify appropriate local authorities that the work has been completed in order that an inspection may be made at the expense of the utility company.

(b) This subsection (14) does not exempt any premises wiring on buildings, structures, or other premises not owned by or under the exclusive control of the utility nor wiring in buildings used by the utility for purposes other than those listed in this subsection (14), such as office buildings, garages, warehouses, machine shops, and recreation buildings. This subsection (14) exempts all of the facilities, buildings, and the like inside the security fence of a generating station, substation, control center, or communication facility.

(15) Nothing in this article 115 shall be construed to:

(a) Cover the installation, maintenance, repair, or alteration of security systems of fifty volts or less, lawn sprinkler systems, environmental controls, or remote radio-controlled systems beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article 115.

(b) Cover the installation, maintenance, repair, or alteration of electronic computer data processing equipment and systems beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article 115.

(c) (I) Except to the extent that a communication system's cables and systems utilized for conveying power are hard-wired into a building's electrical system but subject to subsection (16)(a) of this section, cover the installation, maintenance, repair, or alteration of communications systems, including:

(A) Telephone and telegraph systems not exempted as utilities in subsection (1) of this section;

(B) Radio and television receiving and transmitting equipment and stations; and

(C) Antenna systems other than community antenna television systems beyond the terminals of the controllers.

(II) The contractors performing any installation, maintenance, repair, or alteration under the exemption specified in this subsection (15)(c) and their employees are not covered by the licensing requirements of this article 115.

(d) Cover the installation, maintenance, repair, or alteration of electric signs, cranes, hoists, electroplating, industrial machinery, and irrigation machinery beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article 115.

(e) Cover the installation, maintenance, repair, or alteration of equipment and wiring for sound recording and reproduction systems, centralized distribution of sound systems, public address and speech-input systems, or electronic organs beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article 115.

(f) Require either that employees of the federal government who perform electrical work on federal property shall be required to be licensed before doing electrical work on the property or that the electrical work performed on the property shall be regulated pursuant to this article 115;

(g) Require licensing that covers the installation, maintenance, repair, or alteration of fire alarm systems operating at fifty volts or less. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article 115 but shall be subject to all provisions of this article 115 pertaining to inspections and permitting.

(16) Nothing in this article 115 applies to:

(a) (I) The installation, maintenance, repair, or alteration of class 2 and class 3 remote-control, signaling, and power-limited circuits, as defined by the national electrical code; or

(II) Contractors or their employees performing any installation, maintenance, repair, or alteration of the circuits specified in subsection (16)(a)(I) of this section; or

(b) The installation, maintenance, repair, or alteration of traffic signals or requires licensure for that work.

12-115-119. Inspectors - qualifications - repeal. (1) (a) (I) The director of the division is hereby authorized to appoint or employ, with the power of removal, competent persons licensed under this article 115 as journeymen or master electricians as state electrical inspectors. The director is also authorized to appoint or employ, with the power of removal, for the purpose of inspecting one-, two-, three-, or four-family dwellings, competent persons with the following qualifications:

(A) Persons who have passed the written residential wireman's examination described in section 12-115-110; or

(B) Persons employed by any city, town, county, or city and county on or before January 1, 2019, who have been certified as residential electrical inspectors by a national certification authority approved by the board and who have furnished satisfactory evidence of at least two years' practical experience in the electrical inspection of residential dwellings. This subsection (1)(a)(I)(B) is repealed, effective January 1, 2023.

(II) The inspectors may be employed either on a full-time or on a part-time basis as the circumstances in each case shall warrant; except that the director of the division may contract with any electrical inspector regularly engaged as such and certify him or her to make inspections in a designated area at such compensation as shall be fixed by the director. State electrical inspectors have the right of ingress and egress to and from all public and private premises during reasonable working hours where this law applies for the purpose of making electrical inspections or otherwise determining compliance with the provisions of this article 115. In order to avoid conflicts of interest, a state electrical inspector hired under this section shall not inspect any electrical work in which the inspector has any financial or other personal interest and shall not be engaged in the electrical business by contracting, supplying material, or performing electrical work as defined in this article 115.

(b) Any employee of a private, municipal, or cooperative electric utility rendering service to the ultimate public shall be prohibited from employment as an electrical inspector only when in the performance of any electrical work as defined in this article 115. Electrical inspectors performing electrical inspections who are employed by any city, town, county, city and county, or qualified state institution of higher education shall possess the same qualifications required of state electrical inspectors under this section; shall be registered with the board prior to the assumption of their duties; shall not inspect any electrical work in which the inspector has any financial or other personal interest; and shall not be engaged, within the jurisdiction employing the inspector, in the electrical business by contracting, supplying material, or performing electrical work as defined in this article 115. Additionally, electrical inspectors performing electrical inspections who are employed by a qualified state institution of higher education shall possess an active journeyman or master electrician license. A supervisor overseeing the work of an electrical inspector who is employed by a qualified state institution of higher education shall not direct the electrical inspector to violate any provision of this article 115. An electrical inspector employed by a qualified state institution of higher education shall not be coerced by a supervisor when filing a complaint with the board or when the electrical inspector disapproves an electrical installation that violates the provisions of this article 115.

(c) Nothing in this article 115 shall be construed to limit any inspector from qualifying as an inspector in other construction specialties.

(2) State electrical inspectors appointed or employed pursuant to subsection (1) of this section may:

(a) Conduct inspections and investigations pursuant to section 12-115-122 (2) on behalf of the program director;

12-115-120. Inspection - application - standard - rules. (1) (a) An individual required to have electrical inspection under this article 115 shall apply to the board for an electrical permit, except where an incorporated town or city, county, city and county, or qualified state

institution of higher education has a building department that meets the minimum standards of this article 115 and that processes applications for building permits and inspections, in which case the individual shall apply to the building department. A qualified state institution of higher education with a building department that meets or exceeds the minimum standards adopted by the board under this article 115 shall process applications for permits and inspections only from the institution and from contractors working for the benefit of the institution and shall conduct inspections only of work performed for the benefit of the institution. Each inspection must include a contemporaneous review to ensure that the requirements of this article 115, and specifically section 12-115-115, have been met.

(b) Upon final inspection and approval by the state electrical inspector, notice shall be issued by the board to the utility, and the office of the board shall retain one copy of the record of approval.

(c) A utility shall not provide service to any person required to have electrical inspection under this article 115 without proof of final approval as provided in subsection (1)(b) of this section; except that service shall be provided in those situations determined by the local electrical inspection authority, or by the board, whichever has jurisdiction, to be emergency situations for a maximum period of seven days or until the inspection has been made.

(2) (a) The owner of an electrical installation in any new construction, other than manufactured units certified by the division of housing pursuant to section 24-32-3311, or remodeling or repair of an existing construction, except in any incorporated town or city, county, city and county, or qualified state institution of higher education having its own electrical code and inspection program equal to the minimum standards as are provided in this article 115, shall have the electrical portion of the installation, remodeling, or repair inspected by a state electrical inspector. A qualified state institution of higher education with a building department that meets or exceeds the minimum standards adopted by the board under this article 115 shall process applications for permits and inspections only from the institution and from contractors working for the benefit of the institution and shall conduct inspections only of work performed for the benefit of the institution.

(b) A state electrical inspector shall inspect any new construction, remodeling, or repair subject to this subsection (2) within three working days after the receipt of the application for inspection. Prior to the commencement of any electrical installation, the person making the installation shall apply for an electrical permit and pay the required permit fee.

(c) A manufactured home, mobile home, or movable structure owner shall have the electrical installation for the manufactured home, mobile home, or movable structure inspected prior to obtaining electric service.

(3) A state electrical inspector shall inspect the work performed, and, if the work meets the minimum standards set forth in the national electrical code referred to in section 12-115-107 (2)(a), a certificate of approval shall be issued by the inspector. If the installation is disapproved, written notice thereof together with the reasons for the disapproval shall be given by the inspector to the applicant. If the installation is hazardous to life or property, the inspector disapproving it may order the electrical service thereto discontinued until the installation is rendered safe and shall send a copy of the notice of disapproval and order for discontinuance of service to the supplier of electricity. The applicant may appeal the disapproval to the board and shall be granted a hearing by the board within seven days after notice of appeal is filed with the board. After removal of the cause of the disapproval, the applicant shall make application for

reinspection in the same manner as for the original inspection and pay the required reinspection fee.

(4) The person or inspector making an application, certificate of approval, or notice of disapproval shall include the name of the property owner, if known; the location and a brief description of the installation; the name of the electrical contractor and state registration number; the state electrical inspector; and the fee charged for the permit. The notice of disapproval and corrective actions to be taken shall be submitted to the board, and a copy of the notice shall be submitted to the electrical contractor within two working days after the date of inspection. The inspector shall post a copy of the notice at the installation site. The board shall furnish the forms. A copy of each application, certificate, and notice made or issued shall be filed with the board.

(5) Nothing in this section shall be construed to require any utility as defined in this article 115 to collect or enforce collection or in any way handle the payment of any fee connected with the application.

(6) (a) All inspection permits issued by the board shall be valid for a period of twelve months, and the board shall cancel the permit and remove it from its files at the end of the twelve-month period, except in the following circumstances:

(I) If an applicant makes a showing at the time of application for a permit that the electrical work is substantial and is likely to take longer than twelve months, the board may issue a permit to be valid for a period longer than twelve months, but not exceeding three years.

(II) If the applicant notifies the board prior to the expiration of the twelve-month period of extenuating circumstances, as determined by the board, during the twelve-month period, the board may extend the validity of the permit for a period not to exceed six months.

(b) If an inspection is requested by an applicant after a permit has expired or has been cancelled, a new permit must be applied for and granted before an inspection is performed.

(7) Notwithstanding the fact that any incorporated town or city, any county, or any city and county in which a public school is located or is to be located has its own electrical code and inspection authority, any electrical installation in any new construction or remodeling or repair of a public school shall be inspected by a state electrical inspector.

(8) In the event that any incorporated town or city, county, city and county, or qualified state institution of higher education intends to commence or cease performing electrical inspections in its respective jurisdiction or, in the case of a qualified state institution of higher education, for buildings owned, leased, or on its land, the public entity or institution shall commence or cease the same only as of July 1 of any year, and written notice of the intent must be given to the board on or before October 1 of the preceding calendar year. If the notice is not given and the use of state electrical inspectors is required within the notice requirement, the respective local government or qualified state institution of higher education of the respective jurisdiction or building requiring the inspections shall reimburse the state electrical board for any expenses incurred in performing the inspections, in addition to transmitting the required permit fees.

(9) (a) A person claiming to be aggrieved by the failure of a state electrical inspector to inspect property after proper application or by notice of disapproval without setting forth the reasons for rejecting the inspection may request the program director to review the actions of the state electrical inspector or the manner of the inspection. The request may be made by an authorized representative and shall be in writing.

(b) Upon the filing of a request, the program director shall cause a copy to be served upon the state electrical inspector complained of, together with an order requiring the inspector to answer the allegations of the request within a time fixed by the program director.

(c) If the request is not granted within ten days after it is filed, it may be treated as rejected. Any person aggrieved by the action of the program director in refusing the review requested or in failing or refusing to grant all or part of the relief requested may file a written complaint and request for a hearing with the board, specifying the grounds relied upon.

(d) Any hearing before the board shall be held pursuant to the provisions of section 24-4-105.

(10) (a) An inspector performing an inspection for the state, an incorporated town or city, a county, a city and county, or a qualified state institution of higher education may verify compliance with this article 115; however, for each project, inspections performed by the state, an incorporated town or city, a county, a city and county, or a qualified state institution of higher education must include a contemporaneous review to ensure that the specific requirements of sections 12-115-109 and 12-115-115 have been met. A contemporaneous review may include a full or partial review of the electricians and apprentices working on a job site being inspected.

(b) To ensure that enforcement is consistent, timely, and efficient, each entity, including the state, as described in this subsection (10), shall develop standard procedures to advise its inspectors how to conduct a contemporaneous review. Each entity's standard procedures need not require a contemporaneous review for each and every inspection of a project, but the procedures must preserve an inspector's ability to verify compliance with sections 12-115-109 and 12-115-115 at any time. Each entity's procedures must also include provisions that allow for inspectors to conduct occasional, random, on-site inspections while actual electrical work is being conducted, with a focus on large commercial and multi-family residential projects permitted by the entity. Each entity, including the state, shall post its current procedures regarding contemporaneous reviews in a prominent location on its public website. Each entity shall provide a website link to or an electronic copy of its procedures to the board, and the board shall post all of the procedures on a single location on the department's website.

(c) An inspector may file a complaint with the board for any violation of this article 115.

(d) The board shall ensure compliance with this section. If the board determines, as a result of a complaint, that an entity other than the state is conducting electrical inspections that do not comply with this section, the board may issue to that entity an order to show cause, in accordance with sections 12-20-405 and 12-115-122 (6), as to why the board should not issue a final order directing that entity to cease and desist conducting electrical inspections until that entity comes into compliance to the satisfaction of the board. If the use of state electrical inspectors is required after the issuance of a final cease-and-desist order pursuant to this subsection (10)(d), that entity shall reimburse the board for any expenses incurred in performing that entity's inspections, in addition to transmitting the required permit fees.

(b) (I) The licensee, registrant, or applicant to whom a citation has been issued may make a request to negotiate a stipulated settlement agreement with the program director or the program director's designee, if the request is made in writing within ten working days after issuance of the citation that is the subject of the settlement agreement.

(III) The board shall conduct all proceedings pursuant to this subsection (4) expeditiously and informally so that no licensee or registrant is subjected to unfair and unjust charges and that no complainant is deprived of the right to a timely, fair, and proper investigation of a complaint.

(e) The failure of an applicant for licensure to comply with a citation deemed final pursuant to subsection (4)(c) of this section is grounds for denial of a license.

(f) No citation may be issued under this section unless the citation is issued within the six-month period following the occurrence of the violation.

(5) (a) Any fine collected pursuant to this section shall be transmitted to the state treasurer, who shall credit one-half of the amount of the fine to the general fund, and one-half of the amount of the fine shall be shared with the appropriate city, town, county, or city and county, which amounts shall be transmitted to the entity on an annual basis.

(3) (a) This part 3 shall not apply to, nor interfere with, any custom or rite of a religious sect in the final disposition of its dead, and the members and followers of the religious sect may continue to provide memorial services for, care for, prepare, and cremate the bodies of deceased members of the religious sect if the human remains are refrigerated, frozen, or cremated within seven days after death.

(b) If human remains are refrigerated pursuant to subsection (3)(a) of this section, the body must be cremated within thirty days after death unless the coroner authorizes otherwise in writing. Additional inspections may be required by the board if the area operator does not, in the opinion of the board, make reasonable efforts to correct any deficiencies identified in any prior inspection or if the board otherwise deems additional inspections necessary. The board shall provide in its rules that no facility shall be shut down for the purposes of a regular inspection during normal operating hours unless sufficient daylight is not available for the inspection.

(3) The board may employ independent contractors to make the inspections for reasonable fees plus expenses. The expenses incurred by the board in connection with the conduct of inspections provided for in this article 150 shall be paid in the first instance by the board, but each area operator of the passenger tramway that was the subject of the inspection shall, upon notification by the board of the amount due, reimburse the board for any charges made by personnel for the services and for the actual expenses of each inspection.

12-155-101. Legislative declaration. (1) The general assembly hereby finds that:

(a) Improper plumbing can adversely affect the health of the public and that faulty plumbing is potentially lethal and can cause widespread disease and an epidemic of disastrous consequences;

(b) To protect the health of the public, it is essential that plumbing be installed by persons who have proven their knowledge of the sciences of pneumatics and hydraulics and their skill in installing plumbing.

(2) Consistent with its duty to safeguard the health of the people of this state, the general assembly hereby declares that individuals who plan, install, alter, extend, repair, and maintain plumbing systems should be individuals of proven skill. To provide standards of skill for those in the plumbing trade and to authoritatively establish what shall be good plumbing practice, the general assembly hereby provides for the licensing of plumbers and for the promulgation of a model plumbing code of standards by the state plumbing board, and this article 155 is therefore declared to be essential to the public interest.

(3) The general assembly encourages the state plumbing board to adopt and incorporate by reference appendix C of the "International Plumbing Code" (I.P.C.), 2009 edition, promulgated by the International Code Council, first printing (January 2009), or the graywater provisions within a newer edition of the I.P.C., whether the provisions are contained in appendix C or elsewhere.

(2) The permits shall be issued only upon payment of a fee established by the board and may be revoked by the board at any time.

(3) Any permit issued pursuant to this section shall expire no later than thirty days after the date of the examination for which the applicant has applied or upon written notice by the board of the results of the examination, whichever date is earlier. No permit shall be issued pursuant to this section to any person who has twice previously failed an examination or who has received two temporary permits.

(4) Notwithstanding the requirements set forth in section 12-155-108 (3), a temporary master permit may be issued to an existing plumbing contractor who has lost the services of his or her master plumber for completion of a current project underway as long as he or she has a journeyman plumber in his or her full-time employ. The permit shall only be valid until the next regularly scheduled examination.

12-155-118. Exemptions. (1) Any person selling or dealing in plumbing materials or supplies, but not engaged in the installation, alteration, repairing, or removal of plumbing, shall not be required to employ or have a licensed plumber in charge.

(2) Nothing in this article 155 shall be construed to require any individual to hold a license to perform plumbing work on his or her own property or residence, nor shall it prevent a person from employing an individual on either a full- or a part-time basis to do routine repair, maintenance, and replacement of sinks, faucets, drains, showers, tubs, toilets, and domestic appliances and equipment equipped with backflow preventers; except that, if such property or residence is intended for sale or resale by a person engaged in the business of constructing or remodeling the facilities or structures or is rental property that is occupied or is to be occupied by tenants for lodging, either transient or permanent, or is a commercial or industrial building, the owner shall be responsible for and the property shall be subject to all of the provisions of this article 155 pertaining to licensing, unless specifically exempted therein.

(4) Persons who are engaged in the business of inspecting, testing, and repairing backflow prevention devices shall be exempt from licensure under this article 155, except when the persons engage in the installation and removal of the devices.

(5) Nothing in this article 155 shall be construed to require either that employees of the federal government who perform plumbing work on federal property shall be required to be licensed before doing plumbing work on the property or that the plumbing work performed on the property shall be regulated pursuant to this article 155.

(6) (a) Nothing in this article 155 requires a plumbing license, registration, or permit to perform:

(I) The installation, extension, alteration, or maintenance, including the related water piping and the indirect waste piping, of domestic appliances equipped with backflow preventers, including lawn sprinkling systems; residential ice makers, humidifiers, electrostatic filter washers, or water heating appliances; building heating appliances and systems; fire protection systems except for multipurpose residential fire sprinkler systems in one- and two-family dwellings and townhouses that are part of the potable water supply; air conditioning installations; process and industrial equipment and piping systems; or indirect drainage systems not a part of a sanitary sewer system; or

12-155-119. Plumbing inspectors - qualifications. (1) The director is authorized to appoint or employ competent persons licensed under this article 155 as journeyman or master plumbers as state plumbing inspectors.

(2) The inspectors may be employed either on a full-time or on a part-time basis as the circumstances in each case warrant. State plumbing inspectors have the right of ingress and egress to and from all public and private premises during reasonable working hours where this article 155 applies for the purpose of making plumbing inspections or otherwise determining compliance with the provisions of this article 155.

(3) (a) Beginning July 1, 2014, persons licensed under this article 155 or who are certified as residential plumbing inspectors by a nationally recognized model code organization are authorized to inspect residential plumbing. Any newly hired inspectors not licensed under this article 155 or certified by a nationally recognized model code organization have one year from the date of hire to acquire the necessary license or certification or meet the hiring requirements of the hiring authority, whichever is more stringent.

(b) Beginning July 1, 2014, persons licensed under this article 155 or who are certified as commercial plumbing inspectors by a nationally recognized model code organization are

authorized to inspect commercial plumbing. Any newly hired inspectors not licensed under this article 155 or certified by a nationally recognized model code organization have one year from the date of hire to acquire the necessary license or certification or meet the hiring requirements of the hiring authority, whichever is more stringent.

(4) (a) Plumbing inspectors performing inspections who are employed by a qualified state institution of higher education shall be certified as commercial plumbing inspectors by a nationally recognized model code organization and possess a valid journeyman or master plumber license issued by the state. In addition, the plumbing inspectors shall possess the same qualifications required of state plumbing inspectors under this article 155, shall be registered with the board prior to the assumption of their duties, shall not inspect any plumbing work in which the inspector has any financial or other personal interest, and shall not be engaged in the plumbing business by contracting, supplying material, or performing plumbing work as defined in this article 155. In addition, a plumbing inspector inspecting a medical gas installation shall hold the national inspection certification ASSE 6020 or recognized equivalent.

12-155-120. Inspection - application - standards. (1) Any plumbing or gas piping installation in any new construction or remodeling or repair, other than manufactured units inspected in accordance with the provisions of part 7 of article 32 of title 24, except for the new construction or remodeling or repair in any incorporated town or city, county, or city and county, or in a building owned or leased or on land owned by a qualified state institution of higher education where the local entity or qualified state institution of higher education conducts inspections and issues permits, must be inspected by a state plumbing inspector. A state plumbing inspector shall inspect any new construction, remodeling, or repair subject to the provisions of this subsection (1) within three working days after the receipt of the application for inspection. Prior to the commencement of any plumbing or gas piping installation, the person making the installation shall apply for a permit and pay the required fee. Every mobile home or movable structure owner shall have the plumbing and gas piping hookup for the mobile home or movable structure inspected prior to obtaining new or different plumbing or gas service. A qualified state institution of higher education with a building department that meets or exceeds the minimum standards adopted by the board under this article 155 shall process applications for permits and inspections only from the institution and from contractors working for the benefit of the institution, and shall conduct inspections only of work performed for the benefit of the institution. Each inspection must include a contemporaneous review to ensure that the requirements of section 12-155-108 have been met. A qualified state institution of higher education shall enforce standards that are at least as stringent as any minimum standards adopted by the board.

(2) A state plumbing inspector shall inspect the work performed, and, if the work meets the minimum standards set forth in the Colorado plumbing code referred to in section 12-155-106, a certificate of approval shall be issued by the inspector. If the installation is disapproved, written notice together with the reasons for the disapproval shall be given by the inspector to the applicant. If the installation is hazardous to life or property, the inspector disapproving it may order the plumbing or gas service thereto discontinued until the installation is rendered safe. The applicant may appeal the disapproval to the board and shall be granted a hearing by the board within seven days after notice of appeal is filed with the board. After removal of the cause of the disapproval, the applicant shall make application for reinspection in the same manner as for the original inspection and pay the required reinspection fee.

(3) (a) All inspection permits issued by the board are valid for a period of twelve months. The board shall close a permit and mark its status as "expired" at the end of the twelve-month renewal period, except in the following circumstances:

(I) If an applicant makes a showing at the time of application for a permit that the plumbing or gas piping work is substantial and is likely to take longer than twelve months, the board may issue a permit to be valid for a period longer than twelve months, but not exceeding three years.

(II) If the applicant notifies the board prior to the expiration of the twelve-month period of extenuating circumstances, as determined by the board, during the twelve-month period, the board may extend the validity of the permit for a period not to exceed six months.

(b) If an inspection is requested by an applicant after a permit has expired or has been cancelled, a new permit must be applied for and granted before an inspection is performed.

(4) Each application, certificate of approval, and notice of disapproval shall contain the name of the property owner, if known, the location and a brief description of the installation, the name of the general contractor if any, the name of the plumbing contractor or licensed plumber and state license number in the case of any plumbing installation, the name of the installer in the case of any liquefied petroleum gas piping installation, the state plumbing inspector, and the inspection fee charged for the inspection. The original of a notice of disapproval and written reasons for disapproval and corrective actions to be taken shall be mailed to the board, and a copy of the notice shall be mailed to the plumbing contractor in the case of any plumbing installation or the installer in the case of any liquefied petroleum gas piping installation, within two working days after the date of inspection, and a copy of the notice shall be posted at the installation site. The forms shall be furnished by the board, and a copy of each application, certificate, and notice made or issued shall be filed with the board.

(5) Notwithstanding the fact that any incorporated town or city, any county, or any city and county in which a public school is located or is to be located has its own plumbing code and inspection authority, any plumbing or gas piping installation in any new construction or remodeling or repair of a public school shall be inspected by a state plumbing inspector.

(6) If an incorporated town or city, county, city and county, or qualified state institution of higher education intends to commence or cease performing plumbing or gas piping inspections in its respective jurisdiction, or for its buildings owned or leased or on its land, written notice of such intent must be given to the board.

(7) (a) Any person claiming to be aggrieved by the failure of a state plumbing inspector to inspect his or her property after proper application or by notice of disapproval without setting forth the reasons for denying the inspection permit may request the program administrator to

review the actions of the plumbing inspector or the manner of the inspection. The request may be made by the person's authorized representative and shall be in writing.

(b) Upon the filing of the request, the program administrator shall cause a copy thereof to be served upon the state plumbing inspector complained of, together with an order requiring the inspector to answer the allegations of the request within a time fixed by the program administrator.

(c) If the request is not granted within ten days after it is filed, it may be treated as rejected. Any person aggrieved by the action of the program administrator in refusing the review requested or in failing or refusing to grant all or part of the relief requested may file a written complaint and request for a hearing with the board, specifying the grounds relied upon.

(d) Any hearing before the board shall be held pursuant to the provisions of section 24-4-105.

(8) If an incorporated town or city, county, city and county, or qualified state institution of higher education intends to commence or cease performing plumbing inspections in its jurisdiction or for the buildings owned or leased by or on land of a qualified state institution of higher education, it shall commence or cease the same only as of July 1 of any year, and written notice of intent must be given to the board on or before October 1 of the preceding calendar year. If notice is not given and the use of state plumbing inspectors is required within the respective jurisdiction or building affected by the notice requirement, the respective local government or qualified state institution of higher education of the respective jurisdiction or building requiring inspections shall reimburse the board for any expenses incurred in performing inspections, in addition to transmitting the required permit fees.

(9) A qualified state institution of higher education may choose not to require fees as part of the permitting process. A documented permitting and inspection system must be instituted by each qualified state institution of higher education as a tracking system that is available to the board for the purpose of investigating any alleged violation of this article 155. The permitting and inspection system must include information specifying the project, the name of the inspector, the date of the inspection, the job site address, the scope of the project, the type of the inspection, the result of the inspection, the reason and applicable code sections for partially passed or failed inspections, and the names of the contractors on the project who are subject to inspection.

(10) (a) An inspector performing an inspection for the state, an incorporated town or city, county, city and county, or qualified state institution of higher education, referred to in this subsection (10) as an "inspecting entity", shall verify compliance with this article 155.

(b) (I) Inspections performed by an inspecting entity must include, for each project, a contemporaneous review to ensure compliance with sections 12-155-108 and 12-155-124. A contemporaneous review may include a full or partial review of the plumbers and apprentices working at a job site being inspected.

(II) To ensure that enforcement is consistent, timely, and efficient, each inspecting entity employing inspectors shall develop standard procedures to advise its inspectors on how to conduct a contemporaneous review. An inspecting entity's standard procedures need not require a contemporaneous review for each inspection of a project, but the procedures must preserve an inspector's ability to verify compliance with sections 12-155-108 and 12-155-124 at any time. Each inspecting entity's procedures must include provisions that allow for inspectors to conduct occasional, random, on-site inspections while actual plumbing work is being conducted, with a

focus on large commercial and multi-family residential projects permitted by the inspecting entity. Each inspecting entity subject to this subsection (10)(b)(II), including the state, shall post its current procedures regarding contemporaneous reviews in a prominent location on its public website and provide the director with a link to the web page on which the procedures have been posted or, if an inspecting entity does not have a website, provide its current procedures to the director for posting on the board's website.

(III) An inspector may file a complaint with the board for any violation of this article 155.

(c) The board shall ensure compliance with this section. If the board determines, as a result of a formal complaint, that an inspecting entity is conducting plumbing inspections that do not comply with this section, the board may issue to the inspecting entity an order to show cause, in accordance with section 12-155-105 (1)(m), as to why the board should not issue a final order directing the inspecting entity to cease and desist conducting plumbing inspections until the inspecting entity comes into compliance to the satisfaction of the board. If the use of state plumbing inspectors is required after the issuance of a final cease-and-desist order pursuant to this subsection (10)(c), the inspecting entity shall reimburse the board for any expenses incurred in performing the inspecting entity's inspections, in addition to transmitting the required permit fees.

12-155-121. Municipal and county regulations. (1) Any city, town, county, or city and county of this state may provide for the licensing of plumbing contractors or water conditioning contractors. Contractors who obtain local licensing must also register with the board in accordance with section 12-155-108.

this article 155 is subject to penalties pursuant to section 12-20-407 (1)(a); except that nothing in this subsection (2) limits the ability of a licensed residential, journeyman, or master plumber, a plumbing apprentice, or a registered plumbing contractor to practice within his or her respective area as authorized by this article 155 with regard to water conditioning appliances.

12-155-123. Violation - fines - rules. (1) (a) If the board concludes that any licensee, registrant, or applicant for licensure has violated any provision of section 12-155-113 and that disciplinary action is appropriate, the program administrator or the program administrator's designee may issue a citation in accordance with subsection (3) of this section to the licensee, registrant, or applicant.

(b) (I) The licensee, registrant, or applicant to whom a citation has been issued may make a request to negotiate a stipulated settlement agreement with the program administrator or the program administrator's designee, if the request is made in writing within ten working days after issuance of the citation that is the subject of the settlement agreement.

(II) All stipulated settlement agreements shall be conducted pursuant to rules adopted by the board pursuant to section 12-155-105 (1)(e). The board shall adopt a rule to allow any licensee, registrant, or applicant unable, in good faith, to settle with the program administrator to request an administrative hearing pursuant to subsection (1)(c) of this section.

(c) (I) The licensee, registrant, or applicant to whom a citation has been issued may request an administrative hearing to determine the propriety of the citation if the request is made in writing within ten working days after issuance of the citation that is the subject of the hearing or within a reasonable period after negotiations for a stipulated settlement agreement pursuant to subsection (1)(b) of this section have been deemed futile by the program administrator.

(II) For good cause the board may extend the period of time in which a person who has been cited may request a hearing.

(III) All hearings conducted pursuant to subsection (1)(c)(I) of this section shall be conducted in compliance with section 24-4-105.

(d) Any action taken by the board pursuant to this section shall be deemed final after the period of time extended to the licensee, registrant, or applicant to contest the action pursuant to this subsection (1) has expired.

(2) (a) The board shall adopt a schedule of fines pursuant to subsection (2)(b) of this section as penalties for violating section 12-155-113. The fines shall be assessed in conjunction with the issuance of a citation, pursuant to a stipulated settlement agreement, or following an administrative hearing. Such schedule shall be adopted by rule in accordance with section 12-155-105 (1)(e).

(b) In developing the schedule of fines, the board shall:

(I) Provide that a first offense may carry a fine of up to one thousand dollars;

(c) If the recipient fails to give written notice to the board that the recipient intends to contest the citation or to negotiate a stipulated settlement agreement within ten working days after service of a citation by the board, the citation shall be deemed a final order of the board.

(d) The board may take disciplinary action as specified in section 12-20-404 (1)(b) or (1)(d) if the licensee or registrant fails to comply with the requirements set forth in a citation deemed final pursuant to subsection (3)(c) of this section.

(e) The failure of an applicant for licensure to comply with a citation deemed final pursuant to subsection (3)(c) of this section is grounds for denial of a license.

(4) (a) Any fine collected pursuant to this section shall be transmitted to the state treasurer, who shall credit one-half of the amount of the fine to the general fund, and one-half of the amount of the fine shall be shared with the appropriate city, town, county, or city and county, which amounts shall be transmitted to the entity on an annual basis.

12-155-124. Apprentices - rules - repeal. (1) Any person may work as a plumbing apprentice for a registered plumbing contractor but shall not do any plumbing work for which a license is required pursuant to this article 155 except under the supervision of a licensed plumber. Supervision requires that a licensed plumber supervise apprentices at the job site. One licensed journeyman plumber, master plumber, or residential plumber shall not supervise more than three apprentice plumbers at the same job site.

(2) Any master, journeyman, or residential plumber who is the supervisor of any plumbing apprentice shall be responsible for the work performed by the apprentice. The license of any plumber may be revoked, suspended, or denied under the provisions of section 12-155-113 for any improper work performed by a plumbing apprentice while under the supervision of the licensee.

(3) By July 1, 2022, and by July 1 each year thereafter, a registered plumbing contractor, an apprenticeship program registered with the United States department of labor's employment and training administration, and a state apprenticeship council recognized by the United States department of labor that employs a plumbing apprentice in this state shall report to the board the name and contact information of each plumbing apprentice in the apprenticeship program and the cumulative number of practical training hours each plumbing apprentice has completed toward the licensure requirements specified in section 12-155-110. The board shall keep the information reported pursuant to this subsection (3) confidential from all parties other than from the plumbing apprentice through the plumbing apprentice's individual registration account. The department of regulatory agencies shall, if existing resources are available or if the department receives gifts, grants, or donations pursuant to subsection (8) of this section, indicate whether the plumbing apprentice has completed the required practical training hours in the department of regulatory agencies' online apprenticeship directory.

(4) On and after July 1, 2021, contingent on the availability of existing resources within the department or the receipt of gifts, grants, and donations pursuant to subsection (8) of this section:

(a) (I) A plumbing apprentice who has been registered for at least six years, has completed six thousand eight hundred hours of practical training, and meets all other license requirements specified in section 12-155-110 shall take the license examination at least every two years in alignment with the license renewal cycle until the plumbing apprentice receives a passing score.

(II) If a plumbing apprentice has failed to pass the license examination in two consecutive two-year periods, the plumbing apprentice may request an exemption from the board from future examination requirements. The board shall grant the exemption if the board determines that the plumbing apprentice has legitimate educational or professional circumstances that justify the exemption. The board shall promulgate rules concerning the process of requesting and approving license examination exemptions.

(b) A plumbing apprentice who has been registered for at least six years and who does not meet the license requirements specified in section 12-155-110 shall take the license examination at least once every two years in alignment with the license renewal cycle until the plumbing apprentice receives a passing score. Once the plumbing apprentice passes the license examination, the apprentice must meet all other license requirements specified in section 12-155-110 before the board may issue a license to the plumbing apprentice.

(5) (a) If the cumulative training hours of a plumbing apprentice are not reported as required by subsection (3) of this section or if a plumbing apprentice fails to take the license examination as required by subsection (4) of this section, the board may suspend the plumbing apprentice's registration until the requirements are met.

(b) If a plumbing apprentice who is required to take the license examination pursuant to subsection (4) of this section has a learning disability, the plumbing apprentice, plumbing contractor, or apprenticeship program may request that the board make accommodations for the plumbing apprentice to take the examination with the appropriate level of support.

(6) A registered plumbing contractor, an apprenticeship program registered with the United States department of labor's employment and training administration, and a state apprenticeship council recognized by the United States department of labor shall remove each plumbing apprentice that is no longer employed as an apprentice from the apprenticeship program and annually notify the board of the termination of the employment.

(7) (a) If the department of regulatory agencies is able to implement subsection (4) of this section, the department of regulatory agencies, in consultation with the board, industry stakeholders, examination proctors, national code organizations, apprenticeship training coordinators, and the department of labor and employment, shall conduct research to determine what barriers exist in the preparation and taking of the examination provided for in section 12-155-110 for plumbing apprentices for whom English is a second language and, on or before January 1, 2021, shall report its findings, including any legislative or regulatory recommendations, to the general assembly.

(b) This subsection (7) is repealed, effective July 1, 2021.

(8) The department may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section.

12-160-102. Legislative declaration. *[Editor's note: This article 160 is in a one-year wind-up period. For further explanation regarding the wind-up period, see the editor's note following the article heading.]* (1) The general assembly hereby finds and declares that:

(a) Private investigators often perform investigations of a sensitive nature, delving into matters impacting personal privacy;

(b) While most private investigators perform investigations in an ethical and professional manner, lack of mandatory regulation of private investigators in this state permits any person, regardless of his or her criminal history or knowledge of laws impacting private investigations, to present himself or herself to the public as a private investigator and perform private investigations for others;

(c) Imposing mandatory regulation on private investigators conducting private investigations in this state is necessary to protect consumers by ensuring private investigators have the appropriate knowledge and ability to perform investigations in an ethical and professional manner;

(d) Balancing consumer protection with the interests of private businesses and individuals desiring to engage in the private investigation profession is likewise important;

(e) It is in the interests of consumers and private investigators for the state to develop the appropriate level of regulation of private investigators that protects consumers without creating unnecessary barriers to entry into the profession.

(2) The general assembly therefore finds that in order to protect the citizens of the state and to ensure that needless requirements are not imposed that restrict access into the profession, it is important to create the licensure program established in this article 160 to require private investigators to obtain a state-issued license to conduct private investigations in this state.

(3) The general assembly further finds that:

(a) The number of private investigators licensed under the "Private Investigators Voluntary Licensure Act", enacted by House Bill 11-1195 in 2011, which allows private investigators the option to obtain a state-issued license, is insufficient to justify continuing the voluntary program;

(b) The voluntary licensure program is currently operating at a loss as the license fees based on the number of licensees are inadequate to fully fund the program, and increasing the fees to a level that would sustain the program results in unaffordable fees, and consequently, fewer and fewer private investigators are participating in the voluntary program;

(c) While the voluntary program is unsustainable, it is important to protect consumers by establishing minimum standards for and requirements for licensure of private investigators;

(d) By repealing the voluntary program and replacing it with a mandatory licensure program, the intent is to continue regulating private investigators operating in this state to ensure private investigators are engaging in the profession in an ethical manner and have the appropriate knowledge and ability to perform investigations;

(e) As the mandatory program will regulate the same types of professionals who could have chosen to be regulated under the voluntary program, it is appropriate that private investigators licensed under the mandatory program share in the repayment of the deficit that resulted from the voluntary program; and

(f) To avoid cost-prohibitive license fees, it is the intent of the general assembly for the division to spread the repayment of the deficit generated by the voluntary program over the life of the new mandatory program, which is scheduled to repeal on September 1, 2020.

(1) The director may take disciplinary or other action as authorized in section 12-20-404 against an applicant or licensee if the applicant or licensee:

(4) (a) The director may commence a proceeding to discipline a licensee when the director has reasonable grounds to believe that the licensee has committed an act or omission specified in this section.

(b) In any proceeding held under this section, the director may accept as evidence of grounds for disciplinary action any disciplinary action taken against a licensee in another jurisdiction if the violation that prompted the disciplinary action in the other jurisdiction would be grounds for disciplinary action under this article 160.

(5) Section 12-20-403 governs disciplinary proceedings, investigations, hearings, and the gathering of evidence in all matters related to the director's exercise and performance of the director's powers and duties under this article 160.

(9) The director may issue and send a licensee a letter of admonition under the circumstances specified in and in accordance with section 12-20-404 (4).

(10) The director may send a licensee a confidential letter of concern under the circumstances specified in section 12-20-404 (5).

It is also the intent of the general assembly that the providers or practitioners of acupuncture should not misrepresent their qualifications, harm their clients, practice in an unhealthy manner, or otherwise deceive insurers or the recipients of acupuncture services.

12-205-111. Grounds for discipline - disciplinary proceedings - definitions. (1) The director may take disciplinary action against a licensee if the director finds that the licensee has represented himself or herself as a licensee after the expiration, suspension, or revocation of the license.

(2) The director may take disciplinary or other action in accordance with section 12-20-404 or issue a cease-and-desist order in accordance with section 12-205-112 upon reasonable grounds that the licensee:

(a) Has engaged in a sexual act with a person receiving services while a therapeutic relationship existed or within six months immediately following termination of the therapeutic relationship. For the purposes of this subsection (2)(a):

(I) "Sexual act" means sexual contact, sexual intrusion, or sexual penetration as defined in section 18-3-401.

(II) "Therapeutic relationship" means the period beginning with the initial evaluation and ending upon the written termination of treatment. When an individual receiving services is an athlete participating on a sports team operated under the auspices of a bona fide amateur sports organization or an accredited educational institution that employs the licensee, the therapeutic relationship exists from the time the athlete becomes affiliated with the team until the affiliation ends or the athletic trainer terminates the provision of athletic training services to the team, whichever occurs first.

(c) Has a substance use disorder, as defined in section 27-81-102, or is an excessive or habitual user or abuser of alcohol or habit-forming drugs or is a habitual user of a controlled substance, as defined in section 18-18-102 (5), or other drugs having similar effects; except that the director has the discretion not to discipline the licensee if the licensee is participating in good faith in an alcohol or substance use disorder treatment program approved by the director;

(d) (I) Has failed to notify the director, as required by section 12-30-108 (1), of a physical illness, physical condition, or behavioral, mental health, or substance use disorder that affects the licensee's ability to provide athletic training services with reasonable skill and safety or that may endanger the health or safety of individuals receiving athletic training services;

(II) Has failed to act within the limitations created by a physical illness, physical condition, or behavioral, mental health, or substance use disorder that renders the licensee unable to perform athletic training with reasonable skill and safety or that may endanger the health or safety of persons under the licensee's care; or

(III) Has failed to comply with the limitations agreed to under a confidential agreement entered pursuant to sections 12-30-108 and 12-205-114;

(e) Has had a registration or license suspended or revoked for actions that are a violation of this article 205 or an applicable provision of article 20 or 30 of this title 12;

(f) Has been convicted of or pled guilty or nolo contendere to a felony or any crime defined in title 18. (g) Has practiced athletic training without a license;

(h) Has failed to notify the director of any disciplinary action in regard to the person's past or currently held license, certificate, or registration required to practice athletic training in this state or any other jurisdiction;

(l) Has otherwise violated any provision of this article 205 or an applicable provision of article 20 or 30 of this title 12.

(3) Except as otherwise provided in subsection (2) of this section, the director need not find that the actions that are grounds for discipline were willful but may consider whether the actions were willful when determining the nature of disciplinary sanctions to be imposed.

(4) (a) The director may commence a proceeding to discipline a licensee when the director has reasonable grounds to believe that the licensee has committed an act enumerated in this section.

(b) In any proceeding held under this section, the director may accept as evidence of grounds for disciplinary action any disciplinary action taken against a licensee in another jurisdiction if the violation that prompted the disciplinary action in the other jurisdiction would be grounds for disciplinary action under this article 205.

(5) Disciplinary proceedings shall be conducted in accordance with article 4 of title 24 and section 12-20-403. The director has the authority to exercise all powers and duties conferred by this article 205 during the disciplinary proceedings.

(6) (a) The director may seek an injunction in accordance with section 12-20-406 to enjoin a person from committing an act prohibited by this article 205.

(b) In accordance with section 12-20-403, the director may investigate, hold hearings, and gather evidence in all matters related to the exercise and performance of the powers and duties of the director.

Unless due to circumstances beyond the licensee's control, if the licensee refuses to undergo a mental or physical examination, the director may suspend the person's license until the results of the examination are known and the director has made a determination of the licensee's fitness to practice. The director shall proceed with an order for examination and shall make the determination in a timely manner.

(2) The director shall include in an order requiring a licensee to undergo a mental or physical examination the basis of the director's reasonable cause to believe that the licensee is unable to practice with reasonable skill and safety. For purposes of a disciplinary proceeding authorized under this article 205, the licensee is deemed to have waived all objections to the admissibility of the examining physician's or licensed health care professional's testimony or examination reports on the ground that they are privileged communications.

(3) The licensee may submit to the director testimony or examination reports from a physician chosen by the licensee and pertaining to any condition that the director has alleged may preclude the licensee from practicing with reasonable skill and safety. (4) The results of a mental or physical examination ordered by the director shall not be used as evidence in any proceeding other than one before the director and shall not be deemed a public record or made available to the public.

The articles of incorporation of the corporations shall contain provisions complying with the following requirements:

SAFETY TRAINING FOR UNLICENSED X-RAY TECHNICIANS

Cross references: For similar provisions in article 220 of this title 12 regulating dentists and dental hygienists, see part 6 of said article 220; for similar provisions in article 290 of this title 12 regulating podiatrists, see part 2 of said article 290.

12-215-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any licensed chiropractor to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that licensed chiropractors utilizing unlicensed persons in their practices provide those persons with a minimum level of education and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the board pursuant to this part 2.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules authorized by this part 2, the board will make every effort, consistent with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-215-202. Board authorized to issue rules - definition. (1) (a) The board shall adopt rules prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering radiation to patients for diagnostic chiropractic use. No licensed chiropractor shall allow any unlicensed person to operate any machine source of ionizing radiation or to administer radiation to any patient unless the person has met the standards then in effect under rules adopted pursuant to this section. The board may adopt rules allowing a grace period in which newly hired operators of machine sources of ionizing radiation shall receive the training required pursuant to this section.

(b) For purposes of this part 2, "unlicensed person" means any person who does not hold a current and active license entitling the person to practice chiropractic under the provisions of this article 215.

(2) The board shall seek the assistance of licensed chiropractors in developing and formulating the rules promulgated pursuant to this section.

(3) The required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering radiation to patients shall be established by the board by rule. This standard shall apply to all persons in chiropractic settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103. The training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience including on-the-job training as determined by the board.

The board may, in the name of the people of the state of Colorado, apply for an injunction in district court to enjoin any independent advertising or marketing agent from the use of advertising or marketing that the court finds on the basis of the evidence presented by the board to be misleading, deceptive, or false; except that a licensed dentist or dental hygienist is not subject to discipline by the board, injunction, or prosecution in the courts under this article 220 or any other law for advertising or marketing by an independent advertising or marketing

agent if the factual information that the licensed dentist or dental hygienist provides to the independent advertising or marketing agent is accurate and not misleading, deceptive, or false.

12-220-310. Dentist peer health assistance program - fees - rules. (1) (a) Effective July 1, 2004, as a condition of renewal in this state, every renewal applicant shall pay to the administering entity that has been selected by the board pursuant to subsection (1)(b) of this section an amount not to exceed fifty-nine dollars per year, which maximum amount may be adjusted on January 1, 2005, and annually thereafter by the board to reflect changes in the United States department of labor, bureau of labor statistics, consumer price index for Denver-Aurora-Lakewood for all urban consumers or goods, or its successor index. The fee shall be used to support designated providers that have been selected by the board to provide assistance to dentists needing help in dealing with physical, emotional, or psychological problems that may be detrimental to their ability to practice dentistry. The fee shall not exceed one hundred dollars per year per licensee.

(b) The board shall select one or more peer health assistance programs as designated providers. To be eligible for designation by the board, a peer health assistance program must:

(I) Provide for the education of dentists with respect to the recognition and prevention of physical, emotional, and psychological problems and provide for intervention when necessary or under circumstances that may be established by rules promulgated by the board;

(II) Offer assistance to a dentist in identifying physical, emotional, or psychological problems;

(III) Evaluate the extent of physical, emotional, or psychological problems and refer the dentist for appropriate treatment;

(IV) Monitor the status of a dentist who has been referred for treatment;

(V) Provide counseling and support for the dentist and for the family of any dentist referred for treatment;

(VI) Agree to receive referrals from the board;

(VII) Agree to make its services available to all licensed Colorado dentists.

(c) The administering entity must be a qualified, nonprofit foundation that is qualified under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, and must be dedicated to providing support for charitable, benevolent, educational, and scientific purposes that are related to dentistry, dental education, dental research and science, and other dental charitable purposes.

(d) The administering entity shall:

(I) Collect the required annual payments, directly or through the board;

(II) Verify to the board, in a manner acceptable to the board, the names of all dentist applicants who have paid the fee set by the board;

(III) Distribute the money collected, less expenses, to the designated provider, as directed by the board;

(IV) Provide an annual accounting to the board of all amounts collected, expenses incurred, and amounts disbursed; and

(V) Post a surety performance bond in an amount specified by the board to secure performance under the requirements of this section. The administering entity may recover the actual administrative costs incurred in performing its duties under this section in an amount not to exceed ten percent of the total amount collected.

(e) The board may collect the required annual payments payable to the administering entity for the benefit of the administering entity and shall transfer the payments to the administering entity. All required annual payments collected or due to the board for each fiscal year are deemed custodial funds that are not subject to appropriation by the general assembly, and the funds do not constitute state fiscal year spending for purposes of section 20 of article X of the state constitution.

(2) (a) Any dentist who is a referred participant in a peer health assistance program shall enter into a written agreement with the board prior to the dentist becoming a participant in the program. The agreement must contain specific requirements and goals to be met by the participant, including the conditions under which the program will be successfully completed or terminated, and a provision that a failure to comply with the requirements and goals shall be promptly reported to the board and that the failure results in disciplinary action by the board.

(b) Notwithstanding sections 12-220-201 and 24-4-104, the board may immediately suspend the license of any dentist who is referred to a peer health assistance program by the board and who fails to attend or complete the program. If the dentist objects to the suspension, the dentist may submit a written request to the board for a formal hearing on the suspension within ten days after receiving notice of the suspension, and the board shall grant the request. In the hearing the dentist bears the burden of proving that the dentist's license should not be suspended.

(c) Any dentist who is accepted into a peer health assistance program in lieu of disciplinary action by the board shall affirm that, to the best of the dentist's knowledge, information, and belief, the dentist knows of no instance in which the dentist has violated this article 220 or the rules of the board, except in those instances affected by the dentist's physical, emotional, or psychological problems.

(3) If a dentist is arrested for a drug- or alcohol-related offense, the dentist shall self-refer to the peer health assistance program within thirty days after the arrest for an evaluation and referral for treatment as necessary. If the dentist self-refers, the evaluation by the program is confidential and cannot be used as evidence in any proceeding other than before the board. If a dentist fails to comply with this subsection (3), the failure, alone, is not grounds for discipline under sections 12-220-201 and 12-220-202 unless the dentist has also committed an act or omission specified in section 12-220-201, other than an act or omission specified in section 12-220-201 (1)(e) or (1)(f).

(4) Nothing in this section creates any liability on behalf of the board or the state of Colorado for the actions of the board members in making grants to peer assistance programs, and no civil action may be brought or maintained against the board or the state for an injury alleged to have been the result of the activities of any state-funded peer assistance program or of an act or omission of a dentist participating in or referred by a state-funded peer assistance program. However, the state remains liable under the "Colorado Governmental Immunity Act", article 10 of title 24, if an injury alleged to have been the result of an act or omission of a dentist

participating in or referred by a state-funded peer assistance program occurred while the dentist was performing duties as an employee of the state.

(5) The board is authorized to promulgate rules necessary to implement this section.

PART 6

SAFETY TRAINING - UNLICENSED X-RAY TECHNICIANS

Cross references: For similar provisions in article 215 of this title 12 regulating chiropractors, see part 2 of said article 215; for similar provisions in article 290 of this title 12 regulating podiatrists, see part 2 of said article 290.

12-220-601. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any dentist or dental hygienist to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that dentists and dental hygienists utilizing unlicensed persons in their practices provide those persons with a minimum level of education and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the board pursuant to this part 6.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules authorized by this part 6, the board will make every effort, consistent

with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-220-602. Minimum standards - rules - definition. (1) (a) The board shall adopt rules prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering radiation to patients for diagnostic medical use. A licensed dentist or dental hygienist shall not allow an unlicensed person to operate a machine source of ionizing radiation or to administer radiation to any patient unless the person meets standards then in effect under rules adopted pursuant to this section. The board may adopt rules allowing a grace period in which newly hired operators of machine sources of ionizing radiation are to receive the training required by this section.

(b) For purposes of this part 6, "unlicensed person" means a person who does not hold a current and active license entitling the person to practice dentistry or dental hygiene under this article 220.

(2) The board shall seek the assistance of licensed dentists or licensed dental hygienists in developing and formulating the rules promulgated pursuant to this section.

(3) The board shall establish by rule the required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering radiation to patients. This standard shall apply to all persons in dental settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103. The training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience, including on-the-job training as determined by the board.

(c) It is the intent of the general assembly that health care be provided pursuant to this article 225 as an alternative to traditional licensed health care and not for the purpose of enabling providers of traditional licensed health care to circumvent the regulatory oversight to which they are otherwise subject under any other part or article of this title 12.

(2) Nothing in this article 225 shall be construed to prohibit, or to require registration under this article 225, with regard to:

(a) The gratuitous rendering of services in an emergency;

(b) The rendering of services by a physician licensed pursuant to article 240 of this title 12 or otherwise legally authorized to practice in this state;

Source: L. 2020: Entire part added, (HB 20-1218), ch. 299, p. 1486, § 11, effective September 1.

12-230-502. Dispensing hearing aids - deceptive trade practices. (1) In addition to any other deceptive trade practices under section 6-1-105, a dispenser engages in a deceptive trade practice when the dispenser:

(a) Fails to deliver to each person to whom the dispenser dispenses a hearing aid a receipt that:

(I) Bears the business address of the dispenser, together with specifications as to the make and serial number of the hearing aid furnished and the full terms of the sale clearly stated. If the dispenser dispenses a hearing aid that is not new, the dispenser shall clearly mark on the hearing aid container and the receipt the term "used" or "reconditioned", whichever is applicable, within the terms of the guarantee, if any.

(II) Bears, in no smaller type than the largest used in the body of the receipt, in substance, a provision that the buyer has been advised at the outset of the buyer's relationship with the dispenser that any examination or representation made by a dispenser in connection with the practice of dispensing, fitting, or dealing in hearing aids is not an examination, diagnosis, or prescription by a person licensed to practice medicine in this state and, therefore, must not be regarded as medical opinion or advice;

(III) Bears, in no smaller type than the largest used in the body of the receipt, a provision indicating that dispensers who are licensed by the department are regulated by the division; and

(IV) Bears a provision labeled "warranty" in which the exact warranty terms and periods available from the manufacturer are documented, or includes an original or photocopy of the original manufacturer's warranty with the receipt;

(b) Dispenses a hearing aid to a child under eighteen years of age without receiving documentation that the child has been examined by a licensed physician and an audiologist within six months prior to the fitting;

(c) Dispenses, adjusts, provides training or teaching in regard to, or otherwise services surgically implanted hearing devices unless the dispenser is an audiologist or physician;

(I) The buyer has the right to cancel the purchase for any reason before the expiration of the rescission period by giving or mailing written notice of cancellation to the dispenser and presenting the hearing aid to the dispenser, unless the hearing aid has been lost or significantly

damaged beyond repair while in the buyer's possession and control. The rescission period is tolled for any period during which a dispenser takes possession or control of a hearing aid after its original delivery.

(II) The buyer, upon cancellation, is entitled to receive a full refund of any payment made for the hearing aid within thirty days after returning the hearing aid to the dispenser, unless the hearing aid was significantly damaged beyond repair while in the buyer's possession and control.

(III) (A) The dispenser shall provide a written receipt or contract to the buyer that includes, in immediate proximity to the space reserved for the signature of the buyer, the following specific statement in all capital letters of no less than ten-point, bold-faced type:

THE BUYER HAS THE RIGHT TO CANCEL THIS PURCHASE FOR ANY REASON AT ANY TIME PRIOR TO 12 MIDNIGHT ON THE [Insert applicable rescission period, which must be no shorter than thirty days after receipt of the hearing aid] CALENDAR DAY AFTER RECEIPT OF THE HEARING AID BY GIVING OR MAILING THE DISPENSER WRITTEN NOTICE OF CANCELLATION AND BY RETURNING THE HEARING AID, UNLESS THE HEARING AID HAS BEEN SIGNIFICANTLY DAMAGED BEYOND REPAIR WHILE THE HEARING AID WAS IN THE BUYER'S CONTROL.

(B) The written contract or receipt provided to the buyer must also contain a statement, in print size no smaller than ten-point type, that the sale is void and unenforceable if the hearing aid being purchased is not delivered to the consumer within thirty days after the date the written contract is signed or the receipt is issued, whichever occurs later. The written contract or receipt must also include the dispenser's license number, if the dispenser is required to be licensed by the state, and a statement that the dispenser will promptly refund all money paid for the purchase of the hearing aid if it is not delivered to the consumer within the thirty-day period. The buyer cannot waive this requirement, and any attempt to waive it is void.

(IV) A refund request form must be attached to each receipt and must contain the information in subsection (1)(a)(I) of this section and the statement, in all capital letters of no less than ten-point, bold-faced type:

REFUND REQUEST - THIS FORM MUST BE POSTMARKED BY _____
[Date to be filled in]. **NO REFUND WILL BE GIVEN UNTIL THE HEARING AID OR HEARING AIDS ARE RETURNED TO THE DISPENSER.**

A space for the buyer's address, telephone number, and signature must be provided. The buyer is required only to sign, list the buyer's current address and telephone number, and mail the refund request form to the dispenser. (II) Be false or misleading;

(g) Directly or indirectly:

(I) Gives or offers to give, or permits or causes to be given, money or anything of value to any person who advises another in a professional capacity as an inducement to influence the person or have the person influence others to purchase or contract to purchase products sold or offered for sale by the dispenser; except that a dispenser does not violate this subsection (1)(g)(I) if the dispenser pays an independent advertising or marketing agent compensation for advertising or marketing services the agent rendered on the dispenser's behalf, including compensation that is paid for the results or performance of the services on a per-patient basis; or

(II) Influences or attempts to influence any person to refrain from dealing in the products of competitors;

(h) Dispenses a hearing aid to a person who has not been given tests utilizing appropriate established procedures and instrumentation in the fitting of hearing aids, except when selling a replacement hearing aid within one year after the date of the original purchase;

(i) Makes a false or misleading statement of fact concerning goods or services or the buyer's right to cancel with the intention or effect of deterring or preventing the buyer from exercising the buyer's right to cancel, or refuses to honor a buyer's request to cancel a contract for the purchase of a hearing aid, if the request was made during the rescission period set forth in subsection (1)(e) of this section;

(2) (a) This section applies to a dispenser who dispenses hearing aids in this state.

(b) This section does not apply to the dispensing of hearing aids outside of this state so long as the transaction either conforms to this section or to the applicable laws and rules of the jurisdiction in which the transaction takes place.

(6) The director may deny a license if the director determines that the applicant is not competent, trustworthy, or of good moral character.

(7) Pursuant to sections 12-20-202 (5) and 24-5-101, the director shall consider whether an applicant with a criminal record has been rehabilitated, specifically considering whether the applicant has been a victim of human trafficking and the lapse of time since the offense.

(5) On completion of an investigation, the director shall find one of the following:

(a) The complaint is without merit and no further action need be taken with reference thereto;

(c) The complaint discloses misconduct by the licensee that warrants formal action, in which case the director shall initiate disciplinary proceedings pursuant to subsection (6) of this section.

(II) For purposes of this subsection (6), "personal and responsible direction and supervision" means that the direction and supervision of a physician assistant is personally rendered by a licensed physician practicing in the state of Colorado and is not rendered through intermediaries. (b) An anesthesiologist assistant shall perform delegated medical tasks only under the direct supervision of a physician who practices as an anesthesiologist. A patient or the patient's representative shall be advised if an anesthesiologist assistant is involved in the care of a patient. Unless approved by the board, a supervising physician shall not concurrently supervise more than three anesthesiologist assistants; except that the board may, by rule, allow an anesthesiologist to supervise up to four anesthesiologist assistants on and after July 1, 2016. The board may consider information from anesthesiologists, anesthesiologist assistants, patients, and other sources when considering a ratio change of supervision of anesthesiologist assistants. Direct supervision of anesthesiologist assistants may be transferred between anesthesiologists of the same group or practice in accordance with generally accepted standards of care.

(c) Nothing in this subsection (7) affects the practice of dentists and dental assistants practicing pursuant to article 220 of this title 12.

(II) A suspension issued pursuant to subsection (1)(ff)(I) of this section may be continued until dismissal, acquittal, or conviction of the charges. A hearing on the suspension may not occur until after the dismissal, acquittal, or conviction of such charge unless the licensee opts to proceed to a hearing regarding the suspension.

For purposes of this subsection (4), "discipline" includes any sanction required to be reported pursuant to 45 CFR 60.8. This subsection (4) applies only to discipline that is based upon an act or omission in the other state, territory, or country that is defined substantially the same as unprofessional conduct pursuant to subsection (1) of this section.

(5) (a) For purposes of this section, "alternative medicine" means those health care methods of diagnosis, treatment, or healing that are not generally used but that provide a reasonable potential for therapeutic gain in a patient's medical condition that is not outweighed by the risk of the methods. A licensee who practices alternative medicine shall inform each patient in writing, during the initial patient contact, of the licensee's education, experience, and credentials related to the alternative medicine practiced by the licensee. The board shall not take disciplinary action against a licensee solely on the grounds that the licensee practices alternative medicine.

12-240-125. Disciplinary action by board - rules. (1) (a) The president of the board shall divide those members of the board other than the president into two panels of six members each, four of whom shall be physician members.

(b) Each panel shall act as both an inquiry and a hearings panel. Members of the board may be assigned from one panel to the other by the president. The president may be a member of

both panels, but in no event shall the president or any other member who has considered a complaint as a member of a panel acting as an inquiry panel take any part in the consideration of a formal complaint involving the same matter.

(c) All matters referred to one panel for investigation shall be heard, if referred for formal hearing, by the other panel or a committee of that panel. However, in its discretion, either inquiry panel may elect to refer a case for formal hearing to a qualified administrative law judge in lieu of a hearings panel of the board, for an initial decision pursuant to section 24-4-105.

(d) The initial decision of an administrative law judge may be reviewed pursuant to section 24-4-105 (14) and (15) by the filing of exceptions to the initial decision with the hearings panel that would have heard the case if it had not been referred to an administrative law judge or by review upon the motion of the hearings panel. The respondent or the board's counsel shall file the exceptions.

(2) Investigations shall be under the supervision of the panel to which they are assigned. The persons making the investigation shall report the results thereof to the assigning panel for appropriate action.

(3) In the discharge of its duties, the board may enlist the assistance of other licensees. Licensees have the duty to report to the board any licensee known, or upon information and belief, to have violated any of the provisions of section 12-240-121 (1); except that a licensee who is treating another licensee for a behavioral, mental health, or substance use disorder or the excessive use of any habit-forming drug, shall not have a duty to report his or her patient unless, in the opinion of the treating licensee, the impaired licensee presents a danger to himself, herself, or others.

(4) (a) (I) Written complaints relating to the conduct of a licensee licensed or authorized to practice medicine in this state may be made by any person or may be initiated by an inquiry panel of the board on its own motion. The licensee complained of shall be given notice by first-class mail of the nature of the complaint and shall be given thirty days to answer or explain in writing the matters described in such complaint. Upon receipt of the licensee's answer or at the conclusion of thirty days, whichever occurs first, the inquiry panel may take further action as set forth in subsection (4)(a)(II) of this section.

(II) The inquiry panel may then conduct a further investigation, which may be made by one or more members of the inquiry panel, one or more licensees who are not members of the board, a member of the staff of the board, a professional investigator, or any other person or organization as the inquiry panel directs. The investigation shall be entirely informal.

(b) The board shall cause an investigation to be made when the board is informed of:

(I) Disciplinary actions taken by hospitals to suspend or revoke the privileges of a physician and reported to the board pursuant to section 25-3-107;

(II) Disciplinary actions taken as a result of a professional review proceeding pursuant to part 2 of article 30 of this title 12 against a physician. Disciplinary actions shall be promptly reported to the board.

(III) An instance of a medical malpractice settlement or judgment against a licensee reported to the board pursuant to section 10-1-120; or

(IV) Licensees who have been allowed to resign from hospitals for medical misconduct. Hospitals shall report the resignation.

(c) On completion of an investigation, the inquiry panel shall make a finding that:

(I) The complaint is without merit and no further action need be taken with reference thereto;

(II) There is no reasonable cause to warrant further action with reference thereto;

(III) There is an instance of conduct that does not warrant formal action by the board and should be dismissed, but the inquiry panel has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected. In this case, the board shall send a confidential letter of concern in accordance with section 12-20-404 (5) to the licensee against whom the complaint was made.

(IV) There is an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit. In this case, the board may issue and send a letter of admonition to the licensee in accordance with section 12-20-404 (4).

(V) The investigation discloses facts that warrant further proceedings by formal complaint, as provided in subsection (5) of this section. In this case, the complaint shall be referred to the attorney general for preparation and filing of a formal complaint.

(d) All proceedings pursuant to this subsection (4) shall be expeditiously and informally conducted so that no licensee is subjected to unfair and unjust charges and that no complainant is deprived of his or her right to a timely, fair, and proper investigation of his or her complaint.

(5) (a) All formal complaints shall be heard and determined in accordance with subsection (5)(b) of this section and section 24-4-105. Except as provided in subsection (1) of this section, all formal hearings shall be conducted by the hearings panel. The licensee may be present in person and by counsel, if so desired, to offer evidence and be heard in his or her own defense. At formal hearings, the witnesses shall be sworn and a complete record shall be made of all proceedings and testimony.

(b) Except as provided in subsection (1) of this section, an administrative law judge shall preside at the hearing and shall advise the hearings panel, as requested, on legal matters in connection with the hearing. The administrative law judge shall provide advice or assistance as requested by the hearings panel in connection with its preparations of its findings and recommendations or conclusions to be made. The administrative law judge may act in accordance with section 12-20-403 and perform other duties as authorized by the hearings panel.

(c) (I) To warrant a finding of unprofessional conduct, the charges shall be established as specified in section 24-4-105 (7). Except as provided in subsection (1) of this section, the hearings panel shall make a report of its findings and conclusions that, when approved and signed by a majority of those members of the hearings panel who have conducted the hearing pursuant to subsections (5)(a) and (5)(b) of this section, shall be and become the action of the board.

(II) If it is found that the charges are unproven, the hearings panel, or an administrative law judge sitting in lieu of the hearings panel pursuant to subsection (1) of this section, shall enter an order dismissing the complaint.

(III) If the hearings panel finds the charges proven and orders that discipline be imposed, it shall also determine the extent of the discipline, which must be in the form of a letter of admonition, suspension for a definite or indefinite period, or revocation of license to practice. The hearings panel also may impose a fine of up to five thousand dollars per violation. In determining appropriate disciplinary action, the hearings panel shall first consider sanctions that are necessary to protect the public. Only after the panel has considered sanctions may it consider

and order requirements designed to rehabilitate the licensee or applicant. If discipline other than revocation of a license to practice is imposed, the hearings panel may also order that the licensee be granted probation and allowed to continue to practice during the period of probation. The hearings panel may also include in any disciplinary order that allows the licensee to continue to practice such conditions as the panel may deem appropriate to assure that the licensee is physically, mentally, morally, and otherwise qualified to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant in accordance with generally accepted professional standards of practice, including any or all of the following:

(A) Submission by the respondent to such examinations as the hearings panel may order to determine the respondent's physical or mental condition or the respondent's professional qualifications;

(B) Taking by the respondent of therapy or courses of training or education as may be needed to correct deficiencies found either in the hearing or by the examinations;

(C) Review or supervision of the respondent's practice as may be necessary to determine the quality of the respondent's practice and to correct deficiencies therein; and

(D) The imposition of restrictions upon the nature of the respondent's practice to assure that the respondent does not practice beyond the limits of the respondent's capabilities.

(IV) Upon the failure of the licensee to comply with any conditions imposed by the hearings panel pursuant to subsection (5)(c)(III) of this section, unless due to conditions beyond the licensee's control, the hearings panel may order suspension of the licensee's license to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant in this state until the licensee complies with the conditions.

(V) In making any of the orders provided in subsections (5)(c)(III) and (5)(c)(IV) of this section, the hearings panel may take into consideration the licensee's prior disciplinary record. If the hearings panel does take into consideration any prior discipline of the licensee, its findings and recommendations shall so indicate.

(VI) In all cases of revocation, suspension, or probation, the board shall enter in its records the facts of the revocation, suspension, or probation and of any subsequent action of the board with respect thereto.

(VII) In all cases involving alleged violations of section 12-240-121 (1)(dd), the board shall promptly notify the executive director of the department of public health and environment of its findings, including whether it found that the physician violated section 12-240-121 (1)(dd) and any restrictions it placed on the physician with respect to recommending the use of medical marijuana.

(d) The attorney general shall prosecute those charges that have been referred to the attorney general by the inquiry panel pursuant to subsection (4)(c)(V) of this section. The board may direct the attorney general to perfect an appeal.

(e) The two-year waiting period specified in section 12-20-404 (3) applies to any person whose license to practice medicine, to practice as a physician assistant, to practice as an anesthesiologist assistant, or to practice any other health care occupation is revoked by the board, another applicable regulator, or any other legally qualified board or regulatory entity.

(6) A majority of the members of the board, three members of the inquiry panel, or three members of the hearings panel shall constitute a quorum. The action of a majority of those present comprising a quorum shall be the action of the board, the inquiry panel, or the hearings panel.

(7) If any licensee is determined to be mentally incompetent or insane by a court of competent jurisdiction and a court enters, pursuant to part 3 or 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, an order specifically finding that the mental incompetency or insanity is of such a degree that the licensee is incapable of continuing to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant, the board shall automatically suspend his or her license, and, anything in this article 240 to the contrary notwithstanding, the suspension must continue until the licensee is found by the court to be competent to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant.

(8) (a) If the board has reasonable cause to believe that a licensee is unable to practice with reasonable skill and safety to patients because of a condition described in section 12-240-121 (1)(e) or (1)(i), it may require the licensee to submit to mental or physical examinations by physicians designated by the board. If a licensee fails to submit to the mental or physical examinations, the board may suspend the license until the required examinations are conducted.

(b) Every licensee shall be deemed, by practicing or by applying for annual registration of the person's license, to have consented to submit to mental or physical examinations when directed in writing by the board. Further, the person shall be deemed to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground of privileged communication. Subject to applicable federal law, the licensee shall be deemed to have waived all objections to the production of medical records to the board from health care providers that may be necessary for the evaluations described in subsection (8)(a) of this section.

(c) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than before the board.

(9) (a) Investigations, examinations, hearings, meetings, or any other proceedings of the board conducted pursuant to this section shall be exempt from any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to this section be open to public inspection. This subsection (9) shall not apply to investigations, examinations, hearings, meetings, or any other proceedings or records of the licensing panel created pursuant to section 12-240-116 related to the unlicensed practice of medicine.

(b) For purposes of the records related to a complaint filed pursuant to this section against a licensee, the board is considered a professional review committee, the records related to the complaint include all records described in section 12-30-202 (8), and section 12-30-204 (12) applies to those records.

(10) A licensee who, at the request of the board, examines another licensee shall be immune from suit for damages by the person examined if the examining person conducted the examination and made his or her findings or diagnosis in good faith.

(11) Within thirty days after the board takes final action, which is of public record, to revoke or suspend a license or to place a licensee on probation based on competence or professional conduct, the board shall send notice of the final action to any hospital in which the licensee has clinical privileges, as indicated by the licensee.

(12) The board may issue cease-and-desist orders under the circumstances and in accordance with the procedures specified in section 12-20-405; except that the board:

(a) May also issue a cease-and-desist order on its own motion; and

(b) May only issue a cease-and-desist order when it appears that a licensee is acting in a manner that is an imminent threat to the health and safety of the public.

(13) If a physician has a restriction placed on his or her license, the restriction shall, if practicable, state whether the restriction prohibits the physician from making a medical marijuana recommendation.

license issued pursuant to this section and without a license to practice medicine issued pursuant to section 12-240-110 or 12-240-114.

(2) No person shall be granted a physician training license unless the person meets the following criteria:

(a) The person has been accepted into and demonstrates the intention to participate in an approved internship, residency, or fellowship, as defined by this article 240; and

(b) The person is not otherwise licensed to practice medicine in this state.

(3) The board may refrain from issuing a physician training license, or may grant a physician training license subject to terms or probation, for any of the reasons listed in section 12-240-120 (1)(a), (1)(b), or (1)(c). An applicant whose physician training license is denied or is granted subject to terms of probation may seek review pursuant to section 24-4-104 (9); except that, if an applicant accepts a physician training license that is subject to terms of probation, acceptance shall be in lieu of and not in addition to the remedies set forth in section 24-4-104 (9).

(4) Except as provided in subsection (3) of this section, the board shall issue a physician training license upon receipt of a statement from the approved internship, residency, or fellowship program stating that the applicant meets the criteria set forth in subsection (2) of this section and that the approved internship, residency, or fellowship accepts responsibility for the applicant's training while in the program. The statement shall be signed by the program director, clinical director, or other physician responsible for the training of the applicant. The statement shall be submitted to the board no later than thirty days prior to the date on which the applicant begins the approved internship, residency, or fellowship in this state.

(5) Where feasible, the applicant shall submit a completed application, on a form approved by the board, on or before the date on which the applicant begins the approved internship, residency, or fellowship in this state. Any physician training license granted pursuant to this section shall expire if a completed application is not received by the board sixty days after the applicant begins the approved internship, residency, or fellowship in this state. The board may establish and charge an application and renewal fee not to exceed fifty dollars for physician training licenses pursuant to section 12-20-105. Applicants and renewal applicants shall not be required to pay any fee pursuant to section 12-240-131.

(6) Except as otherwise provided in this section, a physician training license shall be subject to renewal as set forth in section 12-240-130 (1) and (2). In no event shall any person hold a Colorado physician training license for more than an aggregate period of six years.

(7) A physician training licensee may practice medicine as defined by this article 240 with the following restrictions:

(a) A physician training licensee shall be authorized to practice medicine only under the supervision of a physician licensed to practice medicine pursuant to section 12-240-110 or 12-240-114 and only as necessary for the physician training licensee's participation in the approved internship, residency, or fellowship designated on the licensee's application for a physician training license.

(b) (I) A physician training license shall expire:

(A) Within sixty days under the circumstances described in subsection (5) of this section;

(B) At the time the physician training licensee ceases to participate in the approved internship, residency, or fellowship program identified on the licensee's application form; or

(C) At the time the physician training licensee obtains any other license to practice medicine issued by the board.

(II) If a physician training licensee entered an approved internship, residency, or fellowship other than the approved internship, residency, or fellowship indicated on the licensee's application, the licensee shall file a new application with the board pursuant to subsections (4) and (5) of this section.

(c) A physician training licensee shall not have the authority to delegate the rendering of medical services to a person who is not licensed to practice medicine pursuant to section 12-240-107 (3)(l) and shall not have the authority to supervise physician assistants as provided by section 12-240-107 (6).

(d) The issuance of a physician training license shall not be construed to require the board to issue the physician training licensee a license to practice medicine pursuant to section 12-240-110 or 12-240-114.

(8) A physician training licensee may be disciplined for unprofessional conduct as defined in section 12-240-121, pursuant to the procedures outlined in section 12-240-125.

(9) Licensed physicians responsible for the supervision of interns, residents, or fellows in graduate training programs shall report to the board no later than thirty days after a physician training licensee has been terminated or has resigned from the approved internship, residency, or fellowship.

12-240-129. Intern, resident, or fellow reporting. (1) Notwithstanding any provision of section 12-240-125 (9) to the contrary, the board shall inform the licensed physicians responsible for the supervision of an intern, resident, or fellow of any complaint received in writing relating to the intern, resident, or fellow. The board shall also inform the program sponsoring the intern, resident, or fellow of actions of the board regarding the complaint.

(2) The board in its discretion may release records that are not otherwise privileged or confidential by law to the licensed physicians responsible for the supervision of an intern, resident, or fellow, but only if the physician agrees in writing not to redisclose the records or the information contained therein for use outside of any proceeding within the program or practice site.

(3) Licensed physicians responsible for the supervision of interns, residents, or fellows in graduate training programs shall promptly report to the board anything concerning a licensee in the graduate training program that would constitute a violation of this article 240. The physicians shall also report to the board any licensee who has not progressed satisfactorily in the program because the licensee has been dismissed, suspended, or placed on probation for reasons that constitute unprofessional conduct as defined in section 12-240-121, unless the conduct has been reported to the peer health assistance program pursuant to section 12-240-131.

12-240-130. Renewal, reinstatement, delinquency - fees - questionnaire. (1) All licenses issued pursuant to this article 240 are subject to the renewal, expiration, reinstatement, and delinquency fee provisions specified in section 12-20-202 (1) and (2). The director shall increase renewal fees consistent with section 12-30-105 (4) to fund the division's costs in administering and staffing the nurse-physician advisory task force for Colorado health care created in section 12-30-105 (1). A person whose license has expired shall be subject to the penalties provided in this article 240 or section 12-20-202 (1).

(2) The board shall design a questionnaire to accompany the renewal form for the purpose of determining whether a licensee has acted in violation of this article 240 or been disciplined for any action that might be considered a violation of this article 240 or might make the licensee unfit to practice medicine with reasonable care and safety. The board shall include on the questionnaire a question regarding whether the licensee has complied with section 12-30-111. If an applicant fails to answer the questionnaire accurately, the failure constitutes unprofessional conduct under section 12-240-121 (1)(t).

(3) Applicants for relicensure shall not be required to attend and complete continuing medical education programs, except as directed by the board to correct deficiencies of training or education as directed under section 12-240-125 (5)(c)(III)(B).

Editor's note: (1) This section is similar to former § 12-36-123 as it existed prior to 2019.

(2) Before its relocation in 2019, this section was amended in SB 19-079. Those amendments were superseded by the repeal and reenactment of this title 12, effective October 1, 2019. 12-240-131. Peer health assistance program. (1) (a) (I) As a condition of physician, physician assistant, and anesthesiologist assistant licensure and renewal in this state, every applicant shall pay, pursuant to subsection (1)(d) of this section, an amount set by the board, not to exceed sixty-one dollars per year, which maximum amount may be adjusted on January 1, 2011, and annually thereafter by the board to reflect:

(A) Changes in the United States department of labor, bureau of labor statistics, consumer price index for Denver-Aurora-Lakewood for all urban consumers, all goods, or its successor index;

(B) Overall utilization of the program; and

(C) Differences in program utilization by physicians, physician assistants, and anesthesiologist assistants.

(II) Based on differences in utilization rates between physicians, physician assistants, and anesthesiologist assistants, the board may establish different fee amounts for physicians, physician assistants, and anesthesiologist assistants.

(III) The fee imposed pursuant to this subsection (1)(a) is to support designated providers that have been selected by the board to provide assistance to physicians, physician assistants, and anesthesiologist assistants needing help in dealing with physical, emotional, or psychological problems that may be detrimental to their ability to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant, as applicable.

(b) The board shall select one or more peer health assistance programs as designated providers. To be eligible for designation by the board, a peer health assistance program must:

(I) Provide for the education of physicians, physician assistants, and anesthesiologist assistants with respect to the recognition and prevention of physical, emotional, and psychological problems and provide for intervention when necessary or under circumstances that may be established by rules promulgated by the board;

(II) Offer assistance to a physician, physician assistant, or anesthesiologist assistant in identifying physical, emotional, or psychological problems;

(III) Evaluate the extent of physical, emotional, or psychological problems and refer the physician, physician assistant, or anesthesiologist assistant for appropriate treatment;

(IV) Monitor the status of a physician, physician assistant, or anesthesiologist assistant who has been referred for treatment;

(V) Provide counseling and support for the physician, physician assistant, or anesthesiologist assistant and for the family of any physician, physician assistant, or anesthesiologist assistant referred for treatment;

(VI) Agree to receive referrals from the board;

(VII) Agree to make their services available to all licensed Colorado physicians, licensed Colorado physician assistants, and licensed Colorado anesthesiologist assistants.

(c) The administering entity shall be a qualified, nonprofit private foundation that is qualified under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, and shall be dedicated to providing support for charitable, benevolent, educational, and scientific purposes that are related to medicine, medical education, medical research and science, and other medical charitable purposes.

(d) The responsibilities of the administering entity are:

(I) To collect the required annual payments, either directly or through the board pursuant to subsection (1)(e) of this section;

(II) To verify to the board, in a manner acceptable to the board, the names of all physician, physician assistant, and anesthesiologist assistant applicants who have paid the fee set by the board;

(III) To distribute the money collected, less expenses, to the approved designated provider, as directed by the board;

(IV) To provide an annual accounting to the board of all amounts collected, expenses incurred, and amounts disbursed; and

(V) To post a surety performance bond in an amount specified by the board to secure performance under the requirements of this section. The administering entity may recover the actual administrative costs incurred in performing its duties under this section in an amount not to exceed ten percent of the total amount collected.

(e) The board may collect the required annual payments payable to the administering entity for the benefit of the administering entity and shall transfer all payments to the administering entity. All required annual payments collected by or due to the board for each

fiscal year are custodial funds that are not subject to appropriation by the general assembly, and the distribution of the payments to the administering entity or expenditure of the payments by the administering entity does not constitute state fiscal year spending for purposes of section 20 of article X of the state constitution.

(2) Nothing in this section creates any liability on the board or the state of Colorado for the actions of the board in making grants to peer assistance programs, and no civil action may be brought or maintained against the board or the state for an injury alleged to have been the result of the activities of any state-funded peer assistance program or the result of an act or omission of a physician, physician assistant, or anesthesiologist assistant participating in or referred by a state-funded peer assistance program.

12-240-132. Division of fees - independent advertising or marketing agent - definition. (1) (a) If any person holding a license issued by the board divides any fee or compensation received or charged for services rendered by him or her as a licensee or agrees to divide any fee or compensation with any person, firm, association, or corporation as pay or compensation to the other person for sending or bringing any patient or other person to the licensee, or for recommending the licensee to any person, or for being instrumental in any manner in causing any person to engage the licensee in his or her professional capacity; or if any licensee shall either directly or indirectly pay or compensate or agree to pay or compensate any person, firm, association, or corporation for sending or bringing any patient or other person to the licensee for examination or treatment, for recommending the licensee to any person, or for being instrumental in causing any person to engage the licensee in his or her professional capacity; or if any licensee, in his or her professional capacity and in his or her own name or behalf, shall make or present a bill or request a payment for services rendered by any person other than the licensee, the licensee commits a class 3 misdemeanor and shall be punished as provided in section 18-1.3-501.

(b) Notwithstanding the provisions of subsection (1)(a) of this section, a licensee may pay an independent advertising or marketing agent compensation for the advertising or marketing services rendered on the licensee's behalf by the agent, including compensation that is paid for the results or performance of the services on a per patient basis.

(c) As used in this subsection (1), "independent advertising or marketing agent" means a person, firm, association, or corporation that performs advertising or other marketing services on behalf of licensees, including referrals of patients to licensees resulting from patient-initiated responses to advertising or marketing services.

(2) Violation of the provisions of this section shall constitute grounds for the suspension or revocation of a license or the placing of the holder thereof on probation.

12-240-138. Professional service corporations, limited liability companies, and registered limited liability partnerships for the practice of medicine - definitions. (1) Persons licensed to practice medicine by the board may form professional service corporations for such persons' practice of medicine under the "Colorado Business Corporation Act", articles 101 to 117 of title 7, if the corporations are organized and operated in accordance with the provisions of this section. The articles of incorporation of the corporations shall contain provisions complying with the following requirements:

(a) The name of the corporation shall contain the words "professional company" or "professional corporation" or abbreviations thereof.

(b) The corporation is organized solely for the purpose of permitting individuals to conduct the practice of medicine through a corporate entity, so long as all the individuals are actively licensed physicians or physician assistants in the state of Colorado.

(c) The corporation may exercise the powers and privileges conferred upon corporations by the laws of Colorado only in furtherance of and subject to its corporate purpose.

(d) (I) Except as specified in subsection (1)(d)(II) of this section, all shareholders of the corporation are persons licensed by the board to practice medicine in the state of Colorado who at all times own their shares in their own right; except that one or more persons licensed by the board as a physician assistant may be a shareholder of the corporation as long as the physician shareholders maintain majority ownership of the corporation. The shareholders shall be individuals who, except for illness, accident, time spent in the armed services, on vacations, and on leaves of absence not to exceed one year, are actively engaged in the practice of medicine or as a physician assistant in the offices of the corporation.

(II) If a person licensed to practice medicine who was a shareholder of the corporation dies, an heir to the deceased shareholder may become a shareholder of the corporation for up to two years, regardless of whether the heir is licensed to practice medicine. Unless the deceased shareholder was the only shareholder of the corporation, the heir who becomes a shareholder

shall be a nonvoting shareholder in all matters concerning the corporation. If the heir of the deceased shareholder ceases to be a shareholder, the shares shall be disposed of pursuant to subsection (1)(e) of this section.

(e) Provisions shall be made requiring any shareholder who ceases to be or for any reason is ineligible to be a shareholder to dispose of all of his or her shares forthwith, either to the corporation or to any person having the qualifications described in subsection (1)(d) of this section.

(f) The president shall be a shareholder and a director and, to the extent possible, all other directors and officers shall be persons having the qualifications described in subsection (1)(d) of this section. Lay directors, officers, and heirs of deceased shareholders shall not exercise any authority whatsoever over the independent medical judgment of persons licensed by the board to practice medicine in this state. Notwithstanding sections 7-108-103 to 7-108-106 relating to the terms of office and classification of directors, a professional service corporation for the practice of medicine may provide in the articles of incorporation or the bylaws that the directors may have terms of office of up to six years and that the directors may be divided into classes, with the terms of each class staggered to provide for the periodic election of less than all the directors. Nothing in this article 240 shall be construed to cause a professional service corporation to be vicariously liable to a patient or third person for the professional negligence or other tortious conduct of a physician who is a shareholder or employee of a professional service corporation.

(g) An heir to a deceased shareholder who becomes a shareholder shall be liable only to the same extent as the deceased shareholder would have been in his or her capacity as a shareholder, had he or she lived and remained a shareholder, for all acts, errors, and omissions of the employees of the corporation.

(h) The articles of incorporation provide and all shareholders of the corporation agree that all shareholders of the corporation are jointly and severally liable for all acts, errors, and omissions of the employees of the corporation or that all shareholders of the corporation are jointly and severally liable for all acts, errors, and omissions of the employees of the corporation, except during periods of time when each licensee who is a shareholder or any employee of the corporation has a professional liability policy insuring himself or herself and all employees who are not licensed pursuant to this article 240 who act at his or her direction, in the amount of fifty thousand dollars for each claim and an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars, or the corporation maintains in good standing professional liability insurance that meets the following minimum standards:

(I) The insurance insures the corporation against liability imposed upon the corporation by law for damages resulting from any claim made against the corporation arising out of the performance of professional services for others by those officers and employees of the corporation who are licensees.

(II) The policies insure the corporation against liability imposed upon it by law for damages arising out of the acts, errors, and omissions of all nonprofessional employees.

(III) The insurance is in an amount for each claim of at least fifty thousand dollars multiplied by the number of licensees employed by the corporation. The policy may provide for an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars also multiplied by the number of licensees employed by the corporation, but no firm shall be

required to carry insurance in excess of three hundred thousand dollars for each claim with an aggregate top limit of liability for all claims during the year of nine hundred thousand dollars.

(IV) The policy may provide that it does not apply to: Any dishonest, fraudulent, criminal, or malicious act or omission of the insured corporation or any stockholder or employee thereof; the conduct of any business enterprise, as distinguished from the practice of medicine, in which the insured corporation under this section is not permitted to engage but which nevertheless may be owned by the insured corporation or in which the insured corporation may be a partner or which may be controlled, operated, or managed by the insured corporation in its own or in a fiduciary capacity, including the ownership, maintenance, or use of any property in connection therewith; when not resulting from breach of professional duty, bodily injury to, or sickness, disease, or death of any person, or to injury to or destruction of any tangible property, including the loss of use thereof; and the policy may contain reasonable provisions with respect to policy periods, territory, claims, conditions, and other usual matters.

(2) The corporation shall do nothing that, if done by a licensee employed by the corporation, would violate the standards of professional conduct as provided for in section 12-240-121. Any violation of this section by the corporation is grounds for the board to revoke or suspend the license of the person or persons responsible for the violation.

(3) Nothing in this section diminishes or changes the obligation of each licensee employed by the corporation to conduct his or her practice in accordance with the standards of professional conduct provided for in section 12-240-121. Any licensee who, by act or omission, causes the corporation to act or fail to act in a way that violates the standards of professional conduct, including any provision of this section, is personally responsible for such act or omission and is subject to discipline for the act or omission.

(4) Nothing in this section modifies the physician-patient privilege specified in section 13-90-107 (1)(d).

(5) A professional service corporation may adopt a pension, cash profit sharing, deferred profit sharing, health and accident, insurance, or welfare plan for all or part of its employees including lay employees if the plan does not require or result in the sharing of specific or identifiable fees with lay employees, and if any payments made to lay employees, or into any plan in behalf of lay employees, are based upon their compensation or length of service, or both, rather than the amount of fees or income received.

(6) (a) Corporations shall not practice medicine. Nothing in this section shall be construed to abrogate a cause of action against a professional corporation for its independent acts of negligence.

(b) Employment of a physician in accordance with section 25-3-103.7 shall not be considered the corporate practice of medicine.

(7) As used in this section, unless the context otherwise requires:

(a) "Articles of incorporation" includes operating agreements of limited liability companies and partnership agreements of registered limited liability partnerships.

(b) "Corporation" includes a limited liability company organized under the "Colorado Limited Liability Company Act", article 80 of title 7, and a limited liability partnership registered under section 7-60-144 or 7-64-1002; except that the name of an entity other than a corporation shall contain the word "professional" or the abbreviation "prof." in addition to any other words required by the statute under which the entity is organized.

(c) "Director" and "officer" of a corporation includes a member and a manager of a limited liability company and a partner in a registered limited liability partnership.

(d) "Employees" includes employees, members, and managers of a limited liability company and employees and partners of a registered limited liability partnership.

(e) "President" includes all managers, if any, of a limited liability company and all partners in a registered limited liability partnership.

(f) "Share" includes a member's rights in a limited liability company and a partner's rights in a registered limited liability partnership.

(g) "Shareholder" includes a member of a limited liability company and a partner in a registered limited liability partnership.

(I) The insurance insures the corporation against liability imposed upon the corporation by law for damages resulting from any claim made against the corporation arising out of the performance of professional services for others by those officers and employees of the corporation who are licensed, registered, or certified to practice under this article 245 or by those employees who provide professional services under supervision.

(II) The insurance insures the corporation against liability imposed upon it by law for damages arising out of the acts, errors, and omissions of all nonprofessional employees.

(III) The insurance is in an amount for each claim of at least one hundred thousand dollars multiplied by the number of persons licensed, registered, or certified to practice under this article 245 who are employed by the corporation. The policy may provide for an aggregate maximum limit of liability per year for all claims of three hundred thousand dollars also multiplied by the number of licensees, registrants, or certificate holders employed by the corporation, but no corporation is required to carry insurance in excess of three hundred thousand dollars for each claim with an aggregate maximum limit of liability for all claims during the year of nine hundred thousand dollars.

(IV) The insurance policy may provide that it does not apply to: Any dishonest, fraudulent, criminal, or malicious act or omission of the insured corporation or any stockholder or employee of the corporation; or the conduct of any business enterprise, as distinguished from the practice of licensees, registrants, or certificate holders, in which the insured corporation under this section is not permitted to engage but that nevertheless may be owned by the insured

corporation or in which the insured corporation may be a partner or that may be controlled, operated, or managed by the insured corporation in its own or in a fiduciary capacity, including the ownership, maintenance, or use of any property in connection therewith, when not resulting from breach of professional duty of, bodily injury to, or sickness, disease, or death of any person or to injury to or destruction of any tangible property, including the loss of use of tangible property.

Any licensee, registrant, or certificate holder who, by act or omission, causes the corporation to act or fail to act in a way that violates section 12-245-224 (1) or this section is personally responsible for the act or omission and is subject to discipline by the board.

(4) A professional service corporation may adopt a pension, cash profit sharing, deferred profit sharing, health and accident, insurance, or welfare plan for all of its employees, including lay employees, if the plan does not require or result in the sharing of specific or identifiable fees with lay employees and if any payments made to lay employees, or into the plan on behalf of lay employees, are based upon their compensation or length of service, or both, rather than the amount of fees or income received.

(5) Nothing in this section shall be deemed to modify the privileges regarding confidential communications specified in sections 12-245-220 and 13-90-107 (1)(g).

(6) Nothing in this article 245 limits persons licensed, registered, or certified under this article 245 from forming a corporation with persons licensed, registered, or certified under this article 245.

The notice may be included with the licensee's disclosures pursuant to section 12-245-216 (1) or sent to the client's last-known mailing address. Consistent with all procedural requirements of this article 245, or otherwise required by law, the board must either take disciplinary action on the complaint or dismiss the complaint no later than two years after the date the complaint or notice was filed with the board.

(B) The seven-year limitation period specified in subsection (1)(a)(II)(A) of this section does not apply to the filing of a complaint or other notice with the board for any other violation of this article 245, including the acts described in section 12-245-224 or 12-245-228.

(b) A licensee, registrant, or certificate holder who holds more than one license, registration, or certification pursuant to this article 245, who has committed any act or failed to act pursuant to the grounds established in section 12-245-224 or 12-245-228, is subject to disciplinary action by all boards that license, register, or certify the person pursuant to this article 245. The findings, conclusions, and final agency order of the first board to take disciplinary action pursuant to this section against the licensee, registrant, or certificate holder, or any disciplinary action taken by the state grievance board as it existed prior to July 1, 1998, is prima facie evidence against the person in any subsequent disciplinary action taken by another board concerning the same act or series of acts.

(c) If a licensee, registrant, or certificate holder who applies for a license, registration, or certification pursuant to this article 245 has been disciplined by any board created pursuant to this article 245, or the state grievance board as it existed prior to July 1, 1998, the findings, conclusions, and final agency order of the first board to take disciplinary action pursuant to this section against the licensee, registrant, or certificate holder is prima facie evidence against the

person in any subsequent application made for a license, registration, or certification to any other board created pursuant to this article 245.

(2) (a) Disciplinary proceedings shall be conducted in the manner prescribed by the "State Administrative Procedure Act", article 4 of title 24, and section 12-20-403.

(b) Each board, through the department, may employ administrative law judges, on a full-time or part-time basis, to conduct hearings as provided by this article 245 or on any matter within the board's jurisdiction upon such conditions and terms as the board may determine. A board may elect to refer a case for formal hearing to an administrative law judge, with or without an assigned advisor from the board. If a board so elects to refer a case with an assigned advisor and the advisor is a member of the board, the advisor shall be excluded from the board's review of the decision of the administrative law judge. The advisor shall assist the administrative law judge in obtaining and interpreting data pertinent to the hearing.

(c) (I) Except as provided in subsection (2)(c)(II) of this section, a board shall not deny, revoke, or suspend a licensee's, registrant's, or certificate holder's right to use a title and shall not place a licensee, registrant, or certificate holder on probation pursuant to the grounds established in sections 12-245-224 and 12-245-228 until a hearing has been conducted if required pursuant to section 24-4-105.

(II) The board that licenses, registers, or certifies a licensee, registrant, or certificate holder pursuant to this article 245 may summarily suspend the person's license, registration, or certification, subject to the limitation of section 24-4-104, under the following circumstances:

(A) In emergency situations, as provided for by section 24-4-104;

(B) The licensee, registrant, or certificate holder has been adjudicated by a court of competent jurisdiction as a person who is gravely disabled, a person who is mentally incompetent, or a person who is insane; is a person who has a mental health disorder; or is a person who has an intellectual and developmental disability; or

(C) The licensee, registrant, or certificate holder violates subsection (2)(d) of this section.

(d) (I) If a board has reasonable cause to believe that a licensee, registrant, or certificate holder whom the board licenses, registers, or certifies pursuant to this article 245 is unable to practice with reasonable skill and safety to patients, the board may require the licensee, registrant, or certificate holder to submit to mental or physical examinations designated by the board. Upon the failure of the licensee, registrant, or certificate holder to submit to a mental or physical examination, and unless the person shows good cause for the failure, the board may suspend the license, certification, or registration of the person until the person submits to the required examinations.

(II) Every licensee, registrant, or certificate holder is deemed to have consented to submit to mental or physical examinations when directed in writing by the board that licenses, registers, or certifies the licensee, registrant, or certificate holder pursuant to this article 245 and to have waived all objections to the admissibility of the examiner's testimony or examination reports on the ground of privileged communication.

(III) The results of any mental or physical examination ordered by a board may be used as evidence in any proceeding initiated by a board or within that board's jurisdiction in any forum.

(3) In addition to the actions authorized by section 12-20-404, disciplinary actions may consist of the following:

(a) **Probationary status.** A board may impose probationary status on a licensee, registrant, or certificate holder. If a board places a licensee, registrant, or certificate holder on probation, it may include conditions for continued practice that the board deems appropriate to assure that the licensee, registrant, or certificate holder is physically, mentally, and otherwise qualified to practice in accordance with generally accepted professional standards of practice, including any of the following:

(I) Submission by the licensee, registrant, or certificate holder to examinations a board may order to determine the person's physical or mental condition or professional qualifications;

(II) Participation in therapy or courses of training or education the board determines necessary to correct deficiencies found either in the hearing or by the examinations;

(III) Review or supervision of the person's practice as may be necessary to determine the quality of, and correct any deficiencies in, that practice; and

(IV) The imposition of restrictions upon the nature of the person's practice to assure that the person does not practice beyond the limits of the person's capabilities.

(b) **Issuance of confidential letters of concern.** A board may issue and send to a licensee, registrant, or certificate holder a confidential letter of concern under the circumstances specified in section 12-20-404 (5). The letter must advise the licensee, registrant, or certificate holder that the board is concerned about a complaint it received about the licensee, registrant, or certificate holder and must specify what action, if any, the licensee, registrant, or certificate holder should take to assuage the board's concern. Confidential letters of concern are confidential, and the board shall not disclose the existence of the letter or its contents to members of the public or in any court action unless the board is a party to the action.

(4) (a) Except as provided in subsection (4)(b) of this section, if a complaint is dismissed, records of investigations, examinations, hearings, meetings, and other proceedings of the board conducted pursuant to this section are exempt from the open records law, article 72 of title 24.

(b) The exemption from the open records law specified in subsection (4)(a) of this section does not apply:

(I) When a decision to proceed with a disciplinary action has been agreed upon by a majority of the members of the applicable board and a notice of formal complaint is drafted and served on the licensee, registrant, or certificate holder by first-class mail; or

(II) Upon final agency action.

(c) In any final agency action or formal complaint, the board, when it deems necessary, shall redact all names of clients or other recipients of services to protect the persons' confidentiality.

(5) Section 12-20-408 governs judicial review of final board actions and orders appropriate for judicial review. Judicial proceedings for the enforcement of a board order may be instituted in accordance with section 24-4-106 (11).

(6) Any board member having an immediate personal, private, or financial interest in any matter pending before the board shall disclose the fact to the board and shall not vote upon the matter.

(7) Any licensee, registrant, or certificate holder against whom a malpractice claim is settled or a judgment rendered in a court of competent jurisdiction shall notify the board that licenses, registers, or certifies the licensee, registrant, or certificate holder pursuant to this article 245 of the judgment or settlement within sixty days after the disposition.

(8) Any licensee, registrant, or certificate holder who has direct knowledge that a licensee, registrant, or certificate holder has violated section 12-245-224 or 12-245-228 has a duty to report the violation to the board that licenses, registers, or certifies the licensee, registrant, or certificate holder pursuant to this article 245 unless reporting the violation would violate the prohibition against disclosure of confidential information without client consent pursuant to section 12-245-220.

12-245-231. Mental health professional peer health assistance program - fees - administration - rules - definition. (1) (a) On and after July 1, 2012, as a condition of licensure, registration, or certification and renewal in this state, every person applying for a new license, registration, or certification or to renew his or her license, registration, or certification shall pay a fee, for use by the administering entity selected by the director pursuant to this subsection (1), in an amount not to exceed twenty-five dollars per application for a new or to renew a license, registration, or certification. The director shall annually review the fee and program usage level and adjust the fee amount based on program usage, but the director shall not adjust the fee to an amount in excess of twenty-five dollars. The division shall forward the fee to the chosen administering entity for use in supporting designated providers selected to provide assistance to licensees, registrants, or certificate holders needing help in dealing with physical, emotional, or psychological conditions that may be detrimental to their ability to practice their mental health profession.

(b) By January 31, 2014, the director, in consultation with the boards before making a selection, shall select one or more designated providers to provide the peer health assistance program. For purposes of selecting designated providers, the director shall use a competitive bidding process that encourages participation from interested vendors. To be eligible for designation, a peer health assistance program must:

(I) Provide for the education of mental health professionals with respect to the recognition and prevention of physical, emotional, and psychological conditions and provide for intervention when necessary or under circumstances established by the board by rule;

(II) Offer assistance to a mental health professional in identifying physical, emotional, or psychological conditions;

(III) Evaluate the extent of physical, emotional, or psychological conditions and refer the mental health professional for appropriate treatment, taking into consideration the cost of the treatment, whether the cost is prohibitive for or will pose an undue financial hardship on the mental health professional, and, if so, referring the mental health professional to alternative treatment or to a provider or treatment program that offers discounted fees based on ability to pay;

(IV) Monitor the status of a mental health professional who has been referred for treatment;

(V) Provide counseling and support for the mental health professional and for the family of any mental health professional referred for treatment;

(VI) Agree to receive referrals from the board;

(VII) Agree to make its services available to all licensed, registered, or certified mental health professionals; and

(VIII) Notify the appropriate board when a mental health professional has successfully completed the peer health assistance program.

(c) The director may select an entity to administer the mental health professional peer assistance program. An administering entity must be a nonprofit private foundation that is qualified under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, and that is dedicated to providing support for charitable, benevolent, educational, and scientific purposes that may be related to mental health professions, mental health professional education, mental health research and science, and other mental health charitable purposes.

(d) The administering entity shall:

(I) Distribute the money collected by the division, less expenses, to the designated provider, as directed by the director;

(II) Provide an annual accounting to the division of all amounts collected, expenses incurred, and amounts disbursed; and

(III) Post a surety performance bond in an amount specified by the director to secure performance under the requirements of this section. The administering entity may recover the actual administrative costs incurred in performing its duties under this section in an amount not to exceed ten percent of the total amount collected.

(e) The division shall collect the required annual payments payable to the administering entity for the benefit of the administering entity and shall transfer all such payments to the administering entity. All required annual payments collected or due for each fiscal year are custodial funds that are not subject to appropriation by the general assembly, and the distribution of payments to the administering entity or expenditure of the payments by the administering entity does not constitute state fiscal year spending for purposes of section 20 of article X of the state constitution.

(2) (a) Any mental health professional who is referred by the applicable board to a peer health assistance program shall enter into a stipulation with the board pursuant to section 12-20-405 (3) before participating in the program. The agreement must contain specific requirements and goals to be met by the participant, including the conditions under which the program will be successfully completed or terminated, and a provision that a failure to comply with the requirements and goals is to be promptly reported to the board and that the failure will result in disciplinary action by the board. Upon notice from the peer health assistance program that a mental health professional has successfully completed the program, the board that regulates the professional shall reinstate the professional's license, registration, or certification.

(b) Notwithstanding sections 12-245-225, 12-245-226, and 24-4-104, the applicable board may immediately suspend the license of any mental health professional who is referred to a peer health assistance program by the board and who fails to attend or to complete the program. If the mental health professional objects to the suspension, he or she may submit a written request to the board for a formal hearing on the suspension within ten days after receiving notice of the suspension, and the board shall grant the request. In the hearing, the

mental health professional bears the burden of proving that his or her license, registration, or certification should not be suspended.

(c) Any mental health professional who self-refers and is accepted into a peer health assistance program shall affirm that, to the best of his or her knowledge, information, and belief, he or she knows of no instance in which he or she has violated this article 245 or the rules of the board, except in those instances affected by the mental health professional's physical, emotional, or psychological conditions.

(3) Nothing in this section creates any liability on the director, division, or state of Colorado for their actions in making grants to peer assistance programs, and no civil action may be brought or maintained against the board, director, division, or state for an injury alleged to have been the result of the activities of any state-funded peer assistance program or the result of an act or omission of a mental health professional participating in or referred by a state-funded peer assistance program. However, the state remains liable under the "Colorado Governmental Immunity Act", article 10 of title 24, if an injury alleged to have been the result of an act or omission of a mental health professional participating in or referred by a state-funded peer assistance program occurred while the mental health professional was performing duties as an employee of the state.

(4) The boards may promulgate rules necessary to implement this section. The boards and the director shall seek and obtain input from representatives of associations representing each type of mental health professional regulated under this article 245 in the development of the peer health assistance program and related rules and shall not select a designated provider until that input is obtained.

(5) As used in this section, "mental health professional" means a psychologist, social worker, marriage and family therapist, licensed professional counselor, or addiction counselor regulated under this article 245.

Addiction counselors work in a broad variety of disciplines but share an understanding of the addictive process. An addiction counselor identifies a variety of helping strategies that can be tailored to meet the needs of the client. Addiction counseling relies on the use of evidence-based practices that have been shown to be effective in treating addictive disorders.

(2) The scope of practice of addiction counseling focuses on the following four transdisciplinary foundations that underlie the work of all addiction counselors:

(a) **Understanding addiction:** Includes knowledge of models and theories of addiction, including alcohol and substance use disorders; recognition of social, political, economic, and cultural contexts within which addiction exists; understanding the behavioral, psychological, physical health, and social effects of using addictive substances or engaging in addictive behaviors; and recognizing and understanding co-occurring disorders.

(b) **Treatment knowledge:** Includes the philosophies, practices, policies, and outcomes of the most generally accepted and scientifically supported models, along with research and outcome data, of treatment, recovery, relapse prevention, and continuing care for addictive disorders, including alcohol and substance use disorders. Treatment knowledge includes the ability to work effectively with families, significant others, social networks, and community systems in the treatment process and understanding the value of a multidisciplinary approach to treatment of addictive disorders, including alcohol and substance use disorders.

(c) **Application to practice:** Includes the ability to properly diagnose behavioral health disorders using appropriate assessment and testing instruments and placement criteria; stabilization to reduce negative effects of problematic behaviors; developing helping strategies and treatment levels of care based on the client's stage of readiness for change; cultural competency; and familiarity with medical and pharmacological resources for treatment.

(d) **Professional readiness:** Includes an understanding of diverse cultures; cultivation of a high level of self-awareness; ability to use critical thinking skills; adherence to ethical standards of conduct; ongoing use of clinical supervision and consultation; crisis management; and knowledge of the importance of prevention and recovery management.

(3) The primary practice dimensions of addiction counseling include the following competencies, as appropriate based on the level of certification or licensure and scope of practice:

- (a) Clinical evaluation, including screening and assessment;
- (b) Clinical intake, discharge, discharge planning, and referral;
- (c) Treatment planning;

- (g) Case management;
- (h) Client, family, and community education;
- (i) Documentation required for a clinical record;
- (j) Professional and ethical practices;

(4) **Scope of practice - licensed addiction counselors.** Based on education, training, knowledge, and experience, the scope of practice of a licensed addiction counselor includes behavioral health counseling and may include the treatment of substance use disorders, addictive behavioral disorders, and co-occurring disorders, including clinical evaluation and diagnosis, treatment planning, service coordination, case management, clinical documentation, professional and ethical responsibilities, education and psychotherapy with clients, family, and community, clinical supervisory responsibilities, and intervention.

These titles may be abbreviated as "A.P.R.N.", "C.N.M.", "C.N.S.", "C.R.N.A.", or "N.P.", respectively. It is unlawful for any person to use any of the titles or abbreviations listed in this subsection (2) unless included in the registry and authorized by the board to do so.

(3) (a) On and after July 1, 2008, the requirements for inclusion in the advanced practice registry shall include the successful completion of an appropriate graduate degree as determined by the board; except that individuals who are included in the registry as of June 30, 2008, but

have not successfully completed that degree, may thereafter continue to be included in the registry and to use the appropriate title and abbreviation.

(b) On and after July 1, 2010, in addition to the requirements of subsection (3)(a) of this section, a registered professional nurse shall obtain national certification from a nationally recognized accrediting agency, as defined by the board by rule, in the appropriate role and population focus in order to be included in the advanced practice registry; except that registered professional nurses who are included in the registry as of June 30, 2010, but have not obtained the national certification, may thereafter continue to be included in the registry and to use the appropriate title and abbreviation.

(c) A registered professional nurse may be included in the advanced practice registry by endorsement if the registered professional nurse meets the requirements of the occupational credential portability program.

(4) A nurse who meets the definition of advanced practice registered nurse and the requirements of section 12-255-112 may be granted prescriptive authority as a function in addition to those defined in section 12-255-104 (10).

(5) An advanced practice registered nurse shall practice in accordance with the standards of the appropriate national professional nursing organization and have a safe mechanism for consultation or collaboration with a physician or, when appropriate, referral to a physician. Advanced practice registered nursing also includes, when appropriate, referral to other health care providers.

(6) (a) In order to enhance the cost efficiency and continuity of care, an advanced practice registered nurse may, within the nurse's scope of practice and within the advanced practice registered nurse-patient relationship, sign an affidavit, certification, or similar document that:

- (I) Documents a patient's current health status;
- (II) Authorizes continuing treatment, tests, services, or equipment; or
- (III) Gives advance directives for end-of-life care.

(b) The affidavit, certification, or similar document may not:

(B) Grounds for any civil action against a nurse in a negligence or tort action; nor

(C) Evidence in any civil action against a nurse.

(4) (a) An advanced practice registered nurse applying for prescriptive authority shall provide evidence to the board of the following:

The mentor must be practicing in Colorado and have education, training, experience, and an active practice that corresponds with the role and population focus of the advanced practice registered nurse.

(B) Remote communication with the mentor is permissible within the mentorship as long as the communication is synchronous. Synchronous communication does not include communication by e-mail.

(C) The physician or advanced practice registered nurse serving as a mentor shall not require payment or employment as a condition of entering into the mentorship relationship, but the mentor may request reimbursement of reasonable expenses and time spent as a result of the mentorship relationship.

(B) The advanced practice registered nurse was included on the advanced practice registry prior to July 1, 2008, and has not completed a graduate degree as specified in section 12-255-111 (3)(a); or

(C) The board grants an exception.

(d) In order to obtain provisional prescriptive authority and obtain and retain full prescriptive authority in this state, an advanced practice registered nurse from another state must meet the requirements of this section or substantially equivalent requirements, as determined by the board.

(e) Repealed.

(f) Once an advanced practice registered nurse obtains full prescriptive authority pursuant to this subsection (4), the advanced practice registered nurse is not required to maintain or update an articulated plan as described in subsection (4)(b)(II) or (4)(c)(I) of this section.

(5) An advanced practice registered nurse who obtains prescriptive authority pursuant to this section shall be assigned a specific identifier by the state board of nursing. This identifier shall be available to the Colorado medical board and the state board of pharmacy. The state board of nursing shall establish a mechanism to assure that the prescriptive authority of an advanced practice registered nurse may be readily verified.

(6) (a) An advanced practice registered nurse with prescriptive authority pursuant to this section is subject to the limitations on prescribing opioids specified in section 12-30-109.

(b) This subsection (6) is repealed, effective September 1, 2021.

(II) Nothing in this section shall be construed to require a registered nurse to obtain prescriptive authority to deliver anesthesia care.

(8) All prescriptions must comply with applicable federal and state laws, including article 280 of this title 12 and part 2 of article 18 of title 18.

(9) Nothing in this section shall be construed to permit dispensing or distribution, as defined in section 12-280-103 (14) and (15), by an advanced practice registered nurse, except for samples, under article 280 of this title 12 and the federal "Prescription Drug Marketing Act of 1987", Pub.L. 100-293, as amended.

(a) Submits an application containing information the board may prescribe;

(b) Submits proof satisfactory to the board in the manner and upon the forms the board may require to show that the applicant has completed a practical nursing educational program that meets the standards of the board for approval of educational programs or that is approved by the board and to show that the applicant holds a certificate of graduation from or a certificate of completion of the approved program;

(d) Pays the required fee.

(2) The board may issue a license by endorsement to engage in the practice of practical nursing in this state to any applicant who satisfies the requirements of the occupational credential portability program.

(3) The board shall design a questionnaire to be sent to all licensed practical nurses who apply for license renewal. Each applicant for license renewal shall complete the board-designed questionnaire. The purpose of the questionnaire is to determine whether a licensee has acted in violation of this part 1 or has been disciplined for any action that might be considered a violation of this part 1 or might make the licensee unfit to practice nursing with reasonable care and safety. If an applicant fails to answer the questionnaire accurately, the failure constitutes grounds for discipline under section 12-255-120 (1)(v). (5) A person who possesses a volunteer nursing license is immune from civil liability for actions performed within the scope of the nursing license unless it is established that injury or death was caused by gross negligence or the willful and wanton misconduct of the licensee. The immunity provided in this subsection (5) applies only to the licensee and does not affect the liability of any other individual or entity. Nothing in this subsection (5) limits the ability of the board to take disciplinary action against a licensee.

(6) The fee for a volunteer nursing license, including assessments for legal defense, peer assistance, and other programs for which licenses are assessed, must not exceed fifty percent of the license renewal fee, including all assessments, established by the board for an active nursing license.

(7) The board shall design a questionnaire to be sent to all volunteer nurses who apply for license renewal. Each applicant for license renewal shall complete the board-designed questionnaire. The purpose of the questionnaire is to determine whether a licensee has acted in violation of this part 1 or has been disciplined for any action that might be considered a violation of this part 1 or might make the licensee unfit to practice nursing with reasonable care and safety. 12-255-119. Disciplinary procedures of the board - inquiry and hearings panels - mental and physical examinations - definitions - rules. (1) (a) The president of the board shall divide the other ten members of the board into two panels of five members each. Members representing the three different categories of membership (licensed practical nurses, professional nurses, and persons not licensed, employed, or in any way connected with, or with any financial interest in, any health care facility, agency, or insurer) shall be divided between the two panels as equally as possible.

(b) Each panel shall act as both an inquiry and a hearings panel. Members of the board may be assigned from one panel to the other by the president. The president may be a member of both panels, but in no event shall the president or any other member who has considered a complaint as a member of a panel acting as an inquiry panel take any part in the consideration of a formal complaint involving the same matter.

(c) All matters referred to one panel for investigation shall be heard, if referred for formal hearing, by the other panel or a committee of the panel. However, in its discretion, either inquiry panel may elect to refer a case for formal hearing to a qualified administrative law judge, in lieu of a hearings panel of the board, for an initial decision pursuant to section 24-4-105.

(d) The initial decision of an administrative law judge may be reviewed pursuant to section 24-4-105 (14) and (15) by the filing of exceptions to the initial decision with the hearings panel that would have heard the case if it had not been referred to an administrative law judge or by review upon the motion of the hearings panel. The respondent or the board's counsel shall file the exceptions.

(2) Investigations shall be under the supervision of the panel to which they are assigned. The persons making the investigation shall report the results thereof to the assigning panel for appropriate action.

(3) (a) (I) For the purposes of this section:

(A) "Grounds for discipline" includes grounds under sections 12-255-120 and 12-295-111.

(B) "License" includes licensure for a practical nurse or professional nurse and licensure for a psychiatric technician.

(C) "Nurse", "licensee", or "respondent" includes a practical nurse, a professional nurse, and a psychiatric technician as described in section 12-295-103 (4).

(D) "Practice of nursing" includes the practice of practical nursing, the practice of professional nursing, and the practice as a psychiatric technician.

(II) Written complaints relating to the conduct of a nurse licensed or authorized to practice nursing in this state may be made by any person or may be initiated by an inquiry panel of the board on its own motion. The nurse complained of shall be given notice, unless the board determines the complaint to be without merit of investigation, by first-class mail, and the notice shall state the nature of the complaint and shall state that the failure to respond in a materially factual and timely manner constitutes grounds for discipline. The nurse complained of shall be given thirty days to answer or explain in writing the matters described in such complaint. Upon receipt of the nurse's answer or at the conclusion of thirty days, whichever occurs first, the inquiry panel may take further action as set forth in subsection (3)(a)(III) of this section.

(III) Upon receipt of the nurse's answer or the conclusion of thirty days, the inquiry panel may conduct a further investigation that may be made by one or more members of the inquiry panel, one or more nurses who are not members of the board, a member of the staff of the board, a professional investigator, or any other person or organization as the inquiry panel directs. The investigation shall be entirely informal.

(b) The board shall cause an investigation to be made when the board is informed of:

(I) Disciplinary action taken by an employer of a nurse against the nurse or resignation in lieu of a disciplinary action for conduct that constitutes grounds for discipline under section 12-255-120 or 12-295-111. The employer shall report the disciplinary action or resignation to the board.

(II) An instance of a malpractice settlement or judgment against a nurse;

(III) A nurse who has not timely renewed his or her license and the nurse is actively engaged in the practice of nursing.

(c) On completion of an investigation, the inquiry panel shall make a finding that:

(I) The complaint is without merit and no further action need be taken;

(II) There is no reasonable cause to warrant further action on the complaint;

(III) An instance of conduct occurred that does not warrant formal action by the board and that should be dismissed, but that indications of possible conduct by the nurse were noted that could lead to serious consequences if not corrected. In such a case, the board shall send a confidential letter of concern in accordance with section 12-20-404 (5) to the nurse against whom the complaint was made.

(IV) An instance of misconduct occurred that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, in

which case the board may issue and send a letter of admonition to the licensee in accordance with section 12-20-404 (4);

(V) Facts were disclosed that warrant further proceedings by formal complaint, as provided in subsection (4) of this section, and that the complaint should be referred to the attorney general for preparation and filing of a formal complaint.

(4) (a) All formal complaints shall be heard and determined in accordance with subsection (4)(b) of this section and section 24-4-105. Except as provided in subsection (1) of this section, all formal hearings shall be conducted by the hearings panel. The nurse may be present in person or represented by counsel, or both, if so desired, to offer evidence and be heard in the nurse's own defense. At formal hearings, the witnesses shall be sworn and a complete record shall be made of all proceedings and testimony.

(b) Except as provided in subsection (1) of this section, an administrative law judge shall preside at the hearing and shall advise the hearings panel on all legal matters in connection with the hearing as the panel may request. The administrative law judge shall provide such advice or assistance as the hearings panel may request in connection with the preparation of its findings and recommendations or conclusions. The administrative law judge may act in accordance with section 12-20-403 and perform other duties as the hearings panel may authorize the administrative law judge to perform. The administrative law judge shall have the qualifications provided in section 24-30-1003 (2).

(c) (I) To warrant a finding of grounds for discipline, the charges shall be established as specified in section 24-4-105 (7). Except as provided in subsection (1) of this section, the hearings panel shall make a report of its findings and conclusions that, when approved by a majority of those members of the hearings panel who have conducted the hearing pursuant to subsections (4)(a) and (4)(b) of this section, shall be the action of the board.

(II) If it is found that the charges are unproven, the hearings panel, or an administrative law judge sitting in lieu of the hearings panel pursuant to subsection (1) of this section, shall enter an order dismissing the complaint.

(III) If the hearings panel finds the charges proven and orders that discipline be imposed, it shall also determine the extent of the discipline, which may be in the form of a letter of admonition regarding a license or suspension for a definite or indefinite period, revocation, or nonrenewal of a license to practice. In addition to any other discipline that may be imposed pursuant to this section, the hearings panel may impose a fine of no less than two hundred fifty dollars but no more than one thousand dollars per violation on any nurse who violates this part 1 or any rule adopted pursuant to this part 1. The board shall adopt rules establishing a fine structure and the circumstances under which fines may be imposed.

(IV) In determining appropriate disciplinary action, the hearings panel shall first consider sanctions that are necessary to protect the public. Only after the panel has considered such sanctions shall it consider and order requirements designed to rehabilitate the nurse. If discipline other than revocation of a license to practice is imposed, the hearings panel may also order that the nurse be granted probation and allowed to continue to practice during the period of the probation. The hearings panel may also include in any disciplinary order that allows the nurse to continue to practice such conditions as the panel may deem appropriate to assure that the nurse is physically, mentally, and otherwise qualified to practice nursing in accordance with generally accepted standards of practice, including any of the following:

(A) Submission by the respondent to such examinations as the hearings panel may order to determine the respondent's physical or mental condition or the respondent's professional qualifications;

(B) The taking by the respondent of such therapy or courses of training or education as may be needed to correct deficiencies found either in the hearing or by the examinations;

(C) The review or supervision of the respondent's practice of nursing as may be necessary to determine the quality of the respondent's practice of nursing and to correct deficiencies therein; or

(D) The imposition of restrictions upon the nature of the respondent's practice to assure that the respondent does not practice beyond the limits of the respondent's capabilities.

(V) Upon the failure of the respondent to comply with any conditions imposed by the hearings panel pursuant to subsection (4)(c)(IV) of this section, the hearings panel may order revocation or suspension of the respondent's license to practice in this state until the respondent complies with the conditions.

(VI) In making any of the orders provided in subsections (4)(c)(IV) and (4)(c)(V) of this section, the hearings panel may take into consideration the respondent's prior disciplinary record. If the hearings panel does take into consideration any prior discipline of the respondent, its findings and recommendations shall so indicate.

(VII) In all cases of revocation, suspension, probation, or nonrenewal, the board shall enter in its records the facts of the revocation, suspension, probation, or nonrenewal and of any subsequent action of the board with respect thereto.

(d) The attorney general shall prosecute those charges that have been referred to the office of the attorney general by the inquiry panel pursuant to subsection (3)(c)(V) of this section. The board may direct the attorney general to perfect an appeal.

(e) The two-year waiting period specified in section 12-20-404 (3) applies to any person whose license to practice nursing or any other health care occupation is revoked by any other legally qualified board.

(5) A majority of the members of the board, three members of the inquiry panel, or three members of the hearings panel shall constitute a quorum. The action of a majority of those present comprising a quorum shall be the action of the board, the inquiry panel, or the hearings panel.

(6) Upon the expiration of any term of suspension, the license shall be reinstated by the board if the board is furnished with evidence that the nurse has complied with all terms of the suspension. If the evidence shows the nurse has not complied with all terms of the suspension, the board may revoke or continue the suspension of the license at a hearing, notice of which and the procedure at which shall be as provided in this section.

(7) In case any nurse is determined to be mentally incompetent or insane by a court of competent jurisdiction and a court enters, pursuant to part 3 or 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, an order specifically finding that the mental incompetency or insanity is of such a degree that the nurse is incapable of continuing the practice of nursing, the nurse's license shall automatically be suspended by the board, and, notwithstanding any provision of this part 1 to the contrary, the suspension shall continue until the nurse is found by the court to be competent to continue the practice of nursing.

(8) (a) If the board has reasonable cause to believe that a nurse is unable to practice nursing with reasonable skill and safety to patients because of a condition described in section

12-255-120 (1)(i) or (1)(j) or section 12-295-111 (1)(i) or (1)(j), it may require the nurse to submit to mental or physical examinations by a physician or other licensed health care professional designated by the board. If a nurse fails to submit to the mental or physical examinations, the board may suspend the nurse's license until the required examinations are conducted.

(b) Every nurse shall be deemed, by so practicing or by applying for renewal registration of the nurse's license, to have consented to submit to mental or physical examinations when directed in writing by the board. Further, the nurse shall be deemed to have waived all objections to the admissibility of the examining physician's or other licensed health care professional's testimony or examination reports on the ground of privileged communication. Subject to applicable federal law, the nurse shall be deemed to have waived all objections to the production of medical records to the board from health care providers that may be necessary for the evaluations described in subsection (8)(a) of this section. Nothing in this section shall prevent the nurse from submitting to the board testimony or examination reports of a physician or other licensed health care professional designated by the nurse to a condition described in subsection (8)(a) of this section that may be considered by the board in conjunction with, but not in lieu of, testimony and examination reports of the physician or licensed health care professional designated by the board.

(c) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than before the board and shall not be deemed a public record nor made available to the public.

(d) The board may require that a nurse submit medical records for review in conjunction with an examination made pursuant to subsection (8)(a) of this section; except that the records shall remain confidential and shall be reviewed by the board only to the extent necessary to conduct an investigation.

(9) (a) Investigations, examinations, hearings, meetings, or any other proceedings of the board conducted pursuant to the provisions of this section shall be exempt from the open meetings provisions of the "Colorado Sunshine Act of 1972", part 4 of article 6 of title 24, requiring that proceedings of the board be conducted publicly, and the open records provisions of article 72 of title 24, requiring that the minutes or records of the board with respect to action of the board taken pursuant to the provisions of this section be open to public inspection.

(b) Notwithstanding the exemptions in subsection (9)(a) of this section, records of disciplinary action taken by the board pursuant to this section shall be open to public inspection pursuant to the open records provisions of article 72 of title 24.

(10) A physician or other licensed health care professional who, at the request of the board, examines a nurse shall be immune from suit for damages by the nurse examined if the examining physician or examining licensed health care professional conducted the examination and made findings or a diagnosis in good faith.

(11) All actions taken and decisions rendered by the board prior to July 1, 1999, are hereby ratified.

(12) Final board action may be judicially reviewed in accordance with section 12-20-408. Judicial proceedings for the enforcement of a board order may be instituted in accordance with section 24-4-106.

(13) Upon certification of the custodian that copies of records subpoenaed pursuant to section 12-20-403 (2) are true and complete except for the patient's name, the copies shall be

deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. No privilege of confidentiality shall exist with respect to the copies, and no liability shall lie against the board or the custodian or the custodian's authorized employee for furnishing or using the copies in accordance with this subsection (13).

(14) The board may issue cease-and-desist orders under the circumstances and in accordance with the procedures specified in section 12-20-405.

12-255-121. Withholding or denial of license - hearing - definitions. (1) (a) The board is empowered to determine summarily whether an applicant for a license or a temporary license to practice as a nurse possesses the qualifications required by this part 1, whether there is probable cause to believe that an applicant for a license or temporary license has done any of the acts set forth in section 12-255-120 as grounds for discipline, or whether the applicant for a license or temporary license has had a license to practice nursing or any other health care occupation revoked by any legally authorized board.

(b) As used in this section:

(I) "Applicant" includes a nurse seeking reinstatement or reactivation of a license pursuant to section 12-255-122, but does not include a renewal applicant.

(II) "Legally authorized board" means a board created pursuant to the laws of this state or of another state for the purpose of licensing or otherwise authorizing a person to engage in a health care occupation. The term includes any governmental entity charged with licensing or other oversight of persons engaged in a health care occupation.

(2) (a) (I) If the board determines that an applicant does not possess the qualifications for licensure required by this part 1, that probable cause exists to believe that an applicant for a license or temporary license has done any of the acts set forth in section 12-255-120, or that an applicant for a license or temporary license has had a nursing or other health care occupation license revoked by another legally authorized board, the board may withhold or deny the applicant a license under this part 1.

(II) The board may deny a license or temporary license to practice as a nurse to any applicant during the time the applicant's license is under suspension in another state.

(III) The board may deny a license or may grant a license subject to terms of probation if the board determines that an applicant for a license has not actively practiced practical or professional nursing, or has not otherwise maintained continued competency, as determined by the board, during the two years immediately preceding the application for licensure under this part 1.

(b) If the board denies a license to an applicant pursuant to subsection (2)(a) of this section, the provisions of section 24-4-104 (9) apply. Upon the denial, the board shall provide the applicant with a statement in writing setting forth the following:

(I) The basis of the board's determination that the applicant:

(A) Does not possess the qualifications required by this part 1;

(B) Has had a nursing or other health care occupation license revoked or suspended by another legally authorized board; or

(C) Has not actively practiced practical or professional nursing, or has not maintained continued competency, during the previous two years; or

(II) The factual basis for probable cause that the applicant has done any of the acts set forth in section 12-255-120.

(c) If the board denies a license to an applicant on the grounds that the applicant's nursing or other health care occupation license was revoked by another legally authorized board, the board may require the applicant to pass a written examination as provided in section 12-255-109 as a prerequisite to licensure. The applicant shall not be allowed to take the written examination until at least two years after the revocation of the nursing or other health care occupation license.

(3) If the applicant requests a hearing pursuant to the provisions of section 24-4-104 (9) and fails to appear without good cause at the hearing, the board may affirm its prior action of withholding or denial without conducting a hearing.

(4) Following a hearing, the board shall affirm, modify, or reverse its prior action in accordance with its findings at the hearing.

(5) No action shall lie against the board for the withholding or denial of a license or temporary license without a hearing in accordance with the provisions of this section if the board acted reasonably and in good faith.

(6) (a) At the hearing, the applicant shall have the burden of proof to show that:

(I) The applicant possesses the qualifications required for licensure under this part 1;

(II) The applicant's nursing or other health care occupation license was not revoked by another legally authorized board; or

(III) The applicant has actively practiced practical or professional nursing, or has maintained continued competency, during the two years prior to application for a license under this part 1.

(b) The board shall have the burden of proof to show commission of acts set forth in section 12-255-120.

12-255-122. Inactive license status - reactivation. (1) A nurse licensed pursuant to section 12-255-110 or 12-255-114 may request that the board place his or her license on inactive status. The request shall be made in the form and manner designated by the board.

(2) A nurse requesting inactive license status shall provide an affidavit or other document required by the board certifying that, immediately upon the conferral of inactive status, the nurse shall not practice nursing in the state unless and until the nurse's license is reactivated pursuant to subsection (6) of this section.

(3) Upon receiving the documentation pursuant to subsection (2) of this section, the board shall approve a request for inactive license status. However, the board may deny the request if the board has probable cause to believe that the requesting nurse has committed any of the acts set forth in section 12-255-120.

No civil action may be brought or maintained against the board, its members, or the state for an injury alleged to have been the result of an act or omission of a licensee participating in or referred to a program provided by a peer health assistance organization or to a nurse alternative to discipline program. However, the state shall remain liable under the provisions of the "Colorado Governmental Immunity Act", article 10 of title 24, if an injury alleged to have been the result of an act or omission of a licensee participating in or referred to a peer health assistance program or nurse alternative to discipline program occurred while such licensee was performing duties as an employee of the state.

(c) If a hearing is conducted, the board shall affirm, modify, or reverse its prior determination and action in accordance with the findings resulting from the hearing.

(d) If an applicant who has requested a hearing pursuant to section 24-4-104 (9) fails to appear at the hearing, absent a determination by the board that there was good cause for the failure to appear, the board may affirm its prior action of withholding certification without conducting a hearing on the matter.

(2) (a) If the board has reasonable cause to believe that a certified nurse aide's physical or mental health has resulted in the nurse aide being unable to practice with reasonable skill or that the practice of the nurse aide is a threat to the safety of the nurse aide's patients, the board may require the nurse aide to submit to a mental or physical examination by a physician or other licensed health care provider designated by the board.

(b) If a nurse aide fails to submit to a mental or physical examination, the board may suspend the nurse aide's certification until the required examination or examinations are conducted.

Any request by the board to a nurse aide to submit to the examination shall be in writing and shall contain the basis upon which the board determined that reasonable cause to believe the condition specified in subsection (2)(a) of this section exists.

(4) A certified nurse aide who has been requested to submit to a physical or mental examination may provide the board with information concerning the nurse aide's physical or mental health from a physician of the nurse aide's own choice. The board may consider the information in conjunction with, but not in lieu of, testimony and information provided by the physician designated by the board to examine the nurse aide.

(5) The results of any mental or physical examination requested by the board pursuant to this section shall not be used as evidence in any proceeding except a proceeding conducted pursuant to this part 2. Failure, without good cause, of the board to appear at the hearing shall be deemed cause to dismiss the proceeding.

(8) (a) No previously issued certificate to engage in practice as a nurse aide shall be revoked or suspended except under the procedure set forth in this section, except in emergency situations as provided by section 24-4-104.

(b) The denial of an application to renew an existing certificate shall be treated in all respects as a revocation.

ascertaining the accuracy of the copies. A privilege of confidentiality does not exist with respect to the copies, and liability does not lie against the board or the custodian or the custodian's authorized employee for furnishing or using the copies in accordance with this subsection (9).

(10) The board may issue and send a confidential letter of concern to a certificate holder under the circumstances specified in section 12-20-404 (5).

(11) An employer of a nurse aide shall report to the board any disciplinary action taken against the nurse aide or any resignation in lieu of a disciplinary action for conduct that constitutes a violation of this part 2.

(3) No previously issued license to engage in the practice of nursing home administration shall be revoked or suspended until a hearing has been conducted pursuant to section 24-4-105 or, for emergency situations, pursuant to section 24-4-104 (4). The denial of an application to renew an existing license shall be treated in all respects as a revocation.

(4) (a) Complaints, investigations, hearings, meetings, or any other proceedings of the board conducted pursuant to the provisions of this article 265 and relating to disciplinary proceedings are exempt from the provision of any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to the provisions of this article 265 be open to public inspection; except that this exemption applies only when the board, or an administrative law judge acting on behalf of the board, specifically determines that it is in the best interest of a complainant or other recipient of services to keep the proceedings or documents relating thereto closed to the public, or if the licensee is violating section 12-265-113 (1)(g), participating in good faith in a substance use disorder treatment program approved by the board or designed by the board to end any addiction or dependency specified in that section, and the licensee has not violated any provisions of the board order regarding participation in such a treatment program. If the board determines that it is in the best interest of a complainant or other recipient of services to keep the proceedings or documents relating thereto closed to the public, then the final action of the board is open to the public without disclosing the name of the client or other recipient.

(b) Section 12-20-408 governs judicial review of final board actions and orders appropriate for judicial review.

(III) Impose a fine not to exceed five thousand dollars on a licensee for a violation of this article 275 or a rule promulgated pursuant to this article 275 other than a violation related to a standard of practice. The board shall, by rule, promulgate a fining schedule with lesser amounts for first violations and increasing amounts for subsequent violations of this subsection (1)(a)(III).

(c) If a licensee requests a hearing to dispute formal board action or if the board finds such probability great and a hearing is conducted, the hearing shall be conducted in accordance with the provisions of sections 12-20-403 and 24-4-105.

The taking of any further action, or the holding of a hearing with respect thereto, rests in the sole discretion of the board.

(b) Upon the receipt of the application, it may be forwarded to the attorney general for such investigation as may be deemed necessary. The proceedings shall be governed by the applicable provisions governing formal hearings in disciplinary proceedings. The attorney general may present evidence bearing upon the matters in issue, and the burden shall be upon the applicant seeking reinstatement to establish the averments of the application as specified in section 24-4-105 (7). No application for reinstatement or for modification of a prior order shall be accepted unless the applicant deposits with the board all amounts unpaid under any prior order of the board.

(7) Upon dismissal of a complaint that has gone to hearing, the board shall notify the complainant that he or she may receive a copy of the investigation report and the response of the optometrist or other person alleged to have violated the act upon payment of costs of copying and mailing such information.

The articles of incorporation of the corporations shall contain provisions complying with the following requirements:

(a) The name of the corporation shall contain the words "professional company" or "professional corporation" or abbreviations thereof.

(b) The corporation shall be organized solely for the purposes of conducting the practice of optometry only through persons licensed by the board to practice optometry in the state of Colorado.

(d) All shareholders of the corporation shall be persons who are licensed by the board to practice optometry in the state of Colorado and who at all times own their shares in their own right. They shall be individuals who, except for illness, accident, and time spent in the armed services, on vacations, and on leaves of absence not to exceed one year, are actively engaged in the practice of optometry in the offices of the corporation.

(e) Provisions shall be made requiring any shareholder who ceases to be or for any reason is ineligible to be a shareholder to dispose of all the shareholder's shares forthwith, either to the corporation or to any person having the qualifications described in subsection (1)(d) of this section.

(f) The president shall be a shareholder and a director, and, to the extent possible, all other directors and officers shall be persons having the qualifications described in subsection

(III) The insurance shall be in an amount for each claim of at least fifty thousand dollars multiplied by the number of persons licensed to practice optometry employed by the corporation; the policy may provide for an aggregate maximum limit of liability per year for all claims of one hundred fifty thousand dollars also multiplied by the number of persons licensed to practice optometry employed by the corporation; but no firm shall be required to carry insurance in excess of three hundred thousand dollars for each claim with an aggregate maximum limit of liability for all claims during the year of nine hundred thousand dollars.

(2) This article 280 does not apply to the sale or delivery of a dialysis solution if all of the following conditions are met:

(a) The sale or delivery is made directly by the manufacturer to a person with chronic kidney failure or to the designee of the person;

(b) The sale or delivery is for the purpose of self-administration by the person pursuant to an order by a physician lawfully practicing in this state; and

(3) A manufacturer that must obtain a prescription drug or device solely for use in its research, development, or testing procedures and that does not further distribute the drug or device may apply to the board for a waiver of registration pursuant to this subsection (3). The board may grant a waiver if the manufacturer submits to the board the name of the drug or device it requires and an affidavit certifying that the drug or device will only be used for necessary research, development, or testing procedures and will not be further distributed. A waiver granted pursuant to this subsection (3) does not apply to a controlled substance, as defined in section 18-18-102 (5), or in federal law.

(4) An employee of a facility, as defined in section 25-1.5-301, who is administering and monitoring medications to persons under the care or jurisdiction of the facility pursuant to part 3 of article 1.5 of title 25 need not be licensed by the board to lawfully possess controlled substances under this article 280.

(1) On or after March 30, 2020, a person shall not engage in the practice as a pharmacy technician unless the person has obtained a certification or provisional certification from the board in accordance with this section.

(2) In addition to any other requirements specified in section 12-280-114 or this article 280, to be certified as a pharmacy technician, an applicant must:

(a) Provide proof satisfactory to the board that the applicant has obtained and maintains in good standing certification as a pharmacy technician from a certifying organization; and

(b) (I) Submit to a criminal history record check in the form and manner as determined by the board by rule; or

(II) Provide proof satisfactory to the board that the applicant submitted to a criminal history record check as a condition of employment at a pharmacy or other outlet, as required by the applicant's current employer, as a condition of participating in a course of study for or with a certifying organization, or in connection with obtaining certification from a certifying organization.

(3) (a) If an applicant for certification as a pharmacy technician has not satisfied the requirements of subsection (2)(a) of this section at the time of application to the board, the board may grant the applicant a provisional certification upon satisfaction of all other requirements for certification specified in this section and section 12-280-114.

(b) (I) Except as provided in subsection (3)(b)(II) of this section, a provisional certification is valid for not more than eighteen months after the date of issuance and is not renewable. If a person who is granted a provisional certification pursuant to this subsection (3) fails to satisfy the requirements of subsection (2)(a) of this section within eighteen months after the date the provisional certification is issued or within an extended period granted by the board pursuant to subsection (3)(b)(II) of this section, the provisional certification expires and the person shall not practice as a pharmacy technician until the person applies for and receives a certification in accordance with subsection (2) of this section.

(II) The board shall adopt rules to establish a process for a provisional certificant to apply for a hardship extension to extend the validity of the provisional certification beyond eighteen months. The board shall establish criteria for qualifying for a hardship extension based on:

(A) The negative effects on access to care in the community served by the provisional certificant or the employer of the provisional certificant;

(B) Financial hardship; or

(C) Health circumstances.

(c) A person whose provisional certification expires is not precluded from applying to the board for certification as a pharmacy technician in accordance with subsection (2) of this section.

All licenses, certifications, and registrations issued pursuant to this article 280, except provisional certifications issued pursuant to section 12-280-115.5 (3), are subject to the renewal, expiration, reinstatement, and delinquency fee provisions specified in section 12-20-202 (1) and (2). Any person whose license, certification, or registration expires is subject to the penalties provided in this article 280 or section 12-20-202 (1).

(2) A pharmacist who fails to renew his or her license or a pharmacy technician who fails to renew his or her certification issued pursuant to section 12-280-115.5 (2) on or before the applicable renewal time may have the license or certification, as applicable, reinstated in accordance with section 12-20-202 (2) for the remainder of the current renewal period by filing a proper application, satisfying the board that the pharmacist or pharmacy technician, as applicable, is fully qualified to practice, and paying the reinstatement fee as provided in section 12-280-112 (1)(e) and (1)(t) and all delinquent fees.

(3) Except for good cause shown, the board shall not grant a license to a pharmacy intern more than two years after the applicant has ceased to be an enrolled student in a college or school of pharmacy approved by the board.

Editor's note: This section is similar to former § 12-42.5-114 as it existed prior to 2019.

12-280-117. Continuing education - exceptions - inactive status. (1) Except as permitted in subsections (2) and (3) of this section, the board shall not renew, reinstate, or reactivate the license of any pharmacist until the pharmacist presents evidence that he or she has completed twenty-four hours of approved continuing pharmaceutical education within the preceding two years. Subject to subsection (9) of this section, the evidence may be provided by checking a sign-off box on the license renewal application.

(2) (a) The board may renew the license of a pharmacist who presents acceptable evidence that the pharmacist was unable to comply with subsection (1) of this section.

(b) The board may grant a six-month compliance extension to pharmacists who are unable to comply with subsection (1) of this section.

(3) The board may renew the license for the first renewal period following the issuance of the original license without requiring a pharmacist to complete any continuing pharmaceutical education if the pharmacist obtains a license within one year after the completion of the pharmacist's pharmaceutical education.

(4) To qualify for continuing education credit, a program of continuing pharmaceutical education must be currently approved by the Accreditation Council for Pharmacy Education or an equivalent accrediting body as determined by the board.

(5) Each program of continuing pharmaceutical education must consist of at least one continuing education unit, which is one hour of participation in an organized continuing educational experience, including postgraduate studies, institutes, seminars, lectures, conferences, workshops, correspondence courses, cassette programs, programmed learning courses, audiovisual programs, internet programs, and any other form of presentation that is accredited.

(6) Any aspect of the practice of pharmacy may be the subject of a program of continuing pharmaceutical education, including pharmaceuticals, compounding, pharmacology, pharmaceutical chemistry, biochemistry, physiology, microbiology, pharmacy administration, and professional practice management.

(7) A program of continuing pharmaceutical education may include the following:

(a) A definite stated objective;

(b) Presentation in an organized manner; and

(c) A method of program evaluation that is suitable to the type of program being presented.

(8) A program of continuing pharmaceutical education must meet the requirements as established by the accrediting body.

(9) The board may annually audit up to five percent of the pharmacists licensed and residing in Colorado to determine compliance with this section.

(10) If a licensed pharmacist fails to obtain the twenty-four hours of approved continuing pharmaceutical education, the pharmacist's license becomes inactive. An inactive licensee is not required to comply with any continuing pharmaceutical education requirement so long as the licensee remains inactive, but the licensee must continue to pay applicable fees, including renewal fees. The board shall note "inactive status" on the face of any license it issues to a licensee while the licensee remains inactive. Should an inactive pharmacist wish to resume the practice of pharmacy after being placed on an inactive list, the pharmacist shall file an application to activate his or her license, pay the license renewal fee, and, subject to subsections (2) and (3) of this section, meet the twenty-four-hour continuing education requirement. If a licensed pharmacist engages in the practice of pharmacy while on inactive status, that conduct may be grounds for license revocation under this article 280.

12-280-117.5. Continuing education for pharmacy technicians - exceptions - inactive status. (1) The board shall not renew, reinstate, or reactivate the certification of a pharmacy technician that was issued pursuant to section 12-280-115.5 (2) until the pharmacy technician presents evidence that the pharmacy technician maintains active certification with a certifying organization. Subject to subsection (2) of this section, the evidence may be provided by an attestation on the certification renewal application.

(2) The board may annually audit up to five percent of the pharmacy technicians certified and residing in Colorado to determine compliance with this section.

(3) If a pharmacy technician fails to complete the continuing education and renewal requirements of, and maintain active certification with, a certifying organization, the pharmacy technician's state certification becomes inactive. An inactive certificant is not required to comply with any continuing pharmacy technician education requirement so long as the certificant remains inactive, but the certificant must continue to pay applicable fees, including renewal fees. The board shall note "inactive status" on the face of any certification it issues to a certificant while the certificant remains inactive. Before an inactive pharmacy technician resumes practice as a pharmacy technician after being placed on an inactive list, the pharmacy technician must file an application to activate the certification, pay the certification renewal fee, and meet the continuing education requirements of this section. If a pharmacy technician engages in practice as a pharmacy technician while on inactive status, that conduct is grounds for certification revocation under this article 280.

12-280-118. Prescription drug outlet under charge of pharmacist - rules. (1) (a) A prescription drug outlet must be under the direct charge of a pharmacist manager. A proprietor who is not a pharmacist shall comply with this requirement and shall provide a manager who is a pharmacist.

(b) The registration of any prescription drug outlet becomes void if the pharmacist manager in whose name the prescription drug outlet registration was issued ceases to be engaged as the manager. The owner shall close the prescription drug outlet unless the owner:

(I) Employs a new pharmacist manager; and

(II) Within thirty days after termination of the former manager's employment:

(A) Applies to transfer the registration to the new pharmacist manager; and

(B) Pays the registration transfer fee.

(c) At the time the pharmacist manager in whose name the registration was obtained ceases to be employed as the pharmacist manager, he or she shall immediately report to the board the fact that he or she is no longer manager of the prescription drug outlet. The pharmacist manager is responsible as the manager until the cessation of employment is reported. The proprietor of the prescription drug outlet shall also notify the board of the termination of managership.

(2) A prescription drug outlet shall not commence business until it applies to the board for a registration and receives from the board a registration showing the name of the proprietor

and the name of the manager. Upon transfer of the ownership of a prescription drug outlet, the new proprietor shall submit to the board an application to transfer the registration of the prescription drug outlet, and, upon approval of the transfer by the board, the board shall transfer the registration to the new proprietor. Upon the change of name or location of a prescription drug outlet, the registrant shall submit an application to change the name or location and the applicable fee, and, upon approval of the application, the board shall issue a new registration showing the new name or new location.

(3) (a) A prescription drug outlet operated by the state of Colorado or any political subdivision of the state is not required to be registered but, in lieu of a registration, must apply to the board, on a form approved by the board, for a certificate of compliance. The board shall determine whether the prescription drug outlet is operated in accordance with the laws of this state and the rules of the board. If the board determines that the prescription drug outlet is operated in accordance with state laws and board rules, except for the holding of a prescription drug outlet registration, the board shall issue a certificate of compliance, which certificate expires and may be renewed in accordance with section 12-20-202 (1). Once the board issues the certificate of compliance, the prescription drug outlet has the rights and privileges of, and is treated in all respects as, a registered prescription drug outlet. The provisions of this article 280 with respect to the denial, suspension, or revocation of a prescription drug outlet registration apply to a certificate of compliance.

(b) An outlet as recognized in section 12-280-119 (1)(d) need not be under the direct charge of a pharmacist, but a licensed pharmacist shall either initially interpret all prescription orders compounded or dispensed from the outlet or provide written protocols for compounding and dispensing by pharmacy technicians. An outlet qualifying for registration under this subsection (3)(b) may also apply to the board for a waiver of the requirements concerning physical space, equipment, inventory, or business hours as necessary and consistent with the outlet's limited public welfare purpose. In determining the granting or denial of a waiver application, the board shall ensure that the public interest criteria set forth in section 12-280-101 are satisfied. All other provisions of this article 280, except as specifically waived by the board, apply to the outlet.

(4) Every outlet and every pharmacist and pharmacy intern regularly practicing shall conspicuously display the registration and license, respectively, within the premises of the place of practice or outlet.

(5) (a) Except as specified in subsection (5)(b) of this section, the pharmacist responsible for the prescription order or chart order may delegate the following tasks to the following individuals if, in the pharmacist's professional judgment, the delegation is appropriate:

(I) Specific tasks, excluding tasks described in section 12-280-103 (38.5)(a) but which tasks may include delivery and proper and safe storage of drugs or devices, to ancillary personnel, other than a pharmacist or pharmacy intern, who are under the pharmacist's supervision; or

(II) Specific tasks described in section 12-280-103 (38.5)(a) or in board rules adopted pursuant to section 12-280-103 (38.5)(a)(VI) to a pharmacy technician who is under the pharmacist's supervision.

(b) The pharmacist shall not make a delegation described in subsection (5)(a) of this section if the delegation jeopardizes the public health, safety, or welfare, is prohibited by rule of the board, or violates section 12-280-129 (1).

- (c) Manufacturing drug outlet;
- (d) Any other outlet, as may be authorized by this article 280 or that meets the definition of other outlet as set forth in section 12-280-103 (32).

(2) The board shall establish, by rule, criteria, consistent with section 12-280-114 and with the public interest as set forth in section 12-280-101, that an outlet that has employees or personnel engaged in the practice of pharmacy must meet to qualify for registration in each classification.

(3) The board shall specify by rule the registration procedures applicants must follow, including the specifications for application for registration and the information needed.

(4) Registrations issued by the board pursuant to this section are transferable or assignable only pursuant to this article 280 and rules established by the board.

(5) It is lawful for a person to sell and distribute nonprescription drugs. Any person engaged in the sale and distribution of nonprescription drugs is not improperly engaged in the practice of pharmacy, and the board shall not promulgate any rule pursuant to this article 280 that permits the sale of nonprescription drugs only by a licensed pharmacist or only under the supervision of a licensed pharmacist or that would otherwise apply to or interfere with the sale and distribution of nonprescription drugs.

(6) The board shall accept the licensure or certification of nursing care facilities and intermediate care facilities required by the department of public health and environment as sufficient registration under this section.

(7) A separate registration is required under this section for any area outside the outlet that is not a satellite where pharmaceutical care and services are provided and for any area outside the outlet that is under different ownership from the outlet.

(8) No hospital outlet filling inpatient chart orders shall sell or otherwise transfer any portion of its prescription drug inventory to another registered outlet for sale or dispensing at retail. This subsection (8) does not limit any transfer of prescription drugs for the hospital's own use or limit the ability of a hospital outlet to engage in a casual sale.

(9) (a) Subject to subsection (9)(b) of this section, a prescription drug outlet may register as a compounding prescription drug outlet.

(b) The board shall not register a facility as a compounding prescription drug outlet unless:

- (II) Ownership of the facility is vested solely in a pharmacist.

(c) To be approved by the board to accredit a compounding prescription drug outlet, a compounding accreditation entity shall be, at a minimum, a scientific organization with expertise in compounding medications.

(10) (a) A satellite shall register as a hospital satellite pharmacy if the satellite:

(I) Is located in a facility that is under the same management and control as the building or site where the prescription drug outlet is located; and

(II) Has a different address than the prescription drug outlet.

(b) The board shall adopt rules as necessary to implement this subsection (10). At a minimum, the rules must set forth the manner in which a satellite is to apply for a hospital satellite pharmacy registration and the limits on the distance of satellites from the main prescription drug outlet.

(11) A prescription drug outlet may register as a specialized prescription drug outlet if it engages in the compounding, dispensing, and delivery of drugs and devices to, or the provision of pharmaceutical care to residents of, a long-term care facility. The board shall adopt rules as necessary to implement this subsection (11).

(12) (a) A humane society that is duly registered with the secretary of state and has been in existence and in business for at least five years in this state as a nonprofit corporation, or an animal control agency that is operated by a unit of government, shall register with the board.

(b) The board may issue a limited license to a humane society or animal control agency to perform the activities described in section 12-280-120 (17).

(c) The board shall adopt rules as necessary to ensure strict compliance with this subsection (12) and section 12-280-120 (17) and, in conjunction with the state board of veterinary medicine, shall develop criteria for training individuals in the administration of the drug or combination of drugs.

(d) Nothing in this subsection (12) applies to a licensed veterinarian.

(13) A facility or outlet applying for a registration under this section shall have adequate and proper facilities for the handling and storage of controlled substances and shall maintain proper control over the controlled substances to ensure the controlled substances are not illegally dispensed or distributed.

(14) The board shall not issue a registration under this section to a manufacturer or distributor of marijuana or marijuana concentrate, as those terms are defined in section 27-80-203 (15) and (16), respectively.

If the licensed veterinarian issues an oral prescription order for a controlled substance listed on schedule III, IV, or V, the licensed veterinarian shall provide a written prescription to the wholesaler within three business days after issuing the oral order.

(4) Only a registered prescription drug outlet or other outlet registered pursuant to section 12-280-119 (1)(d) may compound or dispense a prescription. Initial interpretation and final evaluation, as defined by the board, may be conducted at a location other than a registered prescription drug outlet or other outlet registered pursuant to this article 280 in accordance with rules adopted by the board.

(c) Pursuant to section 17-1-113.1, the department of corrections may transfer, deliver, or distribute to a corporation, individual, or other entity entitled to possess prescription drugs, other than a consumer, prescription drugs in an amount that is less than, equal to, or in excess of

five percent of the total number of dosage units of drugs dispensed and distributed on an annual basis.

(6) (a) A practitioner may personally compound and dispense for any patient under the practitioner's care any drug that the practitioner is authorized to prescribe and that the practitioner deems desirable or necessary in the treatment of any condition being treated by the practitioner, and the practitioner is exempt from all provisions of this article 280 except section 12-280-129.

(b) (I) The board shall promulgate rules authorizing a prescription drug outlet located in this state to compound drugs for office use by a practitioner or for use by a hospital located in this state. The rules must limit the amount of drugs a prescription drug outlet may compound and distribute to a practitioner or hospital pursuant to this subsection (6)(b) to no more than ten percent of the total number of drug dosage units dispensed and distributed on an annual basis by the outlet.

(II) (A) The ten percent limitation set forth in subsection (6)(b)(I) of this section applies to a compounded drug for veterinary use that a prescription drug outlet distributes in Colorado.

(B) For purposes of this subsection (6)(b)(II), a "prescription drug outlet" includes a nonresident pharmacy outlet registered or licensed pursuant to this article 280 where prescriptions are compounded and dispensed, but only if the nonresident pharmacy outlet has provided the board with a copy of the most recent inspection of the nonresident pharmacy outlet by the agency that regulates pharmaceuticals in the state of residence and a copy of the most recent inspection received from a board-approved third-party entity that inspects pharmacy outlets, for which third-party inspection the nonresident pharmacy outlet shall obtain and pay for on an annual basis, and the board approves the inspection reports as satisfactorily demonstrating proof of compliance with the board's own inspection procedure and standards.

(c) Nothing in this section prohibits an optometrist licensed pursuant to article 275 of this title 12 or a physician licensed pursuant to article 240 of this title 12 from charging a fee for prescribing, adjusting, fitting, adapting, or dispensing drugs for ophthalmic purposes and ophthalmic devices, such as contact lenses, that are classified by the FDA as a drug or device, as long as the activity is within the scope of practice of the optometrist pursuant to article 275 of this title 12 or the scope of practice of the physician pursuant to article 240 of this title 12.

(7) Distribution of any sample may be made only upon written receipt from a practitioner, and the receipt must be given specifically for each drug or drug strength received.

(8) It is lawful for the vendor of any drug or device to repurchase the drug or device from the vendee to correct an error, to retire an outdated article, or for other good reason, under rules the board may adopt to protect consumers of drugs and devices against the possibility of obtaining unsafe or contaminated drugs or devices.

(9) A duly authorized agent or employee of an outlet registered by the board is not deemed to be in possession of a drug or device in violation of this section if he or she is in possession of the drug or device for the sole purpose of carrying out the authority granted by this section to his or her principal or employer.

pharmacy intern to dispense to a hospitalized patient for administration the amounts of the drugs as will enable an authorized person to administer to the patient the drug ordered by the practitioner. The practitioner is responsible for verifying the accuracy of any chart order he or she transmitted to anyone other than a pharmacist or intern within forty-eight hours of the transmittal.

(12) Any facility approved by the board, any home health agency certified by the department of public health and environment and approved by the board, and any licensed hospice approved by the board may maintain emergency drugs provided and owned by a prescription drug outlet, consisting of drugs and quantities as established by the board.

(13) An intern under the direct and immediate supervision of a pharmacist may engage in the practice of pharmacy. An intern, as defined in section 12-280-103 (22)(a), engaged in the practice of pharmacy within the curriculum of a school or college of pharmacy in accordance with section 12-280-103 (22)(a), may be supervised by a manufacturer registered pursuant to section 12-280-114 or by another regulated individual as provided for in rules adopted by the board.

(14) A manufacturer or wholesaler of prescription drugs shall not sell or give any prescription drug, as provided in subsections (2) and (3) of this section, to a licensed hospital or registered outlet or to any practitioner unless the prescription drug stock container bears a label containing the name and place of business of the manufacturer of the finished dosage form of the drug and, if different from the manufacturer, the name and place of business of the packer or distributor.

(15) (a) A compounding prescription drug outlet registered pursuant to section 12-280-119 (9) may dispense and distribute compounded drugs without limitation to practitioners or to prescription drug outlets under common ownership with the pharmacist who owns the compounding prescription drug outlet.

(c) (I) A prescription drug outlet shall not compound drugs that are commercially available except as provided in subsection (15)(c)(II) of this section.

(II) A pharmacist may compound a commercially available drug if the compounded drug is significantly different from the commercially available drug or if use of the compounded drug is in the best medical interest of the patient, based upon the practitioner's drug order, including the removal of a dye that causes an allergic reaction. If the pharmacist compounds a drug in lieu of a commercially available product, the pharmacist shall notify the patient of that fact.

(16) A prescription drug outlet may allow a licensed pharmacist to remove immunizations and vaccines from the prescription drug outlet for the purpose of administration by a licensed pharmacist, or an intern under the supervision of a pharmacist certified in immunization, pursuant to rules promulgated by the board. The board shall promulgate rules regarding the storage, transportation, and record keeping of immunizations and vaccines that are administered off-site.

(17) (a) A humane society or animal control agency that is registered with the board pursuant to section 12-280-119 (12) is authorized to:

(2) (a) A veterinarian may dispense a compounded drug maintained as part of the veterinarian's office stock pursuant to subsection (1) of this section only if:

(I) The compounded drug is necessary for the treatment of an animal patient's emergency condition; and

(II) As determined by the veterinarian, the veterinarian cannot access, in a timely manner, the compounded drug through a registered prescription drug outlet.

(b) A veterinarian shall not dispense a compounded drug pursuant to this section in an amount greater than the amount required to treat an animal patient's emergency condition for five days.

(3) A licensed veterinarian shall not administer or dispense a compounded drug maintained for office stock pursuant to this section or for office use pursuant to section 12-280-120 (6)(b)(II) without a valid veterinarian-client-patient relationship in place at the time of administering the compounded drug to an animal patient or dispensing the compounded drug to a client.

(4) To compound and distribute a controlled substance pursuant to this section or section 12-280-120 (6)(b)(II), a registered prescription drug outlet shall possess a valid manufacturing registration from the federal drug enforcement administration.

(5) As used in this section, unless the context otherwise requires:

(a) "Client" has the same meaning as set forth in section 12-315-104 (4).

(b) "Office stock" means the storage of a compounded drug:

(I) That was distributed or sold by a registered prescription drug outlet to a veterinarian;

(II) Without a specific animal patient indicated to receive the compounded drug; and

(III) That the veterinarian may subsequently administer to an animal patient or dispense to a client.

(c) (I) "Prescription drug outlet" means any:

(6) The board may promulgate rules as necessary concerning compounded veterinary pharmaceuticals pursuant to this section and section 12-280-120 (6)(b)(II).

(2) Section 35 of chapter 434 (HB 19-1242), Session Laws of Colorado 2019, provides that the act changing this section:

(a) Applies to the practice as a pharmacy technician on or after March 30, 2020; and

(b) Takes effect October 1, 2019, only if HB 19-1172 becomes law. HB 19-1172 became law and took effect October 1, 2019.

12-280-123. Prescription required - exception - dispensing opiate antagonists - selling nonprescription syringes and needles. (1) (a) Except as provided in sections 12-280-125.5 and 18-18-414 and subsections (2) and (3) of this section, an order is required prior to dispensing any prescription drug. (b) A pharmacist who receives an order for a controlled substance that is included in schedule II, III, or IV from a podiatrist, dentist, physician, physician assistant, advanced practice registered nurse, or optometrist, which order is not transmitted electronically to the pharmacist, is not required to verify the applicability of an exception to electronic prescribing of controlled substances under section 12-30-111 and may dispense the controlled substance pursuant to a written, oral, or facsimile-transmitted order that is otherwise valid and consistent with the requirements of current law.

(c) A pharmacist who dispenses a prescription order for a prescription drug that is an opioid shall notify the individual to whom the opioid is being dispensed about the availability of an opiate antagonist at no charge to the individual when, in the pharmacist's professional judgment, the individual would benefit from the notification.

(2) A pharmacist may refill a prescription order for any prescription drug without the practitioner's authorization when all reasonable efforts to contact the practitioner have failed and when, in the pharmacist's professional judgment, continuation of the medication is necessary for the patient's health, safety, and welfare. The prescription refill may only be in an amount sufficient to maintain the patient until the practitioner can be contacted, but in no event may a refill under this subsection (2) continue medication beyond seventy-two hours. However, if the practitioner states on the prescription that no emergency filling of the prescription is permitted, then the pharmacist shall not issue any medication that is not authorized by the prescription. Neither a prescription drug outlet nor a pharmacist is liable as a result of refusing to refill a prescription pursuant to this subsection (2).

(3) A pharmacist may dispense an opiate antagonist in accordance with section 12-30-110.

(4) A pharmacist or pharmacy technician may sell a nonprescription syringe or needle to any person.

(b) (I) If the prescription is for an anabolic steroid, the purpose for which the anabolic steroid is being prescribed must appear on the label.

(II) If the prescription is for any drug other than an anabolic steroid, the symptom or purpose for which the drug is being prescribed must appear on the label, if, after being advised by the practitioner, the patient or the patient's authorized representative so requests. If the practitioner does not provide the symptom or purpose for which a drug is being prescribed, the pharmacist may fill the prescription order without contacting the practitioner, patient, or patient's representative, unless the prescription is for an anabolic steroid.

(2) Except as otherwise required by law, any drug dispensed pursuant to a prescription order must bear a label prepared and placed on or securely attached to the medicine container stating at least the name and address of the prescription drug outlet, the serial number and the date of the prescription or of its dispensing, the name of the drug dispensed unless otherwise requested by the practitioner, the name of the practitioner, the name of the patient, and, if stated

in the prescription, the directions for use and cautionary statements, if any, contained in the prescription.

(3) The board shall promulgate rules concerning the labeling requirements for a prescription drug that is dispensed to a patient for outpatient use and contains an opioid, except for an opioid prescribed for treatment of a substance use disorder or that is a partial opioid antagonist, which rules must include a warning to indicate risks such as overdose and addiction.

12-280-125. Substitution of prescribed drugs authorized - when - conditions. (1) (a) A pharmacist filling a prescription order for a specific drug by brand or proprietary name may substitute an equivalent drug product if the substituted drug product is the same generic drug type and, in the pharmacist's professional judgment, the substituted drug product is therapeutically equivalent, is interchangeable with the prescribed drug, and is permitted to be moved in interstate commerce. A pharmacist making a substitution shall assume the same responsibility for selecting the dispensed drug product as he or she would incur in filling a prescription for a drug product prescribed by a generic name; except that the pharmacist is charged with notice and knowledge of the FDA list of approved drug substances and manufacturers that is published periodically.

(b) (I) A pharmacist filling a prescription order for a specific biological product may substitute an interchangeable biological product for the prescribed biologic only if:

(A) The FDA has determined that the biological product to be substituted is interchangeable with the prescribed biological product; and

(B) The practitioner has not indicated, in the manner described in subsection (2) of this section, that the pharmacist shall not substitute an interchangeable biological product for the prescribed biological product.

(II) Within a reasonable time after dispensing a biological product, the dispensing pharmacist or his or her designee shall communicate to the prescribing practitioner the specific biological product dispensed to the patient, including the name and manufacturer of the biological product. The pharmacist or designee shall communicate the information to the prescribing practitioner by making an entry into an interoperable electronic medical records system, through electronic prescribing technology, or through a pharmacy record that the prescribing practitioner can access electronically. Otherwise, the pharmacist or his or her designee shall communicate to the prescribing practitioner the name and manufacturer of the biological product dispensed to the patient using facsimile, telephone, electronic transmission, or other prevailing means except when:

(A) There is no FDA-approved interchangeable biological product for the prescribed biological product; or

(B) A refill prescription is not changed from the biological product dispensed on the prior filling of the prescription.

(III) The pharmacy from which the biological product was dispensed must retain a written or electronic record of the dispensed biological product for at least two years after the substitution.

(IV) This subsection (1)(b) does not apply to the administration of vaccines and immunizations as outlined in board rules.

(2) (a) If, in the opinion of the practitioner, it is in the best interest of the patient that the pharmacist not substitute an equivalent drug or interchangeable biological product for the specific drug or biological product he or she prescribed, the practitioner may convey this information to the pharmacist in any of the following manners:

(I) Initialing by hand or electronically a preprinted box that states "dispense as written" or "DAW";

(II) Signing by hand or electronically a preprinted box stating "do not substitute" or "dispense as written"; or

(III) Orally, if the practitioner communicates the prescription orally to the pharmacist.

(b) The practitioner shall not transmit by facsimile his or her handwritten signature, nor preprint his or her initials, to indicate "dispense as written".

(3) (a) If a pharmacist makes a substitution pursuant to subsection (1) of this section, the pharmacist shall communicate the substitution to the purchaser in writing and orally, label the container with the name of the drug or biological product dispensed, and indicate on the file copy of the prescription both the name of the prescribed drug or biological product and the name of the drug or biological product dispensed in lieu of the prescribed drug or prescribed biological product.

(b) The pharmacist is not required to communicate a substitution to institutionalized patients.

(4) Except as provided in subsection (5) of this section, the pharmacist shall not substitute a drug or interchangeable biological product as provided in this section unless the drug or interchangeable biological product substituted costs the purchaser less than the drug or biological product prescribed. The prescription shall be priced for a drug, other than a biological product, as if it had been prescribed generically.

(5) If a prescription drug outlet does not have in stock the prescribed drug or biological product and the only equivalent drug or interchangeable biological product in stock is higher priced, the pharmacist, with the consent of the purchaser, may substitute the higher priced drug or interchangeable biological product. This subsection (5) applies only to a prescription drug outlet located in a town, as defined in section 31-1-101 (13).

(6) The board shall maintain on its website a link to the FDA resource, if one is available, that identifies all biological products approved as interchangeable with specific biological products.

(b) (I) The pharmacist has a record of a prescription at the pharmacy or has been presented proof of a recent prescription for the chronic maintenance drug in the name of the patient who is requesting the emergency supply; or

(c) The amount of the chronic maintenance drug dispensed does not exceed the amount of the most recent prescription or the standard quantity or unit of use package of the drug;

(d) The pharmacist has not dispensed an emergency supply of the chronic maintenance drug to the same patient in the previous twelve-month period; and

(e) The prescriber of the drug has not indicated that no emergency refills are authorized.

The rules adopted under this subsection (2) must include documentation requirements for a pharmacist to complete when dispensing a chronic maintenance drug without a current prescription.

(3) A pharmacist, the pharmacist's employer, and the original prescriber of the drug are not civilly liable for an act or omission in connection with the dispensing of a chronic maintenance drug pursuant to this section unless the act or omission constitutes negligence, recklessness, or willful or wanton misconduct.

(2) Records of assessments or other documentation developed or submitted in connection with the continuing professional competency program are confidential and not subject to inspection by the public or discovery in connection with a civil action against a licensed physical therapist. (2) In any proceeding held under this section, the board may accept as prima facie evidence of grounds for disciplinary action any disciplinary action taken against a licensee from another jurisdiction if the violation that prompted the disciplinary action in that jurisdiction would be grounds for disciplinary action under this article 285.

The board shall proceed with an order for examination and determination in a timely manner.

12-285-131. Professional service corporations, limited liability companies, and registered limited liability partnerships for the practice of physical therapy - definitions.

(1) Physical therapists may form professional service corporations for the practice of physical therapy under the "Colorado Business Corporation Act", articles 101 to 117 of title 7, if the corporations are organized and operated in accordance with this section. The articles of incorporation of the corporations must contain provisions complying with the following requirements:

(a) The name of the corporation shall contain the words "professional company" or "professional corporation" or abbreviations thereof.

(b) The corporation must be organized solely for the purposes of conducting the practice of physical therapy only through persons licensed by the board to practice physical therapy.

(c) The corporation may exercise the powers and privileges conferred upon corporations by the laws of Colorado only in furtherance of and subject to its corporate purpose.

(d) (I) Except as provided in subsection (1)(d)(II) of this section, all shareholders of the corporation must be persons licensed by the board to practice physical therapy and who at all times own their shares in their own right. With the exception of illness, accident, or time spent in the armed services, on vacations, or on leaves of absence not to exceed one year, the individuals must be actively engaged in the practice of physical therapy in the offices of the corporation.

(II) If a person licensed to practice physical therapy who was a shareholder of the corporation dies, an unlicensed heir to the deceased shareholder may become a shareholder of the corporation for up to two years. Unless the heir is the only shareholder of the corporation, the heir who becomes a shareholder is a nonvoting shareholder. If the heir of the deceased shareholder ceases to be a shareholder, the owner who received the stocks from the shareholder shall dispose of the shares in accordance with the provisions required by subsection (1)(e) of this section. An heir who is not licensed under this article 285 shall not exercise any authority over professional or clinical matters.

(e) Provisions shall be made requiring any shareholder who ceases to be or for any reason is ineligible to be a shareholder to dispose of all such shares forthwith, either to the corporation or to any person having the qualifications described in subsection (1)(d) of this section.

(f) The president shall be a shareholder and a director, and, to the extent possible, all other directors and officers shall be persons having the qualifications described in subsection (1)(d) of this section. Lay directors and officers shall not exercise any authority whatsoever over professional matters.

(g) The articles of incorporation must provide, and all shareholders of the corporation shall agree, that all shareholders of the corporation are jointly and severally liable for all acts, errors, and omissions of the employees of the corporation or that all shareholders of the corporation are jointly and severally liable for all acts, errors, and omissions of the employees of the corporation except when the shareholders maintain professional liability insurance that meets the standards of section 12-285-118 or when the corporation maintains professional liability insurance that meets the following minimum standards:

(I) The insurer shall insure the corporation against liability imposed upon the corporation by law for damages resulting from any claim made against the corporation arising out of the performance of professional services for others by those officers and employees of the corporation who are licensed by the board to practice physical therapy.

(II) The policies must insure the corporation against liability imposed upon it by law for damages arising out of the acts, errors, and omissions of all nonprofessional employees.

(III) The insurance policy must provide for an amount for each claim of at least one hundred thousand dollars multiplied by the number of persons licensed to practice physical therapy employed by the corporation. The policy must provide for an aggregate top limit of liability per year for all claims of three hundred thousand dollars also multiplied by the number of persons licensed to practice physical therapy employed by the corporation, but no firm is required to carry insurance in excess of three hundred thousand dollars for each claim with an aggregate top limit of liability for all claims during the year of nine hundred thousand dollars.

(IV) The policy may provide that it does not apply to:

(A) A dishonest, fraudulent, criminal, or malicious act or omission of the insured corporation or any stockholder or employee thereof;

(B) The conduct of any business enterprise, not including the practice of physical therapy, in which the insured corporation under this section is not permitted to engage but that nevertheless may be owned by the insured corporation, in which the insured corporation may be a partner, or that may be controlled, operated, or managed by the insured corporation in its own or in a fiduciary capacity, including the ownership, maintenance, or use of any property in connection therewith, when not resulting from breach of professional duty, bodily injury to, or sickness, disease, or death of any person, or to injury to or destruction of any tangible property, including the loss of use thereof; and

(V) The policy may contain reasonable provisions with respect to policy periods, territory, claims, conditions, and other usual matters.

(2) The corporation shall do nothing that, if done by a person licensed to practice physical therapy and employed by the corporation, would constitute any ground for disciplinary action, as set forth in section 12-285-120. Any violation by the corporation of this section is grounds for the board to terminate or suspend its right to practice physical therapy.

(3) Nothing in this section diminishes or changes the obligation of each person licensed to practice physical therapy employed by the corporation to practice in accordance with the standards of professional conduct under this article 285 and rules adopted under this article 285. Physical therapists who by act or omission cause the corporation to act or fail to act in a way that

violates the standards of professional conduct, including any provision of this section, are personally responsible for the violation and subject to discipline for the violation.

(4) A professional service corporation may adopt a pension, cash profit sharing, deferred profit sharing, health and accident insurance, or welfare plan for all or part of its employees, including lay employees, if the plan does not require or result in the sharing of specific or identifiable fees with lay employees and if any payments made to lay employees or into any plan on behalf of lay employees are based upon their compensation or length of service, or both, rather than the amount of fees or income received.

(5) (a) Except as provided in this section, corporations shall not practice physical therapy.

(b) The corporate practice of physical therapy does not include physical therapists employed by a certified or licensed hospital, licensed skilled nursing facility, certified home health agency, licensed hospice, certified comprehensive outpatient rehabilitation facility, certified rehabilitation agency, authorized health maintenance organization, accredited educational entity, organization providing care for the elderly under section 25.5-5-412, or other entity wholly owned and operated by a governmental unit or agency if:

(I) The relationship created by the employment does not affect the ability of the physical therapist to exercise his or her independent judgment in the practice of the profession;

(II) The physical therapist's independent judgment in the practice of the profession is in fact unaffected by the relationship;

(III) The policies of the entity employing the physical therapist contain a procedure by which complaints by a physical therapist alleging a violation of this subsection (5)(b) may be heard and resolved;

(IV) The physical therapist is not required to exclusively refer any patient to a particular provider or supplier; except that nothing in this subsection (5)(b)(IV) shall invalidate the policy provisions of a contract between a physical therapist and his or her intermediary or the managed care provisions of a health coverage plan; and

(V) The physical therapist is not required to take any other action he or she determines not to be in the patient's best interest.

(c) The provisions of subsection (5)(b) of this section shall apply to professional service corporations, limited liability companies, and registered limited liability partnerships formed for the practice of physical therapy in accordance with this section regardless of the date of formation of the entity.

(d) A physical therapist employed by an entity described in subsection (5)(b) of this section shall be an employee of the entity for purposes of liability for all acts, errors, and omissions of the employee.

(6) As used in this section, unless the context otherwise requires:

(a) "Articles of incorporation" includes operating agreements of limited liability companies and partnership agreements of registered limited liability partnerships.

(b) "Corporation" includes a limited liability company organized under the "Colorado Limited Liability Company Act", article 80 of title 7, and a limited liability partnership registered under section 7-60-144 or 7-64-1002.

(c) "Director" and "officer" of a corporation includes a member and a manager of a limited liability company and a partner in a registered limited liability partnership.

(b) In the case of a deliberate and willful violation of this part 2 or if the public health, safety, and welfare require emergency action, the board may take disciplinary action on an emergency basis under sections 24-4-104 and 24-4-105.

(2) The board may send a letter of admonition to a certified physical therapist assistant under the circumstances specified in and in accordance with section 12-20-404 (4).

(3) In a disciplinary order that allows a certified physical therapist assistant to continue to practice, the board may impose upon the certified physical therapist assistant conditions that the board deems appropriate to ensure that the certified physical therapist assistant is physically, mentally, and professionally qualified to practice in accordance with generally accepted professional standards. The conditions may include the following:

12-285-213. Disciplinary proceedings - investigations - judicial review. (1) The board may commence a proceeding for the discipline of a physical therapist assistant in accordance with section 12-20-403 when the board has reasonable grounds to believe that a physical therapist assistant has committed an act enumerated in section 12-285-211.

(2) In a proceeding held under this section, the board may accept as prima facie evidence of grounds for disciplinary action any disciplinary action taken against a physical therapist assistant from another jurisdiction if the violation that prompted the disciplinary action in that jurisdiction would be grounds for disciplinary action under this part 2.

(3) (a) The board may investigate potential grounds for disciplinary action upon its own motion or when the board is informed of dismissal of a person certified under this part 2 if the dismissal was for a matter constituting a violation of this part 2.

(b) A person who supervises a physical therapist assistant shall report to the board when the physical therapist assistant has been dismissed because of incompetence or failure to comply with this part 2. A certified physical therapist assistant who is aware that another person is violating this part 2 shall report the violation to the board.

If the certified physical therapist assistant refuses to undergo the mental or physical examination, unless due to circumstances beyond the certified physical therapist assistant's control, the board may suspend the certified physical therapist assistant's certification until the results of the examination are known and the board has made a determination of the certified physical therapist assistant's fitness to practice. The board shall proceed with an order for examination and determination in a timely manner.

(2) An order issued to a certified physical therapist assistant under subsection (1) of this section to undergo a mental or physical examination must contain the basis of the board's reasonable cause to believe that the certified physical therapist assistant is unable to practice with reasonable skill and safety. For the purposes of a disciplinary proceeding authorized by this part 2, the certified physical therapist assistant is deemed to have waived all objections to the admissibility of the examining health care provider's testimony or examination reports on the ground that they are privileged communications.

The board may consider the testimony or examination reports in conjunction with, but not in lieu of, testimony and examination reports of the health care provider designated by the board.

(4) A person shall not use the results of any mental or physical examination ordered by the board as evidence in any proceeding other than one before the board. The examination results are not public records and are not available to the public.

(III) The insurance shall be in an amount for each claim of at least fifty thousand dollars multiplied by the number of persons licensed to practice podiatry employed by the corporation. The policy may provide for an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars also multiplied by the number of persons licensed to practice podiatry employed by the corporation, but no firm shall be required to carry insurance in excess of three hundred thousand dollars for each claim with an aggregate top limit of liability for all claims during the year of nine hundred thousand dollars.

(IV) The policy may provide that it does not apply to: Any dishonest, fraudulent, criminal, or malicious act or omission of the insured corporation or any stockholder or employee thereof; the conduct of any business enterprise, as distinguished from the practice of podiatry, in which the insured corporation under this section is not permitted to engage but that nevertheless may be owned by the insured corporation or in which the insured corporation may be a partner or that may be controlled, operated, or managed by the insured corporation in its own or in a fiduciary capacity, including the ownership, maintenance, or use of any property in connection therewith; when not resulting from breach of professional duty, bodily injury to, or sickness, disease, or death of any person, or to injury to or destruction of any tangible property, including the loss of use thereof; and the policy may contain reasonable provisions with respect to policy periods, territory, claims, conditions, and other usual matters.

(2) (a) The corporation shall do nothing that, if done by a person licensed to practice podiatry in the state of Colorado employed by it, would violate the standards of professional conduct as provided for in section 12-290-108 (3). Any violation by the corporation of this section shall be grounds for the board to terminate or suspend its right to practice podiatry.

(b) The provisions of subsection (5)(b) of this section shall apply to the employment of a podiatrist by a professional service corporation, limited liability company, or registered limited liability partnership formed for the practice of podiatry in accordance with this section regardless of the date of formation of the entity.

(3) Nothing in this section shall be deemed to diminish or change the obligation of each person licensed to practice podiatry employed by the corporation to conduct his or her practice in accordance with the standards of professional conduct provided for in section 12-290-108 (3). Any person licensed by the board to practice podiatry who by act or omission causes the corporation to act or fail to act in a way that violates the standards of professional conduct,

including any provision of this section, shall be deemed personally responsible for the act or omission and shall be subject to discipline for the act or omission.

(4) A professional service corporation may adopt a pension, cash profit sharing, deferred profit sharing, health and accident, insurance, or welfare plan for all or part of its employees including lay employees if the plan does not require or result in the sharing of specific or identifiable fees with lay employees, and if any payments made to lay employees, or into any such plan in behalf of lay employees, are based upon their compensation or length of service, or both, rather than the amount of fees or income received.

(5) (a) Except as provided in this section, corporations shall not practice podiatry.

(b) Employment of a podiatrist by a certified or licensed hospital, licensed skilled nursing facility, certified home health agency, licensed hospice, certified comprehensive outpatient rehabilitation facility, certified rehabilitation agency, authorized health maintenance organization, accredited educational entity, or other entity wholly owned and operated by any governmental unit or agency shall not be considered the corporate practice of podiatry if:

(I) The relationship created by the employment does not affect the ability of the podiatrist to exercise his or her independent judgment in the practice of the profession;

(II) The podiatrist's independent judgment in the practice of the profession is in fact unaffected by the relationship;

(III) The policies of the entity employing the podiatrist contain a procedure by which complaints by a podiatrist alleging a violation of this subsection (5)(b) may be heard and resolved;

(IV) The podiatrist is not required to exclusively refer any patient to a particular provider or supplier; except that nothing in this subsection (5)(b)(IV) shall invalidate the policy provisions of a contract between a podiatrist and his or her intermediary or the managed care provisions of a health coverage plan; and

(V) The podiatrist is not required to take any other action he or she determines not to be in the patient's best interest.

(c) A podiatrist employed by an entity described in subsection (5)(b) of this section shall be an employee of the entity for purposes of liability for all acts, errors, and omissions of the employee.

12-290-119. Renewal of license - continuing education - professional development program - rules - renewal questionnaire. (1) (a) The board shall set reasonable continuing education requirements for the renewal of a license, but in no event shall the board require more than fourteen hours' credit of continuing education per year. A podiatrist desiring to renew his or her license to practice podiatry shall submit to the board the information the board believes necessary to show that the podiatrist has fulfilled the board's continuing education requirements and a fee to be determined and collected pursuant to section 12-20-105.

(b) The board shall promulgate rules and implement an ongoing professional development program that shall be developed in conjunction with statewide professional associations that represent podiatrists. The professional development program may include the continuing education requirements in subsection (1)(a) of this section.

(2) The board shall establish a questionnaire to accompany the renewal form. The board shall design the questionnaire to determine if the licensee has acted in violation of, or has been disciplined for actions that might be construed as violations of, this article 290 or that may make the licensee unfit to practice podiatry with reasonable care and safety. The board shall include on the questionnaire a question regarding whether the licensee has complied with section 12-30-111. The failure of an applicant to answer the questionnaire accurately constitutes unprofessional conduct pursuant to section 12-290-108.

(3) No license to practice podiatry that has been delinquent for more than two years shall be renewed unless the applicant demonstrates to the board the applicant's continued professional competence.

(4) Licenses issued pursuant to this article 290 are subject to the renewal, expiration, reinstatement, and delinquency fee provisions specified in section 12-20-202 (1) and (2). A person whose license has expired shall be subject to the penalties provided in this article 290 or in section 12-20-202 (1). The board shall establish the criteria for reinstatement of a license.

PART 2

SAFETY TRAINING FOR UNLICENSED X-RAY TECHNICIANS

12-290-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any podiatric physician or podiatrist to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that podiatric physicians or podiatrists utilizing unlicensed persons in their practices provide those persons with a minimum level of education and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the board pursuant to this part 2.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules authorized by this part 2, the board will make every effort, consistent with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-290-202. Board authorized to issue rules. (1) (a) The board shall adopt rules prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering the radiation to patients for diagnostic podiatric use. Neither a podiatric physician nor a podiatrist shall allow any unlicensed person to operate a machine source of ionizing radiation or to administer radiation to any patient unless the person has met the standards then in effect under rules adopted pursuant to this section. The board may adopt rules allowing a grace period in which newly hired operators of machine sources of ionizing radiation shall receive the training required pursuant to this section.

(b) For purposes of this part 2, "unlicensed person" means any person who does not hold a current and active license entitling the person to practice podiatry under the provisions of this article 290.

(2) The board shall seek the assistance of licensed podiatrists in developing and formulating the rules promulgated pursuant to this section.

(3) The required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering radiation to patients shall apply to all persons in podiatric settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103. The training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience including on-the-job training as determined by the board.

12-310-108. Mental and physical examination. (1) If the director has reasonable cause to believe that a registrant is unable to perform the duties of a surgical assistant or surgical technologist, as appropriate, with reasonable skill and safety, the director may order the registrant to undergo a mental or physical examination administered by a physician or other licensed health care professional designated by the director. (4) The results of a mental or physical examination ordered by the director shall not be used as evidence in any proceeding other than one before the director and shall not be deemed a public record or made available to the public.
